DUNDEE DEW DROPS

Parched land, shrubs and plants responded quickly to the quenching rain that fell Monday night. To-day, the fields are greener, and the raspberry bushes in the garden are bursting into leaf. The maples are showing quite red in the distance among the evergreens, and very soon, we hope to see the blue violets and dandelions coming into view.

15 miles of telephone line from West Bay Road to Grand Anse connecting has been re-wired, and service now is most satisfactory, and it is hoped, that the remaining part, from Dundee to the Forks will be repaired in the fall. A government paid serviceman is expected shortly to service all telephone boxes in the area.

The repaired line has been inspected and approved by John F. Hart, Insp. of Rural Lines, N. E. Margaree.

Sander MacRae, Grand Anse, has disposed of his saw mill and is equipped with a nice motor boat and two hundred lobster traps, for The Bras d'Or Lake. His partner is Hughie D. Matthews, also of Grand Anse. May good fishing be their luck through the season.

Mrs. J. J. Russo, arrived by car from Melrose, Mass., to join her husband for a few weeks on the farm of their son and daughter-in-law, Mr. and Mrs. A. C. Russo.

Mrs. Jessie MacKenzie and little son, Peter, River Dennis, paid us a visit en-route from their farm-house at St. George's Channel, recently. Accompanying them, were her mother, Mrs. Mac Phail and Mr. Kennedy of River Dennis. Mrs. MasKenzie is engaged as teacher in the school there.

Hugh MacInnes, accompanied by his nephew, Phil MacInnes, were motor visitors to New Glasgow over the week-end, and were guests of Mr. and Mrs. Will Ross. On Sunday tthey drove to Chance Harbor, where Mr. Ross owns a summer cottage. The scenery there is very beautiful and the bathing beach is a great attraction. There are at least 40 cottages along the harbor front.

The community of Grand Anse and many outside communities are mourning the death of a highly respected neighbour and friend in the person of D. D. Buchanan. Having lived at Grand Anse for the greater part of his life where he established a large and beautiful home, all of own workmanship, and reared a family of eight children. He will be misse by his many friends and neighbours, whose sympathy goes out to the bereaved widow and family.

Mr. and Mrs. Thomas Morris, Mrs. Harvey Morris and Miss Tena MacKenzie of Sydney called on friends in Dundee and St. George's Channel, after attending the funeral of the late D. D. Buchanan, at Black River Church on Sunday the 9th inst.

Mr. and Mrs. Will B. Pringle, The Points, are receiving congratulations on the birth of a baby girl on May 14th.

Mrs. Sadie A. MacRae, Whycogomah, is spending a few days with friends at the Points, after visiting in Sydney and St. Peters. Taking passage with the mail driver on Saturday, we were pleased to have her company for the afternoon.

Mr. E. H. MacLean spent the week-end with friends at The Points.

Sheep shearing is underway through the settlement. Thirty sheep were stripped of their fleeces on Saturday, by Hughie and Pat MacInnes using the electric clippers.

A. C. Russo have a number of men employed preparing the foundation for an upright silo. Anthony ships milk from eighteen pure-bred Ayrshire cows.

Mrs. James D. Calder arrived home to St. George's Channel fully recovered from her operation.

Hon. R. H. Winters Reports From Ottawa

May 14, 1954

Dear Mr. Editor:

During the week Parliament dealt with a variety of matters. Perhaps the most sustained debate was on veterans' affairs. It arose out of a motion to set up veterans' committee to study certain phases of veterans' legislation. Anything having to do with veterans receives full consideration. There are many veterans in all parties and each one likes to associate himself with the welfare of a group of people who have done so much for Canada in war and in peace.

Mr. Howe placed before Parliament a treaty with Japan. There has been considerable talk about opposition to it but it was noteworthy that the treaty went through without a single voice being rased against it.

On a matter of vital interest to the Town of Westville we received a delegation seeking to prolong the life of the coal mine there for a further six months, at which time the seam of good grade coal will be mined out. I had the privilege of receiving this delegation together with my colleague, the Minister of Mines and Technical Surveys. We endeavoured to work out a formula which would bring the problem within the framework of existing subvention policy. To do that it will be necessary for the Nova Scotia Government to provide some assistance as well. This I understand they are prepared to do and I have hopes that steps can be taken which will soften the inevitable blow and enable the miners of Westville to reorient themselves during the course of the next six months or a year.

