Liberals Nominate Allan MacEachern

At one of the largest and most enthusiastic Liberal conventions ever held at Port Hawkesbury Allan J. MacEachern of Dunvegan Inverness County was chosen as the standard-bearer for the Liberals in the forthcoming Federal Election for Inverness - Richmond Cape Breton West. The Convention was under the able chairmanship of Gordon S. Walker, President of the Inverness County Liberal Association.

Delegates from every district of the vast constituency extending from Northern Inverness to Scaterie Island, were in attendance as well as substitute delegates and took a keen interest in the whole proceedings.

The names of Allan MacEachern, Bernie MacLennan and F. A. Thurgood were placed before the Convention.

Warden Anselm Boudreau, of Cheticamp, County of Inverness, moved the name of Mr. MacEachern.

Dennis Aucoin, of St. Joseph, County of Inverness, moved the name of Bernie MacLennan.

Percy Jollymore, of West Arichat, County of Richmond moved the name of F. A. Thurgood.

Before voting was proceeded with all three nominees were given five minutes to address the delegates and as one prominent Liberal mentioned after that any one of these men would make a worthy representative in the House of Commons.

The voting on the first ballot resulted as follows: MacEachern, 103; MacLennan 45; Thurgood 71. This eliminated MacLennan and left MacEachern and Thurgood in the running on the second ballot with MacEachern receiving 143 votes and Thurgood 75.

On being declared elected Mr. MacEachern was ushered to the platform and in a very brilliant address thanked the Convention for having nominated him as their candidate and asked for the loyal support of all the delegates and friends of the Liberal party.

Mr. Thurgood was the next speaker and in his usual graceful manner congratulated Mr. MacEachern on his nomination and called on his supporters to rally to the cause of Liberalism.

Mr. Thurgood's address gained for him the respect of the Convention and in the spirit of a firm believer in Democracy moved the unanimous nomination of Mr. MacEachern.

Bernie MacLennan seconded Mr. Thurgood's motion and in a splendid address thanked his supporters and called on everyone to support Mr MacEachern.

The Convention took place at the State Theater with the large gathering filling every available seat and some of the delegates were obliged to stand throughout the whole proceedings.

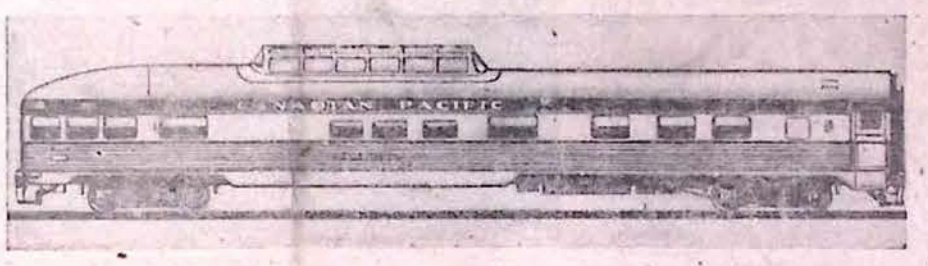

Cars from every section of the vast constituency lined the streets of Port Hawkesbury. It was reported the largest nomination in many years.

Stan Rafuse, President of the Nova Scotia Liberal Association was in attendance and at the close of the convention congratulated the delegates and workers of the Liberal party in Inverness-Richmond-Cape Breton West for the splendid manner in which they carried out the proceedings of the Convention.

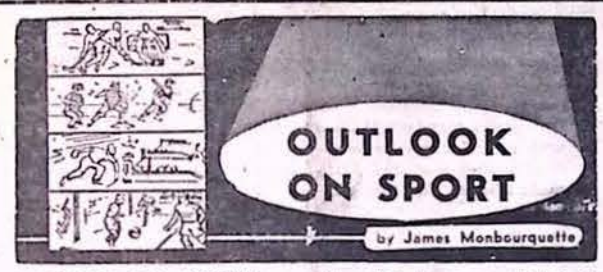

Mr. Rafuse also spoke of matters of personal interest to party workers and assured the gathering that the Liberal party would again be victorious at the polls.

