FIFTY-SEVENTH YEAR — ARICHAT, CAPE BRETON, N. S., AUGUST 7, 1954 — No. 49

ST. PETER'S NEWS

BY ROBIN HOOD

Mr. and Mrs. J. William (Bill) Calder, and son of Montreal are holiday visitors to the old town.

When "Robin Hood" heard of his arrival he immediately penetrated further into the deep timber to keep well hidden from he man better known by Richmond Record readers as "MacTavish" and whose versatile pen has kept us old-timers alive to the happenings of the past and believe me Bill and his school chums kept us all on the alert with their harmless pranks, but don't think for a minute we were disturbed by the boys.

A son of the late Rev. John Calder, a venerable and respected gentleman who during his ministry here was beloved by all. A friend of ours once told us that he attended a church service at the Scotch Presbyterian Church in Boston, Mass., at that time in charge of Rev. Calder and remarked that his eloquence and grace won for him the highest regard of his parishioners.

Rev. and Mrs. Ralph Latimer of Montreal were visiting Mr. and Mrs. Allan Morrison and Mr. and Mrs Earl MacDonald this week. Both Mrs. Morrison and Mrs. Mac Donald are sisters of the Reverend gentleman.

The school children are now enjoying their annual holidays and we are sure the principal and teachers are also enjoying their well-earned rest from their arduous studies.

At time of writing we have no report on the results of the Provincial Exams but if Robin Hood prophecies right we are sure "Archie's" pupils will again come through with every candidate making the grade.

William Holmes, Grand River, was a motor visitor to town this week.

Joyces' Cabins located to the east of the Canal on the Sydney highway are now opened to the tourists visiting Cape Breton Island.

Mr. Joyce, a native of Louisdale, who we understand operated cabins in Massachusetts, is well qualified to cater to the tourist trade.

We miss the passenger boats plying through the Bras d'Or Lakes and in recent years boats owned by W. N. MacDonald were used in the P. E. Island service. This was a great tourist attraction and we are wondering why this service was discontinued.

We remember the first trip of the "Bras d'Or" a pretty passenger boat with spacious decks and accommodation, built in Lunenburg and operated by J. A. Young of Sydney. The master at that time was Capt. Dan MacDonald, a splendid navigator and friendly gentleman. This fine ship was destroyed by fire off St. Peters Bay.

Boards of Trade in Cape Breton should recommend to the proper authorities the importance of this boat service.

Mr. and Mrs. Colin MacIntosh of Boston, Mass., are visiting relatives here One who likes the atmosphere of his native home Colin and his wife hold dear the treasured memories of their old homes.

DUNDEE DEW DROPS

Strawberry season is over. Farmers in this area report a great scarcity this season due undoubtedly to the cold wet spring during blossom time. Blossoms were in abundance but many of them didn't bear fruit. However, the hay crop is heavy, and tons of clover hay already been stored along the settlement, meanwhile tourists come and go.

John N. Campbell who with Mrs. Campbell, and daughter Norma and "Grandma", Mrs. A. B. MacDougall, also Judy Nosdrum arrived early n July from Brookline, Mass., returned home on Friday, 23rd. Judy accompanied him to New Glasgow enroute to PEI where her mother is vacationing at her former home. Mrs. Campbell and Norma expect to spend the month of August in their summer cottage a Dundee.

Yummy! Chelsea Bun Loaf

A treat you can make easily with new Active DRY Yeast

Now you have Fleischmann's Active Dry Yeast, forget about the old time hazards of yeast baking! Always at hand — always full-strength and fast rising! Keep a month's supply in your cupboard! Make this delicious Chelsea Bun Loaf — cut in slices for buttering, or separate the buns.

CHELSEA BUN LOAF

Make 3 pans of buns from this one recipe — dough will keep in refrigerator for a week.

Scald ¾ c. milk, ¼ c. granulated sugar, 1½ tsps. salt and ¼ c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl ½ c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Active Dry Yeast. Let stand 10 mins., THEN stir well. Add cooled milk mixture and stir in 1 well-beaten egg. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2½ c. once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Cut off ⅔ of dough, knead into a smooth ball, place in greased bowl, grease top of dough, cover and store in refrigerator until wanted. Shape remaining ⅓ of dough into a smooth ball, place in greased bowl and grease top. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Cream 3 tbs. butter or margarine and blend in ½ c. brown sugar (lightly pressed down), 1½ tsps. ground cinnamon and 3 tbs. corn syrup; spread about ⅓ of this mixture in bottom of a greased loaf pan (4½" x 8½") and sprinkle with pecan halves. Punch down risen dough and roll out into an 8" square; loosen dough. Spread with remaining sugar mixture and sprinkle with ½ c. raisins. Loosely roll up like a jelly roll. Cut roll into 6 slices. Place in prepared pan. Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, 25-30 mins. Let stand in pan for 5 mins. before turning out.