The Government, at Mr. Howe's request, has asked me to head a trade mission to the Mediterranean countries of Europe in an effort to recover some markets which have been lost during the past few years because of currency exchange difficulties and to increase sales of other commodities, if possible. I feel highly honoured indeed to have had assigned to me a role which is of such outstanding importance to the Atlantic area, for we have always traditionally looked to these countries to absorb certain of our products particularly salt codfish.

Mrs. Winters will accompany me and during the course of our tour we will visit Portugal, Spain, Italy and Greece. On the return trip, we intend to stop briefly in France and England to pay courtesy calls on the Governments of these countries. We anticipate re-

ST. PETER'S NEWS

BY ROBIN HOOD

We congratulate the people of Grand River, for helping to keep alive the Gaelic language, which in my early days was used nearly as frequent as English. At Grand River a Gaelic class was established during the winter and Duncan (Sandy) MacKay, acted as instructor. In this community we have had the pleasure of hearing Duncan sing the many beautiful Gaelic folk songs at Scottish concerts.

Talking about the old days and how things have changed and we must admit, for the better, however, we remember the old carriage building plants, blacksmith shops and our stores in those days fitted into the picture of things and filled the need which was required then.

Today St. Beters can boost of modern stores, garages and service stations. In the old days the stage coaches were much in evidence but here again modern buses operated by the Gordon Bus Service, give the people of this place and other parts of the County a good service.

Now let us forget the past and look into the present and the future.

The boys at the Canal have taken up their duties there some time ago, under Victor Kyte. Lock Master. Some shipping has been reported through the canal, but before navigation closes several ships of all types will have passed through on their way to the Bras d'Or Lakes and likewise from Sydney, heading for the Atlantic. How in the early days we enjoyed watching the sailing ships unfurl their sails and sometimes await a breeze to carry them on their way. Well here we go again into the past, which just goes to show its difficult to convert an old timer from the days of "wooden ships and iron men."

The marriage of Myrtle MacLean, to Theodore (Teddy) Neiforth took place at Sydney on Friday. "Robin Hood" extends his congratulations and best wishes to the popular couple and may their journey through life be filled with happiness.

James Hall of the Royal Canadian Navy, is on furlough at his home in Grand Greve. Jim was serving on one of Canada's tribal class destroyers which has recently returned from Foreign waters.

Mrs. Dave Fougere is on the sick list. Her husband in the service of the R. C. A. F., was permitted leave of absence to visit his wife.

Miss Marie Buffett, County Health Nurse, was a week-end visitor to her home in North Sydney.

We are glad to note where St. Peter's will again form a baseball team and enter the League. May they have the wholehearted support of the town fans and better still, how about donations to help the boys meet expenses. It takes more than rootin to help a team win.

Best of luck boys and may all your strikes be Lucky ones.

"Robin Hood" bids you adieu for this week and if the spirit moves and the limbs keep limber we will be on deck next week.

Sporting Mountain Echoes

* * *

In addition to oviating the fire hazard the timely rains have stimulated vegetation, and the sunkissed slopes of Sporting Mountain are rapidly donning their summer dress.

The dance in the interests of Seaview School, Tuesday night was plentifully patronized and thus success.

Arthur Morrison, his sister, Irene (Mrs. Vitus Burke) River Tillard, and Josephine Burke of Cannes comprised a motor trio to Seaview, Wednesday evening and favored us with a social call.

We are not wont to see Irene so often now, but it was nice to note that neither change of residence nor married life has modified her characteristic niceness.

Toni Konning has accepted employment in Allan Tousnard's complex establishment at River Bourgeois.

There he will be privileged to get an insight into many things, and favored with an employer of the Tousnard type.

We are glad that Elliott McLeod has secured temporary employment at the Government Fish Hatchery.

Friends here are delighted to know that Mr. and Mrs. George E. (Teddy) Morrison of Buffalo, N. Y., are rejoicing over the recent arrival of a son.

Arthur Fougere was a business visitor to Sterling and Sydney during the week relative to his recent accident in the Mindamar Mine.

