The Makers of the Great New Scale Williams Piano

Are striving for quality, and that is what makes their instruments so much in demand. To show they are sincere we quote their great challenge, which has never been accepted:

"Since the conception of the great "NEW SCALE WILLIAMS" PIANOS, some seven years ago, it has been our aim to produce all that was possible in a high grade piano, and to show the public that we are sincere in this statement we will give $1,000 in gold to any Charitable Institution in Canada if any Canadian Manufacturer produces a better piano."

Point Tupper Notes.

Latest News from the Railway Centre.

The govt. steamer Stanley arrived at the Strait on Saturday morning on orders from Ottawa to endeavor to cut out the coal steamers of the Inverness & Richmond Railway Company, which were frozen in at the coal pier at Port Hastings. After several attempts all ice was cleared away and the steamers released. Ice to the thickness of fifteen feet was encountered. some small neglect as the passing by unnoticed of some little defect in the rolling stock; but let them give the men a place to work and material and tools to work with and then men in the employ can be held responsible for neglect of duty, or at least what is considered as such by the management. It is all right to practice economy and cut down expenses where necessary, but do not let the people's property suffer thereby.

We understand that the taking over of the Cape Breton Railway by the government is at present at a standstill, as the price asked by the company for the lease or purchase of the road was out of all proportion to the report made by the government engineers who were sent over the road to report on its present value. Negotiations however, will be continued and a settlement will eventually be reached which, we trust, will be of benefit to our county.

Mr. Kyte's S...

OTTAWA, Feb. 2... well reasoned and ... speech in the Commo... afternoon, in resuming t... bate on the reciprocity a... ment, Mr. George W. Kyte, Richmond, N. S., summed up the arguments from the Maritime Provinces standpoint in favor of the government's proposals, pointed out that the opposition arguments so far advanced against the agreement were not based on the actual conditions of the trade arrangement agreed upon, and were opposed both to the record of the Conservative party in the past, and to the industrial and commercial needs of the Dominion.

Both in manner of delivery and cogency of argument, Mr. Kyte's contribution to the debate ranks among the best yet delivered, and won an attentive hearing from the House.

"The RECORD is a local paper eminently fair to friend and foe. It is deserving of our best support and to be consistent in this matter I am enclosing my subscription with my very best wishes." The above comes from Loch Lomond and is much appreciated.

Concrete Stairs Need No Repairs

Easy to Build and Last Forever

NO matter how you view it wooden stairways can never be considered economical.

Wood deteriorates rapidly under ordinary usage, and requires frequent, and often extensive, repairs to keep it in good condition.

Concrete stairs will be as good fifty years later as the day they are first put up. Age, which proves so destructive to wood, serves only to intensify the strength and hardness of concrete. Needing no repairs or painting, concrete first cost is last cost.

Let us send you our new illustrated book free—"What the Farmer Can Do With Concrete." Photographs and diagrams show many examples of concrete work as applied to the construction of farm utilities. Much of this work you'll find you can do in your spare time. Write for the book today. It may save you dollars, though it only costs a cent.

MINARD'S FAMILY PILLS

FOR THE CURE OF BILIOUSNESS, SICK HEADACHE, COLIC, JAUNDICE, CONSTIPATION, NERVOUS DEBILITY, DYSPEPSIA, AND ALL DISORDERS OF THE STOMACH, LIVER AND KIDNEYS.

MADE BY MINARD'S LINIMENT CO.

We join with the editor of the New Glasgow Enterprise in extending our heartiest congratulations to Mr. James A. Fraser, the versatile editor of the Eastern Chronicle, on his good fortune in falling heir to a snug little fortune of some $28,000. Long may the gifted editor and his family enjoy their inheritance.

The minutes of Council would have been circulated last week if the Percy Cann had effected a landing; but she has not been able to wriggle out of the ice with which she has been surrounded at Petit de Grat for the past three weeks. Councillor Williams, of Point Tupper, upon a telegraphic request from us, obligingly had the I. C. R. agent at Mulgrave to forward the paper over the Cape Breton Railway to Grand Anse, where the genial Murdock had it conveyed to us by stage. We extend our thanks to both gentleman for their kindness.

Many of our subscribers will find enclosed the supplement containing the minutes in this issue.

TAKE NOTICE that application on behalf of the Margaree Coal and Railway Company, Limited, a body corporate and the corporators thereof will be made at the next ensuing session of the Local Legislature (opening February, 1911) for an Act of such Legislature amending Section 2 of Chapter 159 of the Acts of 1909 by striking out the word seven in said section and inserting therefor the word "ten."

Dated this 7th day of February, 1911.

Drifting about at the mercy of the gales for several days will be the story the crew of the fishing schr. Cavalier, Capt. Porper, will have to tell when she arrives in port, for by a wireless message sent in last week a few days ago it was learned that the Cavalier was picked up in a helpless condition at sea, after being dismasted in a gale on February 1st, besides sustaining other serious damage. On Jan. 25 Capt. Porper reported that while attending their traps Thos. Babin, of West Arichat, and John Porper, of Chapeau, were drowned by the overturning of their dory. Babin leaves a wife and several children.