Carl F. MacCaull, 34, well known CBC announcer, has been appointed to the position of Program Director for CBHT, the CBC Halifax television station to open later this year. He will leave shortly to commence a five-week training period at television stations in Toronto, Montreal and Winnipeg in August. As Program Director for the forthcoming television station, his plans include as much local production as possible of both studio and film programs. These productions will be mainly of Maritime interest, using local talent, dependent upon immediate availability.

Agreement Signed For New Fishing Industry

Hon. W. T. Dauphinee, Minister of Trade and Industry has signed a formal agreement that marks the successful conclusion of months of active negotiation, and assures Nova Scotia a brand new fisheries industry.

By the terms of this agreement, Mercury Fisheries Limited, promoted and operated by British interests, will introduce into Nova Scotia waters North Sea methods of catching, packing and selling herring that have made Great Yarmouth famous as one of the world's greatest fishing centres.

Successful outcome of the negotiations has been made possible by cooperation among Federal and Provincial authorities, British fishing interests, and British and USA financiers.

Present plans call for four fishing vessels to be engaged in the initial venture, they will be based in the beginning at Pictou with Cheticamp possibly an additional station. Upon the results obtained at these points will depend whether operations will be extended in other directions or moved to more favorable locations.

Negotiations have been proceeding since last March with Paul Stockhamer of Great Yarmouth, England. Mr. Stockhamer controls C and H Products Limited, the Overseas Fish Import Company Limited, and the Adam Steam Fishing Company Limited, all are United Kingdom concerns.

The Maritime Commission of the Department of Transport and the Deparment of Fisheries cooperated by issuing the necessary permits to bring in the Mercury ships from England and to allow them to operate in the Gulf and elsewhere if desired.

The Department of Trade and Industry have agreed to permit the use of freezer and wharf facilities at the new and modern Cheticamp plant. This includes a stipulation that all needs of the local fishermen have priority.

Next came the financing, always a most difficult part of any new industry program. After consultation, three way cooperation again provided the solution--British and USA sources provided the equity capital for venture and the Provincial Government of Nova Scotia is making a suitable loan under its policy of aiding promising new ndustrial undertakings.

Next step will be the arrival from overseas of the four fishing vessels and one refrigerated cargo ship.

Main difference between the steam drifters and the drifter trawler is that the latter is fitted with heavier esulpment so that it can work in very rough weather and heavy seas.

The refrigerated ship does not normally accompany the drifters on their fishing trips, but lies in port to furnish immediate cold storage facilities, and it will also carry cargoes overseas. Bulk of the catches however, will be despatched to Europe at frequent intervals by existing ocean liner and freight lines.

On these Mercury ships the key personnel will be Britons, highly experienced in this type of fishing. Remainder of the crews and shore help will be hired locally.

The mode of fishing will be one never employed on this coast. When herring are near the surface a vessel will let out from 40 to 80 drift nets. When the herring are found to be deeper down, the ship will keep her drift nets in and resort to trawling with alternate equipment. There will be no lost time due to lack of suitable gear.

The Fisheries Research Board is now studying the edge of the continental shelf (Scotian shelf). Should these investigations confirm the belief that herring are available in commercial quanities there, the circumstance will open still more vast opportunities for further expansion of the Nova Scotia herring fishery.

Sporting Mountain Echoes

James Morrison, his amiable and sociable wife, their pretty and prepossessing grand-daughter, and a lady friend of the family comprised a recent motor quartet from Massachusetts.

It is upwards of fifty years since Mr. Morrison took leave of his native Seaview, and though he is now the identical counterpart of his father, the late Archibald Morrison, we failed to recognize him.

Fellow pupils in the old school house at the cross roads, his unexpected visit resurrected cherished memories of those care-free days.

Other recent arrivals from south of the border whom we were glad to see included Miss Dolena McRae who her brother-in-law and sister, Mr. and Mrs. Robert Morrison, South Side, motored to Seaview and Oban, Sunday; and Mr. and Mrs. Donald Dick (Catherine Stewart) who Mrs. Dick's aunt, Mrs. Annie (Stewart) McDonald of Port Hawkesbury introduced to relatives and friends on Sporting Mountain, Monday.

Mr. and Mrs. Colin MacIntosh, and son-in-law and daughter, Mr. and Mrs. Wm. Fialkosky, have returned to their respective homes in Allston, Mass., and James R. Morrison to resume his position with the Lynn Electric Company.