It was surely pleasing to recently receive a letter complimentary to "Sporting Mountain Echoes" from a Provincial Educationist.

It is his purpose to visit us ere long in our (as he put it) "thought peaceful retreat by the side of the road", and we shall tell you more about the learned gentleman then.

ANNUAL MEETING C. W. L OF L'ARDOISE

* * *

The L'Ardoise C. W. L. held their anuual meeting on April 25, with Mrs. Joseph Gracie presiding. The treasurer, Miss Rose Monbourquette, presented the financial statement and the reports of the various convenors were heard which showed that the organization was very active during the past year.

A drawing held on a pair of woollen blankets was won by Mrs. Mary S. Briand.

The chairman of the nominating committee, Mrs. Charles J. Monbourquttte brought in the same slate of officers for the coming year, which was adopted.

It was suggested and approved by the members that a spiritual bouquet be offered Mrs. Placide Monbourquette, a shut-in and and a member of the C. W. L., and the late Thomas Monbourquette and family for generous donations given in their honor to the C. W. L., of this parish during the past year.

There being no further business the meeting adjourned with a hymn to Our Lady.

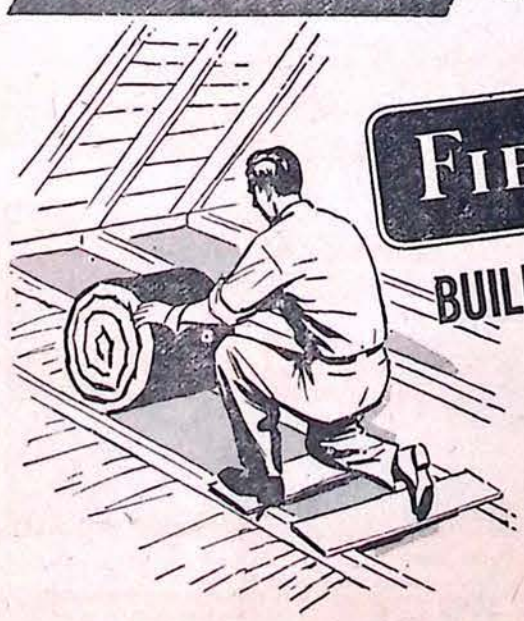

Play SAFE Victoria week-end. When you use a match, break it in two before you throw it away. Be sure your discarded cigarette is out too.

When you make a campfire, build it small and in a safe place near water. When you leave, put the fire DEAD OUT with water . . . Then the forests will be yours to enjoy another day.

CAMERON ACQUITTED OF MANSLAUGHTER

A Supreme Court Petit Jury delibratd 90 minutes at Port Hood last week to acquit Daniel Cameron 55, of West Bay on a charge of motor manslaughter.

The accused was charged in connection with the death in a highway accident a few months ago of Creighton Leonard. The victim was a passenger in a car operated by Cameron which collided with a road roller at Inverness.

The jury retired after lengthy addresses by counsel and a two-hour charge by Mr. Justice Eugene Parker.

H. P. MacKeen, Q. C., of Halifax and Smith MacIvor were defence counsel while prosecution was conducted by Harris MacDonald of the Attorney-General's Department.

River Bourgeois

By SANTA

The River Bourgeois school is progressing slowly and if pressure is not applied, we doubt if the school will be finished for the opening of school. More consideration is given to the Glebe house than to the school.

An extension is being added to the Riverside Industries building.

A paper is being published in River Bourgeois, its called the "River Roundup", and will furnish news for both ends of the River. The proceeds will go towards building a memorial to our soldiers, who were killed in War I and II.

The people are taking the benefit of the fine weathr in having their potatoes planted and other crops.

We read about a "smug", that takes place over London, England every spring. In River Bourgeois and wherever they have dirt roads we have clouds of dust, which the people have to inhale during the dry weather and besides you can't leave a door or window open if you don't want to suffociate with dust. Isn't it about time something should be done to remedy the situation. If those in charge have not received the calcium we shall excuse them and place the blame on higher ups.