Mr. G. S. Walker at the opening of the Convention informed his friends that he regretted not being able to place his name before the convention because he was unable to find a man to replace him at The Walker Financial Company. In making this statement he was applauded and it could readily be seen that Gordon Walker is held in high regard by his many friends.

STIRLING WIN STREAK SNAPPED

Reekdale, July 1st — Mindamar's winning skein was snapped at five games as L'Ardoise Ramblers staved off a determined late inning rally by the locals to emerge on the long end of a 8-6 score in a regular RCBL fixture played on the beautiful Stirling diamond.

The visitors got off to a quick start. Jerome Martel opened the first inning with a single to centre. Gerard Monbourquette followed up with a home-run blast over the centerfield fence to give the Ramblers a 2-0 lead. after which they were never headed. Russel Samson homered for the L'Ardoisians in the 4th, a high drive over the left centerfield fence with the bases empty. First baseman Paul Doucet of the locals also got into the act, belting one high and wide over the centerfield fence in the 8th with a mate aboard. Ramblers' Roy Monbourquette connected for a big two-run triple in the 6th.

Herman Samson went the distance for the losers. Control trouble plus some rather loose fielding on the part of his mates kept the husky righthander in hot water most of the way. After a shaky start, Samson settled down to pitch creditabe ball.

Ramblers sent rookie righthander Bert Pate to the hill and he came through with a masterful performance. Pate was in complete control all the way encountering serious trouble in only two innings, the first and the ninth. He seemed to tire in the 5th when it appeared that their customary ninth - inning jinx would again catch up with the Ramblers. However, inspired by the steady fielding of his teammates, Pate bore down to salvage the game for the visitors.

Paul Doucet played a strong game for the locals at the initial sack while hustling Russ Samson starred at the keytone for the Ramblers.

Despite the loss Mindamar remains on top in the loop standings, but the battling St. Peter's Royals who are giving the Stirling boys a run for their money is only one-half game behind. By virtue of last night's victory, L'Ardoise moved into third place.

The batteries were:
Pate (2-1) and Martel; Samson (0-1) and Murrin.

THE CONQUEST OF MOUNT EVEREST

The conquest of Mount Everest by Edmund Hillary of New Zealand and the Sherpa porter, Tensing, thrilled the word on the eve of the Queen's Coronation. Ever since May 1 Colonel Hunt's expedition the eighth British party to attempt to scale Everest, had received weather reports from All India Radio and the BBC's General Overseas Service and the radio officer to the expedition said in a recent broadcast that the whole timing of the final assault depended on these reports. The General Overseas Service sent other messages to the expedition, twice telling member of the birth of a child to their wives. Messages of good wishes were also sent from M. Rene Dittert, a member of last year's Swiss expedition which came so close to victory, and Sir Edwin Herbert, the Chairman of the Himalayan Committee in Britain and President of the Alpine Club. After the great news came through congratulations were broadcast by Sir Edwin Herbert and Mrs. Hunt wife of the expedition's leader.

Only a few days before the mountain was climbed the General Overseas Service had broadcast a feature programme about it. Within an hour of the news of its conquest being received another programme on Everest, compiled at great speed by the staff of "Radio Newsreel", was broadcast in the same service. Few people have seen Mount Everest, fewer still set foot on its slopes, and Raymond Greene, who was on the 1933 expedition, reminded listeners of what the climbers had faced in that cruel wilderness of rock, snow and ice, with subzero temperatures, and recalled the lack of oxygen that made every movement an effort and the truly appalling weather. "Decent weather on Everest means only about fifty degrees of frost he said, "winds at only about fifty knots, a snow all of only a few inches a day. The noise of the wind high on Evrest is one of th e things I remember, most accur-

DREW VOICES RESPECT FOR PRIME MINISTER

George Drew, Progressive Conervative leader said recently he hopes the present election campaign will be free from bitterness and fought in "a spirit of friendly disagreement."

His remarks were made in a speech prepared for delivery at the opening of his campaign.

