"Pledged but to Truth, to Liberty and Law: No Favor Wins Us and No Fear Shall Awe"

FIFTY-SIXTH YEAR | ARICHAT, CAPE BRETON, N. S., MARCH 28, 1953 | No. 29

Last Week In The Legislature . . . .

After 47 days intensive deliberation, the results of which have been enbalmed in 100 additions or amendments to the existing laws of Nova Scotia, the fourth and possibly final session of the Forty-Fourth General Assembly of the province came to a close at noon, Saturday, in an atmosphere of jovial good fellowship.

Lieut. Governor the Hon. Alistair Fraser gave royal assent to the new legislation. A. J. Mason MLA led the members in a hearty sing-song, a photographer took documentary pictures for the record.

Then the mace was packed away in its strong box and legislators departed for their several constituencies, still mulling the imminence or otherwise of a provincial election.

The present session was four days shorter than that of 1952 when the House sat 51 days.

Some highlights of 1953 proceedings included the voting of an ordinary budget of $60,000,000 plus projected capital expenditures of $13,000,000 more.

Included is $5,000,000 for highways, $1,500,000 for highways bridges, $700,000 for Trans-Canada highway.

North Cape Breton was titillated by announcement that its long battle to have the national route run through Baddeck to North Sydney has been successful, thus giving the visitor an alternate round trip route over the existing South Cape Breton paved road through St. Peter's.

Dr. C. M. Nicholson, president of Pine Hill college, was named chairman of a board to conciliate a dispute between Dosco and its 12,000 coal miners.

Judge J. G. A. Robertson of Bridgewater was appointed commissioner to investigate the affairs of National Thrift Corporation and six related companies.

The House also:

Voted $1,005,760 for loans to fishermen, land settlement, coal storage, school sections and Housing Act funds, and authorized a professional committee and a checkoff of dues for the Teachers' Union.

Other bills increased benefits under the Workmen's Compensation Act and Mothers Allowances Act, increased school loan funds to $1,750,000 and made the grant for each deaf pupil $450 instead of $350 annually.

Housing Act was amended to permit Federal assistance under the National Housing Act; and coperatives were authorized to join the Credit Union League of Nova Scotia if they so desire.

On the utilities front, Maritime Telegraph and Telephone Company was authorized to increase its capital from $15,000,000 to $25,000,000.

Vegetable oils were banned except for making margarine and ice cream products, tree cutting regulations were relaxed as to fuel and Christmas trees, and it was ordered that persons convicted of driving with faculties impaired by liquor or drugs shall lose their driving licenses for one year.

Rejected were bills which would have permitted organization of chiropractors on a professional basis, allowed unlimited appeals to the courts from decisions of the Public Utilities Commission, required railways to pay employees weekly, granted driving licenses to deaf mutes, permitted municipal councillors to participate in contracts with their own municipalities, made all teachers automatically members of the Nova Scotia Teachers Union, and given the Minister of Highways final say in land expropriation matters.

The House also turned down the city of Halifax's request for a three year mayoralty term, but did authorize change of the annual election date to the fourth Wednesday in October, commencing with the year 1957.

"I always use Fleischmann's Yeast," says Mrs. Murray Sanford of Middleton, N.S.

Gets First Prize for Bread at Annapolis Fair

Step up and sample the baking of **Mrs. Murray Sanford,** Middleton, N.S. You'll realize you've come upon a real virtuoso in the art! In fact, Mrs. Sanford's baking career started in a bakeshop when she was 13. Right now she bakes and sells 6 dozen doughnuts a day, often makes 15 pies at a time. And *bread!* At the Annapolis County Fair last year her white bread took top prize. "I have been using Fleischmann's Yeast for seventeen years," says Mrs. Sanford. "Yes, I *always* use Fleischmann's—I couldn't bake bread without it."

Another expert testimony! If they're champion bakers, they seem to depend on good old, time-tried Fleischmann's Yeast!

L'Ardoise Home And School

The March meeting of the LArdoise Home and School was held in the school with a good attendance, president Mrs. E. A. Martell, presiding.

The main feature of the program was observance of Education Week. Mrs. M. J. MacNeil gave a reading on Education. Mr. Onesime Martell, Mr. Arthur U. Sampson, Mr. Urbaine LeBlanc and Mrs. Henry Burke gave short talks chiefly on the Education of the child, which were very appropriate and interesting.

The treasurer, Mr. Quentin Sampson giving the financial report stated that ten dollars had been donated to the Edgar Fortune Memorial Fund and the president commented on the success of the pantry sale held recently.

A new member was added to the membership.

After some discussion the members decided to buy linoleum for the first floor of the school, the remaining floor to be covered early in the fall.

It was also decided to accept the invitation extended by the St. Peters Home and School to attend their next meeting and send as many delegates as possible.

At the conclusion of the meeting, tea was served in the Domestic Science room by Mrs. Quentin Sampson and her committee.

Grand River Home and School

The regular monthly meeting of the Grand River Home and School Association was held in the school house on March 18. A large number of parents were present and a number of children were there by invitation.

Mrs. P. J. White, President of the Richmond County Council of Home and School Association and Inspector R. J. Chiasson were present. Mrs White traced the growth and development of the Home and School Movement in Nova Scotia and in the County and spoke also on the aims and objectives of the Movement.