L'ARDOISE

The death of Arnold Murphy 27, occurred at the Nova Scotia Sanatorium, Kentville, early Wednesday morning, April 28th. The deceased underwent several operations and failed to recover from its effects. He was favourably known, having been in business here for several years. His mother predeceased him about four years ago. Surviving besides his father, Mr. Michael Murphy, are two sisters, Mrs. Charles L. Sampson, L'Ardoise and Lorraine at home, also four nephews, Bernie, Terry, Melvin and Steve Sampson. The widely attended funeral took place from the Guardian Angel Church where Mass of Requiem was celebrated by the pastor, Rev. Father P. A. LeBlanc. The many Mass offerings, foral pieces and cards of sympathy attested to the high esteem in which the deceased was held. Pallbearers were; Harry Landry, Donald Boudreau, Leo Burke, Fred D. Sampson, George Burke and William McGrath.

To the bereaved father and famly we extend our sincere and heartfelt sympathy.

Friends of Mr. Peter Rehburg will regret to learn that he is a patient at the V. G. Hospital, under observation and treatment.

Recent visitors at the home of Mr. and Mrs. Peter Clannon were; Mr. Albert O'Handley, Sydney Mines; Mrs. Peter Campbell, Sydney and Mr. Martin H. Sampson. The latter having spent the winter months in Sydney.

Mr. Anthony Sampcon arrived from Sussex, England, the past week. His father, Ray Sampson, who has been here for several months, met him in Halifax. We are glad to welcome Mr. Sampson to L'Ardoise. They are the guests at the home of Mr. and Mrs. Henry Burke.

Banns were published for the forthcoming marriage of Miss Margaret Serena Bona, daughter of Mr. and Mrs. James Bona, to Edward Michael Lively, son of Mr. and Mrs. John Lively, Sydney.

Friends of Miss A. Cordeaux of the teaching staff of the Consolidated School, will regret to hear that she is confined to her home on account of illness. Mrs. Joseph Gracie is substitute teacher during her absence.

Mr. and Mrs. John Pier, Sydney, were guests of Mr. and Mrs. George A. Monbourquette and Mr. and Mrs. Quentin Sampson recently.

Mr. Allard Pottie, Halifax, is on a three weeks holiday, at the home of his father, Mr. Helaire Pottie.

Friends of Donald Finlayson will be pleased to learn that he is progessing toward recovery.

Miss Jennie Pottie left for Sydney, where she will remain for an indefinate period.

Mr. Bernard Monbourquette, motored to Sydney Mines, on Wednesday, accompanied by his brother, William and Mr. Joseph Richard. Mr. Monbourquette and Mr. Richard will remain in Sydney Mines, during the lobster fishing season.

The Social Club, held a card party at the home of Mr. and Mrs. James Wentlake recently. A large number attended and various articles were played for. A substantial sum was realized, which will be used by the Club for charitable purposes.

SERVICES AVAILABLE

In recent months your Department of Trade and Industry, through its field representatives and through these advertisements has been offering its services to secondary industries to help in the solution of their management problems. It is felt by the Department that use of its facilities can be of benefit, particularly to the manager of a small industry.

As an additional service your Department is now making available certain pamphlets entitled "Management Aids for Small Business" published for the use of manufacturers by the Small Business Administration of the United States Government. Your Department feels that information of this type could be of use to the management of Nova Scotia secondary industries. For comparatively young firms they may be especially useful. Older and well established firms may find them of interest in that they can compare their own methods with the pamphlets' suggestions.

Made available last month were the following: "How the Small Plant Can Analyze Old and New Markets" and "Pitfalls in Estimating Your Manufacturing Costs." A third pamphlet is now ready for distribution entitled "Budgeting in the Small Plant." To obtain any of these, ask your Field Representative or write the Commercial Services Division, Department of Trade and Industry, Provincial Building, Halifax.

3 tempting whole-wheat varieties from
One Basic Dough!

NEEDS NO REFRIGERATION

Make these treats with new Active Dry Yeast

If your family enjoys whole-wheat bread, give them not one but three treats next time you bake! See how Fleischmann's Active Dry Yeast helps you to serve a *variety* of tempting things with no extra trouble. When you bake at home, make sure you have Fleischmann's on hand.

