Tales, Tidings And Tidbits from Montreal

SHRINKING HORIZONS

We learned of Mrs. Kemp's passing with some sorrow. She has gone. She has joined a host of past personalities who in bygone days during our childhood, adolescense and maturity made up our little village of St. Peter's as we knew it and loved it.

I am saddened because I can remember running errands to her white house set back in the field above the main street and seeing her in her prime.

I am sadedned for I can remember dropping home of an afternoon and halting with the porch and listening to the busy chatter and laughter of women in the kitchen. And the soft crunch of the hook as it pierced the matting held tight in the frames. And smelling the sweets and the brewing tea. And the multi-colored rags torn into reams of ribbons would infest the floor and the hands would be deft and quick and the pattern taking on the burlap. And I'd have a date bar and a cake or two and the women would talk and most every one in our village would be praised or adjudged or appreciated and reviewed and all to no great harm.

I am saddened because I recall Summer seasons when the berries would be lush on the vines and the stalks, and we were young and our world seemed not complicated at all. And I'd be collared by Mrs. Dannie and Mother and Mrs. Kemp and her daughter Mrs W. D. and we'd bundle into a model T and wheel off Salmon River way; and I must pick the dew sprinkled fruit with them and shoo away the brightly colored snakes. And the women would laugh and be happy and busy with competition and filling buckets. And later the berries would be hulled and cleaned and preserved in steam hot bottles and put away for the long winter.

I am saddened because I am reminded of others she has joined. When I remember our village and our people. Their loves, their likes and dislikes; their virtues and the faults; and the little things that made them distinctive and the names we would tag on them and the fun they were at times—and the bother too.

When I remember R. D. MacKenzie behind his counter and round polished ship's clock ticking on the wall benind him and the diminishing cigar filling the tidy store with a teasing aroma; when I remember Minnie and Charlie on the Hill and their cows and the chickens and the gardens with flowers and fruits and Boos their long haired collie— and the organ in our little church and Conductor MacEwen and the deep bass singing. And Dave MacCuish and Hughie Morrison and the Armistice of 1918 and the two standing in the door of the baggage car home from the wars with kilts and happy youth in their faces; and William Wright in the bank of a night and the tricks; and George Kyte forceful on the hustings and Doctor Jack disagreeing entirely; and Father MacDonald, massive, and the pipe in his mouth and the jolly talk and the gaelic; and my sister Catherine and Mamie Currie and Lindsey; and Anthony MacKenzie and the white ferry boat and the travellers and their trunks; and A. A. Morrison and the humming and the quiet life; and D. Y. Stewart and the fish plants and the "Bunny" that burnt and the smoke houses and the Christies; and Jack Hill and the meat and the fishing and the horse racing and the prayers in Church meeting; and Dave and Dan Stewart and tall ships and trawlers; and Angus MacDonald and fancy sleighs and hay rides.

Ah yes and many, many more.

I am pensive for horizons shrink.

No she is not alone.

Sleep well. old friends—sleep well, our footsteps follow sure.

Meet Your Weatherman

Halifax, Nov. 25 — With the approach of the first of the winter months and the coming of total darkness to the north polar regions, weatherman Rube Hornstein will turn his eyes toward the Canadian arctic and, on November 30th, he'll begin a new series of four talks on that region in his "Meet Your Weatherman" broadcasts heard each Sunday at two-fifteen on Maritime stations of the CBC's Trans-Canada Network

The first of the talks will describe a polar storm, tell about various national weather chains in the Arctic zone, and furnish statistics to dispel some mistaken ideas about the climate of the Arctic. The second and third broadcasts will review the story of the way in which the Canadian arctic weather station net work has developed, and the importance of arctic weather information in wartime. The final talk on December 21st will provide evidence that the arctic region is becoming warmer as background to a discussion of the questions, "What does the future hold?" "Is the earth growing warmer?" "Will our winters ever become Florida-like?"

Nor shall our timorous tapping at Eternity's tile distrub your silent slumbers

Bon Jour,

MacTAVISH.

Mrs. James Fraser praises Fleischmann's Yeast for prize-winning results in bread.

Prize Bread Baker at Antigonish County Fair

As a busy young farmer's wife, Mrs. James Fraser has lots to do besides cooking. But she knows how to turn out batches of prize-winning baking! "When people ask me how I get such fine results in my baking, I tell them you have to use the finest ingredients," says Mrs. Fraser, who lives at Brierly Brook, N.S. "For instance, yeast. Unless you have a good lively yeast your bread just won't be up to the mark. That's why I'm sold on Fleischmann's Yeast. It has *always* given me splendid results."

Young and old prize-winners agree! You can't beat the dependable fast rising action of Fleischmann's Yeast. It's been proved by Maritime housewives for over 80 years!

Annual Meeting Richmond County Farmers' Assn.

