FIFTY-EIGHTH YEAR — ARICHAT, CAPE BRETON, N. S., NOVEMBER 20, 1954 — No. 11

Clyde Nunn Wins In Inverness By-Election With Big Majority

J. Clyde Nunn, a native Cape Bretoner, and manager of Radio Station C. J. F. X. was elected by a majority of 1602 over his Progressive Conservative opponent, I. D. MacDougall, Joseph Rankin, the C. C. F. candidate received 576 votes, lost his deposit.

With 65 of the 66 poles reporting, Nunn received 4,820 votes to MacDougall's 3,218 votes.

The by-election campaign was hotly contested and in Mr. Nunn's victory, the Liberals of Inverness have every reason o be jubilant.

Mr. Nunn wll fill the seat left vacant by Judge A. H. MacKinnon, and will be a worthy successor to Mr. MacKinnon, who served the constituency of Inverness, for many terms, and for some years as a Minister of the MacDonald Cabinet.

In the three Provincial By-Elections on Tuesday, Richard Donahue, Conservative, won the Liberal seat of Halifax South from Alvan Murphy.

In Hants East, Liberal Reid and Progressive-Conservative Ettinger, received the same number of votes and will be decided by a re-count. This constituency has a record for close voting, and this particular election was no exception to the rule.

A doctor and a dentist in Aberdeen were intimate friends, but neither knew the age of the other. At last the dentist died, and the doctor thought he would now at last be able to ascertain his friends age.

He attended the funeral, approached the coffin, looked at the brass plate. This is what he read:

ANGUS McLEOD: Dentist
(Hours 10-4)

Brian Meagher Director of Fisheries

The Provincial Government has appointed a native son to take charge of the Division of Fisheries in the Department of Trade and Industry. Brian I. Meagher, a native son of Canso, has been appointed by the Honourable W. T. Dauphinee as Director of Fisheries.

BRIAN MEAGHER
Nova Scotia Diretor of Fisheries

Mr. Meagher brings to his new post a wealth of experience and a personally-gained knowledge of Nova Scotia problems. At an early age he was active in the Fishermen's Association operating out of Canso. He assisted in the formation of the first lobster marketing group in Guysborough County. This marketing operation was soon followed by eight years as an inshore fisherman out of the same port.

Later Mr. Meagher turned his activities toward the American industry and sailed on trawlers for two years out of Boston, Gloucester, and Portland.

In 1938, he became interested in education projects designed to help fishermen. After studying economics at St. Francis Xavier University in Antigonish, he associated himself with the Nova Scotia Department of Agriculture and Marketing.

In this capacity he spent ten years assisting fishermen with their marketings and providing guidance on educational matters. This intensive application to the study of fishing problems and their practical solution has given Mr. Meagher a real working knowledge of the processing, packaging and freezing of fish. It has also provided a familiarity with the US markets for fresh and frozen fish. The work of shore fishermen and a knowledge of deep sea fisheries is the result of his personal apprenticeship to the industry throughout his life.

In recent years Mr. Meagher has been general manager of a commercial fishing firm with headquarters at Port Dover, Ontario. During his managership the business increased to a volume of two million dollars in 1953.

Born in 1913 of fishing parents at Canso, Nova Scotia, the interest in matters pertaining to fish showed itself at an early age. At 13, Mr. Meagher was a active fisherman as both his parents and grandparents had been. In 1945, he married a girl from Yarmouth, Mae Silvia LeBlanc. They have three children Michael 8, Peter 6, and Karen 6 months.

In his new post Mr. Meagher does not expect any pat answers or quick solutions to the fishing problems. On the other hand, he believes that the fishing industry of Nova Scotia can look forward to healthier markets and better conditions due to new demands and processing developments. There is an awakening interest in fish and fish products that can be seen across the country in the demand shown by super markets and shopping centers. This increase in demand will do much in the opinion of Mr. Meagher to give Nova Scotia fishermen a brighter future.

Sporting Mountain Echoes

Red caps are conspicuous by their presence on the summits and slopes of Sporting Mountain these days, but the evasive deer are equally conspicuous by their absence.

Robert Lewis, John Inkpen and Henry Crane comprised a recent motor party from the Steel City and spent a few days with us.

What with a sumptuous supply of choice edibles and one of the trio a professional cook we enjoyed a respite from domestic obligations during their stay and were loath to see them take leave of us.

Whilst down at St. Peter's a few days ago we were glad to meet William McKay but sorry to see him physically handicapped.

We hope this likeable citizen of The Points will soon be favored with perfect health again.

We held our annual school meeting Monday evening (15th inst.) Mrs. LeBlanc in the chair and Miss Martell secretary of the meeting. Leonel LeBlanc is the new trustee.

We were glad for a recent social call from Everett Landry of Halifax and his nephew Donald Poirier of D'Escousse.

