Stirling Takes Opener Intermediate Playoff

Stirling, August 12 — Playing before a large and enthusiastic number of home fans the Stirling Mohawks were successful in edging out the Antigonish Bulldogs 8-7 in the ninth inning, to take a commanding one game lead in their opening two out of three series.

Leading the victors all the way was leftfielder Joe Chisholm collecting seven put outs in as many tries and tapping out two important singles; the last coming in the ninth to drive in the tying run, he then came out for pinch runner Edgar Hillman who tallied the winner on an expensive Antigonish error.

Although the fielding play of both clubs was very loose on several occasions, the score remained extremely close all the way with the lead shifting from inning to inning.

Winning pitcher was Charlie "Lefty" MacDoald who threw the full nine pitching victory ball all the way, but at times receiving rather shaky support from his mates.

Loosing hurler Dougal MacDougal also deserved a much better fate as fielding errors again proved very costly.

Also starring for the Mohawks were catcher and playing coach Ed Murrin who not only caught errorless ball but hit three for five at the plate and Eric Dolan playing a sound game in centre field and coming through with a couple of important singles.

Leading the visitors were Bernie MacDougall having a very impressive evening at short and crossing the plate with three of his team's seven runs, also Frank MacGibbon veteran Bulldog first-sacker.

The Stirling nine went into the final inning carrying the short end of a 7-5 score, but when the big guns began to explode five successive hits were the result. Leading this hit parade were Paruch and Perrynowski with long doubles each, and it ended with Chisholm's game-clinching single. Chisholm's game clinching single.

The teams now shift to Antigonish diamond for completion of the series on August 16 and 17 if necessary.

Game officials: Home plate: Gillis Brown, Antigonsh; Bases, Pat Fogarty, Sydney.

L'ARDOISE

The dining room was decorated for the occasion. Ronald MacGillivray Killed In Explosion

The tragic death of Ronald MacGillivray was received here with deep regret by the many friends of the deceased who spent several years in this County during the construction of the Grand Anse-Arichat highway when he was superintendent for Colin R. MacDonald.

The following is taken from the Casket, Antigonish:

Burial services were held last Sunday afternoon for Ronald Bernard MacGillivray of Maryvale, victim of a tragic dynamite explosion at Back Bay, N. B., the previous Wednesday afternoon.

In one of the most largely-attended funerals ever held in this part of the country, friends and relatives of the 38-year-old superintendent of the C. R. MacDonald Construction Company Ltd., traveled in the funeral cortege from the MacGillivrya home at Maryvale to St. Margaret's Church at Arisaig, where burial services were held by Rev. P. A. Nearing, P.P., Arisaig, assisted by Rev. Leonard MacLean, Rev. C. F. Ross, and Rev. Dougald MacEachern.

Son of Mr. and Mrs. Ronald Hugh MacGillivray of Maryvale, Ronald MacGillivray was killed instantly when a 100-pound box of dynamite sticks exploded at the federal government wharf at Back Bay, where he was supervising a pier reconstruction contract for his firm.

• • •

No Eyewitnesses

MacGillivray, an expert in the handling of explosives, was lowering the dynamite by rope into position for demolition of a section of wooden pier. There were no eyewitnesses to the tragedy, but it is believed that either the victim lost his grip on the rope or the rope slipped off the box, with the result that the box dropped and then exploded.

Injured in the detonation was Colin R. MacDonald Jr., 18-year-old son of Mayor and Mrs. Colin R. MacDonald of Antigonish. Young MacDonald who was in a dory at the end of the wharf had his ankle badly fractured by a flying timber. He was taken to the Charlotte County Hospital at St. Stephen.

The charge was to have been set off at high tide to demolish old wooden timbers and pilings which had to be removed before work could go ahead on extending the pier. Planking on the area to be demolished was removed and MacGillivray was standing on a wide crossbeam, lowering the dynamite down in placement in the old structure. MacDonald was in the gap between the old piece of wharf and the start of the newly placed pilings for the extension when the premature detonation occurred.

• • •

Inquest Ordered

An inquest has been ordered and will be proceeded with when McDonald is released from hospital.

Besides his parents, MacGillivray is survived by six brothers: Hugh of Antigonish; Vincent, Calgary; Grant, Montreal; Donald Labrador; and Colin and Frank of Maryvale. There are also four sisters: Anne (Mrs. H. M. Crevier) Mary (Mrs. David Garner); Elizabeth, Mrs. J. Hammersagg) and Miss K. MacGillivray R. N., all of Montreal.