Basic WHOLE WHEAT Dough

Scald
3¾ cups milk
¾ cup granulated sugar
4½ teaspoons salt
½ cup shortening
Remove from heat and cool to lukewarm. In the meantime, measure into a large bowl
¾ cup lukewarm water
1 tablespoon granulated sugar
and stir until sugar is dissolved. Sprinkle with contents of
3 envelopes Fleischmann's Active Dry Yeast
Let stand 10 minutes, THEN stir well. Stir in lukewarm milk mixture.

Stir in
6 cups whole wheat flour
and beat until smooth and elastic; work in
4 cups more (about) whole wheat flour
Turn out on board sprinkled with whole wheat flour and knead dough lightly until smooth and elastic. Place in a greased bowl and grease top of dough. Cover and set dough in a warm place, free from draught, and let rise until doubled in bulk. Turn out dough on lightly-floured board and knead 10 minutes. Divide into 3 equal portions and finish as follows:

1. WHOLE WHEAT BREAD
Shape one portion of dough into a loaf and fit into a greased loaf pan about 4½ by 8½ inches. Grease top. Cover and let rise until just doubled in bulk. Bake in moderately hot oven, 375°, 35 to 40 minutes, covering loaf with heavy brown paper after first 15 minutes of baking.

2. PAN BUNS
Cut one portion of dough into 16 equal-sized pieces. Shape each piece into a smooth round ball and arrange in a greased 8-inch square cake pan. Grease tops. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, about 30 minutes, covering buns with heavy brown paper after first 15 minutes of baking.

3. SALAD OR WIENER ROLLS
Cut one portion of dough into 12 equal-sized pieces. Shape each piece into a slim roll 4 to 5 inches long. Place, well apart, on greased cookie sheets. Grease tops. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, about 20 minutes. Split rolls and fill with salad or heated wieners.

NEWS ABOUT TOWN AND COUNTY

Welcome Visitor

On Thursday morning we were pleasantly surprised to see our friend Donnie Lynch, of the firm of W. T. Lynch & Sons., Sydney. This was Don's first visit to Arichat in several years and his many old customers and friends like ourselves were indeed happy to see him, having become more matured and with added weight we were unable to place him at first, however, it wasn't long before we said: "Donnie Lynch"! From then on we related the days of his travel toArichat with his bakery truck, selling to merchants the famous pan-dandy bread, cakes, cookies, etc., fresh from the ovens of W. T. Lynch & Sons., Sydney, bakery, backed by over fifty years experience.

It is nice to know that Lynch's Bakery is making steady progress and with new equipment added to care for the growing demand of their products, will keep the name of Lynch, to forefront for many years to come.

Donnie was accompanied by Paul Hasham, an employee of the W. T. Lynch firm for the past ten years.

Watch for an important announcement from this Bakery in a later issue of the Record.

WEST BAY NEWS

At the time of writing May7th there appears to be a continuous degree of coldness in the surrounding atmosphere at this season of the year as compared with some of the more recent years. However, some decades ago such low temperatures accompanied by cold winds were not uncommon nor exceptional at all in the various portions of Cape Breton Island.

To give an illustrative example of the e observations we do vividly recall having had occasion a few years before the turn of the century that is on June 10th 1896 to visit the historic shiretown of the noble County of Richmond and without any degree of exaggeration it was really too cold and windy to travel with comfort on this memorable day; but as Sir Isaac Newton the discoverer; the scholar and the keen observer has formulated in his well known third law of motion "To every action there is an equal and opposite reaction" so that is exactly what may happen when subsesuently perhaps in the near future we may in our climaate be subjected to extremely high temperatures which may be considered a reaction to the present temperatures.

Capt. Alexander MacDonald and Mrs. MacDonald who resided in the town of Antigonish during the past six months returned to their home here on the 3rd inst. These are estimable citizens whom we are pleased to have in our midst again.

Miss Catherine MacPhie, one of the teachers in the North Sydney Schools, after an illness of several weeks, has returned to resume her duties, in that town, we are pleased to state.