"I trust it is not too much to hope," he said, "That we will be able, during the course of this election to conduct our political discussions in a spirit of friendly disagreement....

"Where I disagree with the prime minister of Canada it is my duty to express that disagreement but may I say with deep sincerity that he is worthy of respect as a man who has sought to serve his country according to his own political opinions.

"I have not agreed and I do not now agree with many of his opinions, but there have been many occasions when I have warmly commended and supported what he has done.

"That is the way I think democracy should work."

Mrs. Fred Flewelling, Stanley, N.B., picks Fleischmann's Yeast for prize-winning baking.

Wins over Twenty Cooking Awards at '52 Stanley Fair

Mrs. Fred Flewelling's prize-winning repertoire at the 1952 Queen's County, N.B. Fair, included bread, rolls, buns, cakes, pies, jellies, pickles, and canned fruits and vegetables! On top of a busy farm schedule the preparation was terrific. But the baking slid in and out of the oven with a skilled routine, and the results were the kind that has made Stanley Fair famous!

"To be a successful cook you have to work with the finest ingredients," says Mrs. Flewelling. "I learned long ago that there's no better yeast than Fleischmann's. It's good and lively and dependable."

There's the secret! Dependable ingredients like Fleischmann's Yeast ensure the results achieved by prize-winning home bakers throughout the Maritimes.

WEST BAY NEWS

An electrical storm passed over this locality on Monday, June 29th but not with such a degree of intensity at least in this portion of Cape Breton as similar storms experienced some years ago.

The influx of cars travelling in both directions through here have been much in evidence during the past few days.

We wish to extend our sincere thanks to the Editor and Publisher of the Home Paper for so promptly complying with our request to make the necessary corrections in unintentional errors which crept into the first obituary written in connection with the passing away of our late lamented friends Donald Duncan MacRae.

A. Sterling MacLean employed with the Department of Highways at Halifax visited friends here recently.

Miss Jean M. Leonard is spending a well-earned vacation at her home here. She has been doing practical work in a portion of Prince Edward Island, known in earlier days as "The Garden of the Gulf".

We were privileged some weeks ago to visit at the hospitable and comfortable home of Mrs. Sarah MacAulay at The Points and we regret exceedingly that the health condition of this estimable and kind lady does not appear to show any improvement at all. However it is the sincere hope of her many friends that she may yet receive some skillful medical treatment to relieve her continual suffering, pain and agony.

On our return trip we were glad to be afforded an opportunity to pay a visit to a well-established and a well-conducted school at The Points. The Teacher or what may be called the Principal in the true sense of the word that is Mr. Pringle possesses rich scholarship experience in imparting practical knowledge both elementary and advance so that any community in which he would be engaged in teaching would be singularly fortunate to have his service.

Futhermore along the St. Geo.'s Channel highway we visited the kindly home of Mr. and Mrs. Malcolm MacInnis. Likewise we received the usual cordial welcome at the Post Office and we were pleased to note that Mrs. Mary MacInnis, although advancing in years (which is common to ourselves) that she is still quite active and retains her faculties to a wonderful degree. Finally we stepped in by the wayside to the well-known home of Mr. and Mrs. Robert Morrison who kindly and thoughtfully conveyed us to attend a funeral service in Black River Church that afternoon.

Miss Katherine MacPhee who taught successfully in a North Sydney School for several terms past is spending her vacation at her home here.

We are glad to report that E. A. MacPhee, Highway Engineer, who has been on the sick list, is improving in health.

Mr. and Mrs. Alexander MacDonald who spent several months in the town of Antigonish are occupying their home here for the summer months. We are indeed pleased to have these worthy citizens in our midst.

Mr. and Mrs. Alexander R. MacDonald formerly of Cleveland but now residing at West Bay Road were visiting friends here a couple of weeks ago.

Dan N. Morrison and his sister Miss Margaret Morrison of Lochside were motor visitors here and at The Marshes two weeks ago.

In this connection it may be stated that those Morrisons are near relatives of your correspondent.

Kenneth D. MacLeod of the Marshes is a patient in the Memorial Hospital at Inverness.