On Nov. 18th there convened at Louisdale the annual meeting of the Richmond County Farmers' Association. Father C. P. Gerroir President, presided.

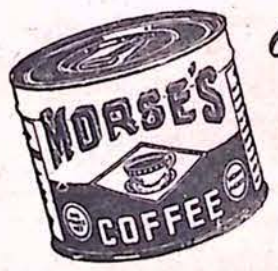

Due to bad weather, the meeting was not largely attended but a lively discussion was held. The meeting convened in the afternoon and evening. A banquet was served by the Louisdale Ladies Auxiliary at 6.00 p.m.

Business took up the afternoon session with the appointment of a slate of officers ending that period. Among the officers named were Douglas Kemp, Grand River President, R. W. Buchanan, Gr. Anse, Vice-President and G. S. MacRae, Grand Anse, Secretary.

The evening session saw the presentation of the report by the Resolutions Committee and a panel discussion, members of the Home and School Executive and the Executive of the Farmers Assn.

Among the resolutions the following was presented.

Whereas the teachers of this County are paid less than the teachers of the other three counties of Cape Breton Island, and whereas the future of this County rests on our youth receiving an adequate education which can only be imparted by teachers satisfied in their position, be it resolved that the members of the Richmond County Association in annual session convened, request the Municipal Council of Richmond to vote an increase in salary to the teachers comparable to that given in the other three counties of Cape Breton. Such increase to be effective, January 1st.

Wilfred Martell Dies From Injuries

Wilfred (Mike) Martell a popular and respected young man of D'Escousse, passed away at the Isle Madame Hospital here on Tuesday morning from the result of an automobile accident which took place at Cleveland several days ago.

Although his condition was considered serious, he was showing signs of improvement and on the evening before his death was quite cheerful. However on Tuesday morning he took a turn for the worst and passed away at six o'clock.

Mike, as he was familiarly known by his many friends, resided with his mother at D'Escousse, and was engaged as a barber and painter, and was also road foreman for that district.

His widowed mother has the heartfelt sympathy of the community of D'Escousse and also of the many friends who knew her beloved son.

Surviving besides his mother are two brothers, Edward of New Brunswick and Hubert in the U.S.A.

Mike, who was in his 45th year was held in high regard by his neighbours and all the residents of the North Side where he spent his lifetime. His passing will be felt for many years to come.

We extend our personal message of sympaty to the bereaved mother and brothers.

An Old Friend Heard From

Richmond County Record,
Arichat, N. S.

Dear Editor:

It seems like old times to be writing to you again, as indeed it has been a long time since I have had the pleasure of seeing you. Not getting out as much as I used to, I have not been able to enjoy a visit to Arichat for some years now, and therefore, have not been able to look up some old friends whom I have always held very close. I hope this letter finds you and your family in the best of health and enjoying good progress with your paper. It goes without saying that of all the periodicals and papers I receive, I look forward to receiving your paper than any other that I read, as I have continued to follow, with great interest, the news as printed by you covering the various sections that you report in your county.

I would like to take this opportunity to thank you for your many past favors which you so wholeheartedly did for me in the past, and I would also like to use this letter to greet yourself and my good friends in your area. I will certainly drop in to see you the first chance I get to visit Arichat.

Kindest Regards,
Don
(W. D. Lynch),
General Manager.

(Don Lynch, who is the general manager of Lynch's Bakery, is well and favorably known in Arichat and throughout the County of Richmond, where he introduced the famous Lynch's Pan-Dandy Bread.

We are looking forward to a visit from Donnie and in the meantime, we thank him for his kind words of encouragement and wish him and the firm of W. T. Lynch and Sons, Ltd., Master Bakers and Canners, of Sydney, continued success and prosperity.—Ed.)

INCREASE IN VISITORS TO NATIONAL PARKS

Increases in the number of visitors at all five national parks and historic sites in Nova Scotia during the 1952 tourist season were reported today by the National Parks Service.

Over 120,000 people were attracted to these places of interest from April 1 to September 30, compared to 77,424 the previous year, an increase of 43,190.

Most visited was Halifax's historic Citadel, newest addition to the national historic parks, where 34,839 viewed the marine museum and old Fort George. Over 34,500, an increase of 3,154 visitors, entered Cape Breton Highlands National Park, one of the top tourist attractions of Nova Scotia.

At Annapolis Royal 19,522 visitors were recorded at Fort Anne and its museum, housed in the old British officers' quarters built by the Duke of Kent, father of Queen Victoria. The Habitation, at neighbouring Port Royal, oldest permanent white settlement in North America north of the Gulf of Mexico, attracted 14,373 persons, an increase of 1,995.

MODEL OF FAMOUS SHIP COMES TO NOVA SCOTIA

Halifax — A model of the Canadian National Steamships' "Lady Rodney" measuring 10 feet long and weighing nearly one ton recently was given a place of honor among other famous ships' models on display in the Maritime Museum atop this city's famed Citadel Hill.