The friendly dispositioned Mr. Landry is a son of a former MLA for Richmond County.

John N. Morrison was a business motor visitor from St. Peters the other day and took occasion to make a few neighbourly calls.

John Fougere and Francis Boudreau cater to the requirements of our citizens every week.

Chas. Grimes and little son Carl accompanied Mr. Fougere Friday.

Old friends were glad to see Mr. Grimes in Seaview once more.

He was a familiar figure when operating his timber lands on Sporting Mountain.

Arthur Morrison, Chas. McKenzie and John Jackson comprised a motor trio from the St. Peters area to our little domicile Monday night.

We had occasion to appreciate their coming for they favored us with a very pleasurable social period.

L'Ardoise C. W. L.

The October meeting of the L'Ardoise Guardian Angel CWL subdivision was held in the school with a good attendance, Mrs. Joseph Gracie presiding who opened the meeting with the League prayer.

At this meeting a list of names was drawn up and time at which the members would take turns before the Blessed Sacrament during Forty Hours Devotion.

Mother Superior reported Church linen ordered by the CWL had been bought and she also thanked the members for their cooperation in collecting used clothing for needy school children.

The members decided to offer a Mass for immediate deceased relatives of CWL membrs through out the parish.

A social period followed adjourn ment during which lunch was served.

Re-decorating Interior of Notre Dame

Francis Odette and Roger Carriere, skilled painters and deorators of Quebec have arrived in Arichat to redecorate the interior of Notre Dame Church.

Notre Dame parish at one time was the seat of the Catholic Diocese in eastern Nova Scotia and this Church, one of the largest wooden structures in the Province was the Cathedral of the Diocese.

Rev. A. P. Poirier is the present pastor of Notre Dame and as incumbent is doing much to improve the exterior and interior of this beautiful church.

PETIT DeGRAT NEWS

Fall fishing is now underway with about twenty boats engaged in the industry. Some good catches have been reported the past week.

Employees at the Booth Fisheries plant are kept busy with two shifts operating.

The large catches of fish by inshore fishermen and draggers are keeping the plant operating steady.

The plant is a great asset to this community and people here and in other parts of Isle Madame are deriving a great benefit in obtaining employmen at home.

With the processing of new fish products an increase in number of employees at the plant is much in evidence. At present over 200 employees are on the payroll.

Arthur Landry, taxi driver, has traded his 1953 Dodge for a 1954 Dodge.

Willie Landry has also traded his 1953 Ford for a new 1954 of the same model.

Joe T. Boudreau is employed as foreman of the Fish Stick Dept. of Booth Fisheries.

Coun. David Boudreau accompanied by Vincent Landry of Samson's Cove attended the joint Nomination Day proceedings at Port Hood recently.

Eric Samson, president of local 303 United Fisheries Workers of Canada and vice-president Rena Marchand attended a 3-day convention of the Nova Scotia Federation of Labor at Trenton, N. S. during the past week.

Joseph Marchand, plumber, of Boudreauville has traded his Ford Delivery for a new 1954 Deluxe half-ton truck.

Mr. Charles Gordon, the popular and efficient manager of Booth Fisheries plant was a recent business visitor to Halifax.

Percy Jollymore, office manager, Leon Landry, assistant manager and Leonard Baisley, plant engineer were recent visitors to Lunenburg where they had the honor of making the trial run on the Red Diamond II which was built at that port for the Booth Fisheries Company.

A few boats from this port which were engaged in the mackerel fishing out of Glace Bay have returned to their home port here to engage in fall fishing.

The annual meeting of the St. Joseph's Credit Union was held in the Parish Hall on Tuesday with a large attendance of members from various districts of the parish. Rev. Father Topshee of Antigonish was the guest speaker and in his remarks expressed pleasure at the great advancement made since the last annual meeting and urged the members to continue in their work.

Rev. Father Charles Forrest P. P. of St. Joseph's also commended the members on their work as well as the efforts of the officers and committee of the Credit Union.

Francis H. Boudreau is having a new dwelling constructed. The work is in charge of Thomas Samson, Samson's Cove.

Excavating is taking place at the Petit de Grat Consolidated School where a foundation is being constructed for an addition to the school.

The contract is in charge of James Fougere of French Cove with Venard Martell of Pondville acting as foreman. The work is giving several men of this place employment.

A new Barber Shop is being constructed here by Emile J. Marchand who will operate the shop. The community has been without a barber since the death of the late lamented Albany Landry.

Celebrates Her 100th Birthday

If her great-grand children did not continually caution her about bounding up to the second floor bedrooms, Mrs. Annie MacKinnon would just ignore the fact she's 100 years old this week.

It was a big evening last Monday, her birthday, at 78 Linden St. Allston, where Mrs. MacKinnon lives with one of her two daughters, Mrs. Daniel Morrison.