Mr. and Mrs. A. A. MacInnis were recent motor visistor to Halifax.

Sporting Mountain Echoes

Date of writing is June 27th a fine warm day with a forecast of more to follow.

Thus we have summer now both officially and practically.

Several of the citizens in this area are slowly recuperating from a species of flu characteristic of the old "Lagrippe".

In our little domicile by the roadside Sunday evening we were gladdened by a visit from a number of old and steadfast friends.

A motor party from River Tillard comprised Mr. and Mrs. Michael Kyte their son and daughter-in-law Mr. and Mrs. Charlie Kyte and infant daughter Dianne; Mrs. R. Morrison (Hilda McIsaac) and her family quartet Lillian Norma, Colleen and Michael.

Succeeding them Stewart McLean and Jack Madden motored up from Thibeauville to spend a social hour with us.

Eunice McPherson took final leave of Seaview school Tuesday evening.

We were loath to see her go. A little leaven leaveneth the whole lump and Miss McPherson's ever cheerful and pleasing personality significantly modified the monotony of our community life throughout the school term.

Over in Oban Frances Murphy was equally popular.

On Wednesday, Ceretha McLennan courteously motored Miss Murphy and her pupils to the historic beaches at The Brickery.

During the thunder storm Tuesday morning Sporting Mountain was overshadowed for a brief period by a darkness nigh the darkness of night.

Mrs. John Goswell was very pleased Friday for a visit from Mrs. Kaye McPhail of Oban and her attractive daughter Joan.

Like every other reader of the Record we were exceedingly pleased to see the Old Spinning Wheel back.

We trust it is destined to spin with enhanced facility.

Among the top Canadian actors selected to take part in the first Stratford (Ontario) Shakespearean Festival in July are Eric House (left) and Bob Christie (right) pictured above with Alex Guinness who will star in the Stratford productions of Richard III and All's Well That Ends Well. Christie and House are well known for their performances in CBC dramas, in both radio and television.

BBC LONDON LETTER

(Continued From Page 1.)

ately, even after twenty years." Douglas Scott who knows them well, gave high praise to the amazingly strong and nimble Sherpas, who carry great loads over the highest Tibetan passes. "I've never seen any mountain people, unless perhaps the Swiss, with such enthusiasm for mountains" he said.

By the joint effort of Britons and Sherpas Everest has been conquered at last, by the almost unimaginable tenacity of man in adverse conditions and his determination to win against unsurmountable odds. It was a triumph of human endurance allied to "good" weather, good equipment and most of all, good luck.

FISHERMEN!

Protect Your Fishing Vessels!

The Fishermen's Indemnity Fund, set up by the Government of Canada to enable fishermen to secure low cost protection against storms and other perils, will go into effect in the Maritime Provinces on July 6th.

This low cost protection will help you in time of need.

WHO ARE ELIGIBLE?

All commercial fishermen who operate their own fishing vessels.

WHAT VESSELS ARE ELIGIBLE?

All seaworthy fishing vessels valued at between $250 and $7,500.

WHAT COVERAGE YOU GET

Total loss—60 percent of the appraised value.

Serious damage — If the damage exceeds 30 percent of the appraised value of the vessel, you will be paid 85 percent of the amount over 30 percent.

WHAT YOU PAY

The yearly premium is 1 percent of the appraised value of your vessel.

HOW TO SECURE COVERAGE

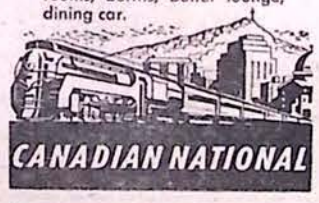

Get in touch with your local Fishery Officer who will explain the plan and help you fill in the application form. Arrangements will then be made for an appraisal of your vessel. You pay the premium and your vessel is then protected.

A handbook with details of the plan can be obtained from your local Fishery Officer, or the Department of Fisheries, Box 550, Halifax, Nova Scotia.

THE PLAN TO PROVIDE COVERAGE FOR LOBSTER TRAPS WILL BE ANNOUNCED IN JULY.