Long an attraction for visitors at the CNSS headquarters at Montreal, the huge replica of one of Canada's best known ships has been loaned to the museum indefinitely. It was built at the Campbell Laird Shipyards, Birkenhead, England, where the original five-vessel fleet of Lady Liners was turned out for the Canadian West Indies trade run.

By far the largest model on display, the replica of the Lady Rodney now may be seen alongside models of the Bluenose, H.M.C.S. St. Laurent, H.M.S. Repulse, H.M.S. Diomede, Lord Nelson's "Victory" and others.

We had the pleasure of a call from our good friend, Sam Adams of Sydney, representing C. P. Moore Co. Ltd., during the past week. Accompanying Mr. Adams was Delmer Murray of the Barrett Company, manufacturers of Roofing and Building Materials. Mr. Murray resides in North Sydney.

We were happy to meet Del who together with Sam spent a very pleasant evening with us relating Cape Breton yarns, which would fit in nicely with Norman MacLeod's Old Spinning Wheel.

Mr. Murray was born in Quebec and can speak French quite fluently and if it wasn't for the Irish name he is carrying, one could take him for "Baptiste" and we feel sure "MacTavish" could use him in his "Tales Tidings and Tidbits."

Sporting Mountain Echoes

• • •

As is their wont, the Sporting Mountain teachers, Miss McPherson and Miss Murphy spent the week-end at their respective homes in Sydney and Barra Head.

A Provincial Normal College graduate with all the other requisites of a full fledged first class teacher, Miss McPherson receives week-end instruction at Junior Francis Xavier College and other educational institutions in the Steel City which, supplemented by attendance at summer schools, will eventually qualify her for a college degree.

Mr. and Mrs. R. A. McFie and sons Norman and Johnnie were weekend motor visitors from Glace Bay, guests of Mrs. McFie's parents, Mr. and Mrs. John N. Morrison.

Foreman James Fougere and Alfred Boudreau of the Mindamar Mine were Saturday visitors at the Boudreau home.

Damos Furgeron, veteran horse dealer, was on Sporting Mountain Monday and made a trade with D. J. Ferguson.

Stewart McLean and his sister, Margaret, motored over from Thibeauville the other evening to see Mrs. Samuel Boudreau who has been ill of late, but much improved at time of writing.

Mrs. Boudreau was ever readily responsive under similar circumstances and pity 'tis there are so few left now to pay her back in her own coin.

Arthur Fougere was a visitor from Stirling the other day and is making a good recovery from his recent accident.

We had a little annual school meeting Monday (Elliott McLeod in the chair) to connect June with November, but we do not pretend to be as adept as Maurice Fougere in making a splice.

Clifford Bouchard of the RCAF has returned to central Canada after enjoying a furlough at home.

Leonel LeBlanc and George Grant have been busy during the week replacing broken sluices on the Sporting Mountain highways.

Mrs. Elliott McLeod is in receipt of a letter from Principal E. J. Dick of the Nova Scotia Home for Boys at Shelburne, whither her son was recently sent.

We'd infer from its contents that George is better off there than in Seaview.

With characteristic courtesy Ceretha McLennan had Ella Greencorn join her own bright and likeable trio (Sandra, Diane and Leona) for a motor outing over the mail route, Thursday evening.

We were right glad to see Ella whose kindly nature and winning personality make her a general favorite in the community life.

A daughter of Mr. and Mrs. Wm Greencorn (one of our old pupils) of Guys. Co., she resides with her grandmother, Mrs. Christena Ross and is one of Miss Murphy's exemplary pupils.

Support Argument With Diagram

The charts shown above were used as exhibits by the Canadian Pacific Railway at recent hearings before the Board of Transport Commissioners at Ottawa to refute arguments that the burden of freight rates is borne largely by the western provinces. The first chart for gross ton miles shows that the railway's service in western Canada is substantially greater than that in eastern Canada. The second shows that average revenue per ton mile is much greater in eastern Canada and that the difference has been increasing since 1946. The third chart shows that the net earnings of the company, before income tax, once higher in western Canada than in eastern Canada, have been lower since mid 1948 despite the fact that two-thirds of the CPR mileage is in the west.

RYAN — BOUDREAU

On October 27th, Assumption Church, Arichat, was the scene of a lovely wedding when Mary Alice daughter of Mr. and Mrs. Bennie Boudreau, Cape Auguet was united in marriage to Joseph Francis, son of Mr. and Mrs. Jack Ryan, Port Hawkesbury.

The bride looked charming in a floor-length gown of white taffeta covered with lace and a lace jacket. She carried a bouquet of American Beauty roses.

Arthur Boudreau brother of the bride, supported the groom.

Following the ceremony they motored to the bride's parents where a reception was held for a number of invited guests.