We trust we are destined to greet these good and constant friends again next year, and blessed with capacity in the mean time to favor them with "Sporting Mountain Echoes".

Mr. and Mrs. Alex Sinclair, Melrose, Mass., who with their little son Cameron are visiting at Dundee, spent the week-end over the Cabot Trail.

We regret that our energetic neighbour the senior Mr. Mason, is at present a patient in a Glace Bay Hospital.

Alex MacPhee, a skilled geneeal mechanic was up from Cannes the other evening to erect a memorial in Sporting Mountain cemetery.

Thomas Morrison was a motor visitor from St. Peer's on Monday.

He was accompanied by his daughter Patricia who was enjoying respite from her position at Truro.

Everybody was glad to see 'Patsy" and to note that education and official obligations only magnified the attributes that made her popular with both young and old during her girlhood days in Seaview.

Mr. and Mrs. A.W.H. McDonald drove over from Oban Tuesday to see Mr. and Mrs John Goswell ere their departure for Halifax.

Arthur Fougere was a week-end visitor from Sterling.

Alf Boudreau motored us to St. Peter's Thursday and thence to Kempt Road to see our old friends Murdoch McDonald (87) and his sister, Mrs. Butcher (84).

We were glad to find them so well and tenderly cared for by an activ and affectionate cousin.

Next day through the courtesy of Mr. and Mrs. Colin McIntosh we motored to Isle Madame.

We remained in the Shire town while Mr. and Mrs. McIntosh and Mr. and Mrs. Fialkosky were witnessing the fish processing plant in operation at Petit de Grat.

Thue were we privileged to an interesting social period in the Bourinot home; to a sumptuous repast in Miss Sutherlands popular lunch room; to do business with the veteran E. C. Doyle and his courteous staff in the Municipal Office; and to contact our old friend Professor J. Alphonse Benoit M. A., and his equally friendly brother J. Albert eBnoit.

REV. STEWART MacLENNAN

The Rev. Stewart P. MacLennan 69, pastor emeritus of the First Presbyterian Church of Hollywood died recently in Santa Monica Hospital following a heart attack.

Dr. MacLennan was resposible for the building of the Hollywood church at 1760 N Gower St. in 1923 and served as its pastor for 19 years while its membership grew from 300 to 2500.

Born in Sydney, Nova Scotia, Dr. MacLennan first came to Southern California in 1910 and spent several years in the dry goods business before entering the ministry.

After entering Antioch College and Xenia Theological Seminary in Ohio, he served four years as pastor of the San Pedro Presbyterian Church and took over the Hollywood pastorate in 1921. He retired in 1940 to devote full time to making religious motion pictures.

A world traveller and civic leader, Dr. MacLennan served as executive director of the Pilgrimage Play Bowl and as president of the city Board of Pension Commissioners. He also was a director of Hollywood Bowl and a member of the Los Aengeles Breakfast Club, Town Hall, Kiwanis Club and Chamber of Commerce.

Funeral services for Dr. MacLennan were conducted at the First Presbyterian Church of Hollywood with the Rev. L. David Cowie, pastor of the University Presbyterian Church of Seattle officiating.

Interment will be in Forest Lawn Memorial Park.

Dr. MacLennan lived at 350 Chautauqua Blvd., Pacific Palisades. He leaves his widow Ollie; four sons, Gordon Duncan, Edward and Kenneth; a daughter Mrs. Ann Buchanan and six grandchildren.

Summer School For Pipers

One hundred student pipers and drummers and a large crowd of interested spectators greeted Seumas MacNeill, M. A., Principal of the College of Piping, Glasgow, Scotland, recently as he arrived at St. Ann's to conduct the classes of Bagpipe Music at the Gaelic College Summer School. The 100 pipers and drummers comprise the Gaelic College "Canso Crossing" Junior Pipe Band.

Principal MacNeil said, as he was introduced to the 72 students who comprise his Bagpipe Classes "not in Scotland's history has a bigger effort been made than you are doing at St. Ann's". The College Welcome was extended to Principal MacNeill by the Gaelic College Director. Rev. A. W. R. MacKenzie and John C. MacMillan and Charles Leonard on behalf of the parents.

Mr. MacNeill arrived dressed in ancient MacNeil tartan and was greeted at the airport by many members of the MacNeil Clan. He is a representative of the Gigha and Barra MacNeils and a piper of outstanding ability. He will be the featured piper at the Gaelic Mod, August 6-12th.

Crime Doesn't Pay But You May

Now-a-days, the police employ methods of detection that would turn old Sherlock Holmes green with envy. But even Scotland Yard with all its brain-power and equipment, can't restore stolen money to its rightful owner once it's been spent or destroyed.