Another Birthday

The "Record" is celebrating it's 56th birthday with this issue and we take time out to thank all our loyal friends and patrons for their support down through the years and by their kind words and encouragement have kept the old family journal coming to many of their homes over the half century mark.

With skilled tradesmen at a premium and wages beyond the means of a small weekly, we are obliged to produce the Record with the assistance of our family, a tradition that goes into the production of many other weeklies of the Province.

On August 25th 1897 our late father, Bertram Bourinot, a pioneer publisher, in the weekly field in Cape Breton, published the first issue of the Record Vol. 1, No. 1.

In 1920 we entered the trade followed a few years later by our brother, Earl Bourinot, who remained on the Record staff until 1941 when he joined the Canadian Army, on the staff of the "Maple Leaf". He is now employed on the staff of the Monitor Publishing Company, Montreal.

For the past several years our daughter, Marion, is our linotype operator and during the holidays our son, Lloyd is pressman.

In the past 56 years the three generations of the Bourinot family have assisted in the production of the Record and we trust will continue to bring your old family journal to your homes for many more years.

We thank our faithful correspondents and contributors who help to make our columns interesting.

From Louisburg

Mr. and Mrs. Melvin Huntington of Louisbourg were holiday visitors to Arichat during the week.

A former mayor of the old historic town of Louisburg, Mr. Huntington served on the Council Board for more than 20 years.

It was a pleasure to see our good friend and an added pleasure to have them accompany us on a motor tour of Isle Madame. They were highly impressed with the scenic beauty of our pretty little island.

Mel Huntington was a personal friend of ours when we served in the Canadian Customs in the Louisburg area and the renewal of our acquaintances brought back many pleasant memories.

The SNAPSHOT GUILD

Baby's first toddling steps are an event of such importance that you should record it for your photo memory book.

Firsts Are Always Important

ANY collector is always enthusiastic about "firsts"—whether it be the first edition of a book or the original issue of a new stamp. But there are some "firsts" very dear to our hearts that can't be collected in that fashion. They involve people—and the things they do. There are many times you wish you could save these "firsts"—especially when the small fry are concerned.

You can save these precious moments if you keep your camera handy. I recently heard of one young couple who made up their baby's snapshot album almost entirely of "firsts."

It started with baby's first bath in the bathinette. Then there's a picture of mother feeding baby on the day he first ate vegetables. They pictured baby in his best finery, all set for his first expedition into the outer world—in this case a visit to grandmother. Naturally, as time passed, there were more firsts. They ran into a little difficulty when they tried to picture the first tooth, and had to settle for a snapshot of baby which went into the album with the date and label "today baby cut his first tooth." His first toddling steps were recorded, too, of course.

They plan to continue this record throughout his childhood. There'll be pictures of the first day of school, the first grown-up suit and of the uniform in which he makes his football debut.

Of course, they'll make other pictures in between, but they feel their collection of "firsts" will bring fond memories in later years, when Bobby is an adult with his own family.

Sporting Mountain Echoes

A peculiar species of "flu" with whooping cough symptoms is epidemic throughout the country and is no respector of persons whether young or old.

Margaret MacDonald accompanied them back to The Strait.

Among the many others who came to see Mr. Goswell during the week-end were: Mr. and Mrs. McLean of East Bay; Mr and Mrs. Felix Bona, River Bourgeois; Laurena Goswell, Jack Madden, Robert, Tom and Jack Thibeau of Thibeauville.

R. A. McFie and sons Norman and John motored up from Glace Bay during the week to spend a few days with Roy J. Morrison whilst he was vacationing from Halifax.

Charlie Kyte and Arthur Morrison of the Gov. Fish Hatchery and Cletus McIntosh of Boston, Mass. comprised a recent motor trio from River Tillard to friends in Seaview.

We compliment Yvonne LeBlanc upon having secured her Grade XI at the recent provincial examinations at St. Peter's with a good average mark.

A pair of robins made their nest this season in an apple tree some twelve feet from our door. Obviously they reasoned with each other and decided that so near the house no marauder would molest them and they could thus rear their little brood with impunity.

It may be indistinct that prompts birds to fly from Arctic regions to torried zones but to anyone who has lived out the allotted span in a rural area amid wild and domestic animal life, it is manifest they the (majority of them at any rate) have likewise a functional mind and a marvelous memory.