We regret exceedingly to learn from the public press and otherwise that on Tuesday, May 4th that the United Church manse at Orangedale in the County of Inverness, was totally destroyed by fire, with heavy personal loss to the occupants, Rev. and Mrs. D. J. MacLeod and the former's brother, Neil MacLeod. Their many friends here and elsewhere extend to each one of them our sincere sympathy in their great material loss; as in similar cases many valuable things were destroyed which never again can be replaced. Rev. Mr. MacLeod was the beloved pastor of West Bay Congregation from 1920 to 1930.

George A. MacDonald who spent an enjoyable year with his son, Dan Willie in the city of Winnipeg has returned to occupy his home in this vicinity.

A. A. MacInnis, was on a recent business trip to Margaree.

We are sorry to state that Mrs. Annie Mae Leonard, is still a patient in the V. G. Hospital, at Halifax. It is hoped that further treatment will fully restore her to Normal health.

We also regret that one of our citizens, Charles E. Teal, although he returned from a Hospital, quite a while ago, has not been continually enjoying his former good health of years ago.

William Grey was on a business trip to Halifax recently.

Mr. and Mrs. William MacKay, have moved with their family to Mrs. MacKay's former home at Marshes, West Bay. Their many friends here and in the surrounding community hope they will enjoy their new residence.

On Tuesday, May the 4th we wended our way to our native village of Port Hastings and we were prone to exclaim in the words of the poet:

"Where breathes the man with
soul so dead,
Who never to himself hath said
'This is my own my native land"

and furthermore as we gazed in silence upon the many changes which has taken place since earlier days one might also exclaim needless to say we were both pleased to see and meet each "with feelings which can be better imagined than described"

"I looked far back into other
years
And lo! in bright array
I saw as in a dream
The forms of ages passed
away."

Continuing further on we eventually arrived at the scene of the colossal Canso Causeway, the pinnacle of sacrifice pointing like a giant rugged finger towards the shore of Cape Breton Island.

On our return trip we called to see a life-long friend, in the person, of Mr. W. H. Clough, Postmaster in that town and other. So after an interesting conversatino we bid our good and loyal friend farewell in the hope of meeting again in the not too distant future.

We certainly were deeply interested reading over an excellent description by a distinguishd writer in the Record some weeks ago on one of the famous statesmen the world ever produced in the person of the late President Abraham Lincoln. z

With your permission we may be able to deal with this subject in a future issue of the Record including some other former Presidents of the Great Republic to the South.

(We would like to point out to our West Bay scribe, that Mr. Wm. D. J. MacDonald, also wrote an excellent tribute to the memory of that great Nova Scotian statesman, the late Premier Angus L. Macdonald, in a recent issue of the "Record", and we are more than surprised and disappointed that E. H. McL., did not refer to this great Cape Breton son, who like himself was a native of the good County of Inverness.--Ed.)

FOR YOUNG MEN OF 16

Apprentice Training for a Bright Future

Combine thorough trades training, schooling, sound discipline, with understanding of the spirit of youth and you have the elements of the Canadian Army's Soldier Apprentice Plan for young men of 16. The Soldier Apprentice training is designed to enable young men to gain promotion to higher ranks in the Army.

The young men who are accepted for Soldier Apprentice training receive:

- thorough trades training in one of 16 trades.
- academic training — comparable to that received in secondary schools.
- the general military training of the Canadian soldier.

Soldier Apprentices are eligible for all Army benefits, including 30 days annual leave. They receive half pay when 16 and on their 17th birthday they receive full pay.

To be eligible, the young man must be at least qualified for high school entrance. He must have attained his sixteenth but not his seventeenth birthday.

Courses begin in September but applications are now being received. Following interviews, the applicants may be accepted after June 1st and then sent home on leave until courses commence in the Fall.

To obtain an interesting booklet and full information on the Soldier Apprentice Plan, write, phone or visit the Army Information Recruiting Centre nearest your home.

NOTICE TO FARMERS

During the last week of May, farmers throughout Nova Scotia will again be receiving the annual June survey form concerning livestock, poultry, farm labour and acreages on their own farms.

All farmers in the Province are urged to fill in and return these forms. The statistics obtained from the survey are used by the Departments of Agriculture, the Canadian Federation of Agriculture and other organizations, to plan policies and future operations.

The return of these forms, therefore, is a matter of great importance. The forms should be mailed as soon as possible after the first of June.