As Bill Corbett, manager of the local branch of the Royal Bank point out, every time you leave large sums of cash around the house, you're running a rjsk. Perhaps they're fun to read about in detective fiction, but clues and fingerprints in your own house are no compensation for the loss of your money.

One way to foil intruders, of course, is to install a burgler alarm system. The trouble is that it's apt to be costly. A simpler and much easier system, claims Bill, is to keep your money in a bank. Then all you do is sit back and smile, happy in the knowledge that your money is safe, sound and available whenever you need it.

HOPPY and FRIEND

Grown-ups may never have heard of a characer called Hoppy but thousands of youngsters across the country know all about him. He's a small impish creature whose antics and bright remarks help make the Trans-Canada network show, "Sleepytime Storyteller" the success it is. The storyteller himself is Stan Chapman, and listeners to the weekly CBC program have never seen Hoppy. Neither has Stan Chapman, for that matter, so he has asked his many listeners to send in drawings of how they think Hoppy does look. The figure perched on his shoulder is one of these. Boys and girls across Canada are sending their sketches to the Sleepytime Storyteller at his home in Campbellton, New Brunswick. At the end of August the entries will close and three winners selected, who will be awarded prizes. Hoppy is very pleased with the results so far; nearly all of them, he says, flatter him.

NEWS ABOUT TOWN AND COUNTY

Master Bakers

On Saturday last Mr. W. T. Lynch and his son Donnie, of Sydney, were motor visitors to Arichat, and it was a great pleasure to greet them when they called at the Record Office on business, however the business part of the visit was put aside and our conversation with the veteran Baker and his son, who also knows the answers to the Bakery industry, was most congenial and mutual.

The Senior Mr. Lynch, went back over the years and related his early visits to Arichat, in one of the first motor vehicles owned by him many years ago. The trip from Sydney to Arichat in those days took the best part of a day, while now the trip can be made within two hours.

Donnie Lynch, who pioneered a bread route from Sydney to Isle Madame back in the early thirties, spoke highly of the friendly relations with the people of Richmond County, and now with three new modern trucks to serve the Rural Section of Cape Breton, Lynch's Bakery are prepared to give patrons of the famous Pan-Dandy Bread a service that will bring their products into your homes every day of the year.

Mr. John Abbott, Sr. and his son, John of Fort Lee, New Jersey, were vacation visitors to West Arichat, for the past several days.

While here they engaged in cod fishing and it would appear that the elder Mr. Abbott is quite efficient as a fisherman, acerding to the fish stories we hear coming out of West Arichat. However, his son John seems to be improving, and as well as being a good printer, he is also making a good impression as a hand liner.

It was nice to see the Abbott's when they called on us and our appreciation of favors bestowed upon us by our brother printer, gave us an opportunity of expressing our thanks in person.

While at West Arichat they resided at the home of Mr. and Mrs. Felix Linden.

(Continued from Page 1)

James R. Morrison, Lynn, Mass. who is vacationing with friends in Cape Breton, paid us a friendly visit on Friday. There are no friends like the old ones and "Jim" is among those we look forward to seeing each year.

Daniel MacDougall accompanied by his sister, Mrs. Alex MacLeod Brockline, Mass., also Christene MacLeod, Margaret Dunbar, and Mrs. Howard Amero of Boston motored to Cape Breton on July 17th arriving on Sunday 18th.

On Saturday 23rd he was accompanied by Charlie Coe, his mother, Mrs. Albert Coe, also Mrs. Eula Cox and daughter Miss Francis Cox of Miami, Fla., on a trip over the Cabot Trail, returning on Sunday. Mr. and Mrs. Coe are occupying "Rainbow Haven" at Dundee.

Mrs. Catherine Patriquin, of Boston is spending her vacation with friends at Cleveland and St. George's Channel.

The many friends of Mrs. Ernest MacRae will be pleased to hear that she has been discharged from St. Martha's Hospital, Antigonish, where she has been treated for injuries received in a recen car accident. Though wearing a cast, supporting her back, Mrs. MacRae is able to be around and about in her home.

THIS HOME IS HEATED THE MODERN WAY
...with Coal

Bill Turner was proud of his new home. Even before the sod was turned, he and Mrs. Turner had planned it down to the last detail. When the question of heating came up, Bill made a wise choice.

"I'm heating with coal," he told friends. "It's the most economical heat I can buy and the modern fully-automatic feed stokers make it clean and convenient, too. Nova Scotia coal gives a steady—not an off-and-on—heat. And what's more, I know there will always be a good supply right here in Nova Scotia."