Since this is the month in which Education Week is observed, Home and School Associations at their regular meeting emphasize the importance of Education. Inspector Chiasson in his remarks spoke on the purpose of Education Week and pointed out that a distinction should be made between instruction and education. Instruction, he pointed out, referred to the imparting of knowledge and its assimilation by the pupils, whereas education was a much broader term and included the full development of the child into a well rounded personality therefore included the building of character and ideals.

After his remarks he showed the following films: "Who Will Teach Your Child" for the benefit of the parents, and for the children "Alaska", "The Adventures of Bunny Rabbit" and "Boy Meets Dog".

After the films a most delicious lunch was served by the ladies.

It is worthy of mention that Grand River has done considerable improvement to its school this year. Electric lights have been installed and the school has been painted inside. We hope they will continue in the path of progress.

DUNDEE DEW DROPS

The song of the birds in the fields and trees, the departure of ice and snow, and the warm sunny days is ample proof that Spring is here. Yesterday a.m., 23rd, we were greeted by a large red tulip which suddenly burst into bloom on our kitchen windows. The bulb had been planted there about four weeks ago.

We are pleased to have our good neighbour and friend, John Smith, back again to Dundee, feeling much improved after a severe attack of ear-ache.

We must not forget to express our appreciation for the lovely sentimental poetry which appears occasionally in "The Old Home Weekly".

We cherish these lines which are all reminiscent of happy days in Cape Breton.

In a recent letter from USA we learned that Mr. and Mrs. Alex MacLeod of Brookline, Mass., had spent a week-end at Long Island, New York.

It is regrettable that the visit could not have extended to "The Annex" so as to interview our popular scribe, Mr. N. MacLeod.

We enjoy his writing so much.

S.

During his span of life covering over five decades he was endowed and possessed in a marked degree the admirable qualities of modesty, kindliness, friendship combined and mingled with an exceptional charming and winning personality thus inheriting many of the conspicuous traits and characteristics of the noble ancestors both paternally and maternally from whom he descended.

In his periods of illness and suffering he always placed his faith and hope in Divine Power with complete Christian endurance and resignation thus showing an exemplary life followed by a beautiful death.

The funeral service was held in the Hall at West Bay, N. S., on Saturday March 21st at 2 p.m. conducted by Rev. R. Humby, pastor of the West Bay congregation who spoke words of comfort and consolation to the mourners present.

The following hymns were appropriately selected and beautifully rendered: "The Lord's My Shepherd", "Lead Kindly Light", and "Rock of Ages".

Mrs. A. A. MacInnis presiding very efficiently at the organ.

The large concourse of people comng from far and near almost filling the Hall to seating capacity gave ample testimony of the high esteem in which the deceased was held.

Those who survive are as follows, his wife, formerly Miss Vera Arenburg of Lunenburg County, N. S., two daughters, Barbara, Mrs. Hewitt of Montreal, Shirley, Mrs. Burns MacMillan, Louisbourg, N. S., and one brother Chester J., postmaster, West Bay, N. S. also a number of other relatives in West Bay and beyond its limits.

Sporting Mountain Echoes

Date of writing is March 21st. Yesterday was Spring officially, and what with neither snow nor ice a few fine days like this will transfor the whole countryside.

As usual Miss McPherson left for home in Sydney Friday evening.

That it was not a typical Cape Breton winter is evident from the fact that since the beginning of the school term she has never had occasion to miss a week-end in the Steel City.

Enroute to London, Ont. Mr. and Mrs. George Burns were motor visitors to the Goswell homestead, Sunday.

They had been guests during the week of Mr. and Mrs. J. J. McMillian (Elizabeth Grant) of Sydney.

Alfred Boudreau motored to Mulgrave Monday, and traded in his car for a more expensive one.

Friends in Seaview were interested to learn that a bouncing baby boy, Richard Barry, was recently born to Mr. and Mrs. Charlie Stockley (Agnes Cooke) of Ingonish.

Except for the usual epidemic of spring colds the health of the community is fairly good at time of writing.

Mrs. Samuel Boudreau suffered from a severe toothache during the week, but Alfred motored her to Dr. J. C. Trainor's office at The Strait, Friday.

Alice Flynn accompanied Ceretha McLennan over the mail route Thursday.

Weather and roads have both been favorable to our trusty mail courier throughout the winter.

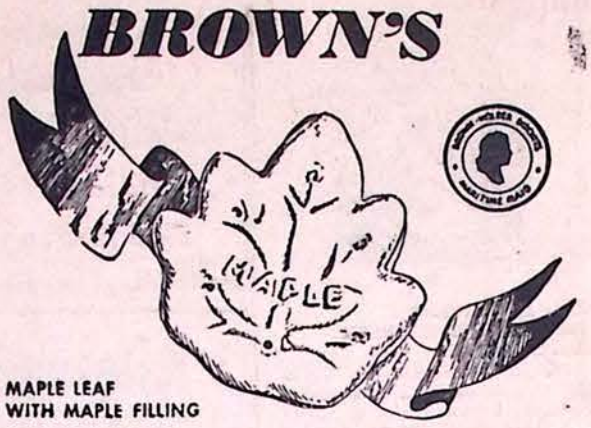

J. N. Morrison and J. H. Ross, were business motor visitors to Grand Anse, Saturday.

We thank you "Santa".

Obviously the art of letter writing was more efficiently taught in your boyhood days than in these days, regardless of all the hullabaloo about modern education.