It was a full house. Among those on hand were most of her 16 grandchildren, 38 great-grandchildren, and two great-great-grandchildren.

Not to speak of Rev. Archibald MacMillan, pastor of the Scotch Presbyterian Church of Boston, and some 100 members of the congregation. They conducted a church meeting in the Allston house in Gaelic.

Mrs. MacMillan, a slight woman scarcely 5 feet tall, is in "perfect health," says members of her family. She was born in Cape Breton, N. S., and came from Canada to Boston 31 years ago.

Her late husband was Angus MacKinnon, a fisherman.

4 Danish Bun Treats from One Basic Dough!

1. Apricot Turnovers

2. Raisin Rounds

3. Jam Strips

4. Cinnamon Braid

For Luscious Variety use New Active Dry Yeast

This rich Danish Bun Dough rewards you with 4 gorgeous treats out of the same oven! Successful risings with Fleischmann's Active Dry Yeast are the secret! So whenever you bake at home, be sure you have Fleischmann's on hand.

Needs No Refrigeration

BASIC DANISH BUN DOUGH

Measure into a small bowl
1 cup lukewarm water
3 teaspoons granulated sugar
and stir until sugar is dissolved.

Sprinkle with contents of
3 envelopes Fleischmann's Active Dry Yeast

Let stand 10 minutes, THEN stir well. Sift together twice, then sift into mixing bowl.
6 cups once-sifted bread flour
½ cup fine granulated sugar
1 teaspoon salt

Cut in finely
1 pound chilled butter or margarine

Beat together until light and thick
2 eggs
1 egg yolk
and stir into yeast mixture.

Make a well in the flour mixture and pour in yeast mixture; combine thoroughly. Knead dough in the bowl until smooth. Cover dough closely with waxed paper and chill.

Beat together slightly with a fork and hold to finish fancy doughs,
1 egg white
1 tablespoon cold water

Turn out dough on lightly-floured board. Divide into 4 equal portions and finish as follows:

1. Apricot Turnovers. Roll out dough to 9 x 12 inches. Cut into 12 squares; moisten edges. Put spoonful of apricot jam on each square; fold into turnovers; seal; snip tops. Place on greased cookie sheet. Cover. Let rise in warm place 15 mins. Brush with egg-white mixture; sprinkle with chopped almonds and sugar. Bake in moderately hot oven, 375°, 20 mins.

2. Raisin Rounds. Cream 2 tbsps. butter; mix in ¼ cup brown sugar, 1 tbsp. flour, 1 tsp. grated lemon rind and ⅔ cup raisins. Roll out dough to ¼-inch thickness; cut into 2½-inch rounds. Moisten edges of half the rounds with water; place spoonful of raisin mixture on each one; cover with remaining rounds; seal; cut an X in top of each round. Place on greased cookie sheet. Cover. Let rise in warm place 15 minutes. Brush with egg-white mixture; sprinkle with sugar. Bake in moderately hot oven, 375°, 18 to 20 mins. Frost while hot, if desired.

3. Jam Strips. Roll out dough to 5 x 15 inches. Run strip of 2 tbsps. thick jam down each side, 1 inch in from edge. Moisten edges and fold over jam to meet in centre; seal. Place on greased cookie sheet. Cover. Let rise in warm place 15 mins. Brush with egg-white mixture; sprinkle with slivered nuts and sugar. Bake in moderately hot oven, 375°, 25 to 30 mins. While hot, spoon thick lemon filling down centre. Drizzle with frosting.

4. Cinnamon Braid. Combine ⅓ cup sugar and ½ tsp. cinnamon; sprinkle all but 2 teaspoonfuls on baking board; place dough on board; roll out to 9 x 14 inches; fold dough over twice. Repeat rolling and folding twice. Roll out dough to 4 x 16 inches; cut into 3 long strips, joined at one end; braid. Place on greased cookie sheet. Cover. Let rise in warm place 15 mins. Brush with egg-white mixture; sprinkle with 2 tbsps. chopped almonds and 2 tsps. sugar mixture. Bake in moderately hot oven, 375°, 30 mins. Spread hot braid with frosting.

CONFECTIONER'S FROSTING: Combine 1½ cups sifted icing sugar, 2½ tbsps. milk and ½ tsp. vanilla.

Book Display At St. Peters School

A display of children's books, on loan from the Central Library of the Department of Education, was featured by the Home and School Association at St. Peter's at a meeting held on November 17th. in the school auditorium. In observance of Book Week tht auditorium was decorated by Miss Margaret Madden of te teaching staff with fitting quotations and illustrations.

Following inspection of reading material members participated in discussing tht topic "How Can We Interest Our Children in Good Reading". Proceeds from the Tea served during the social hour will be used to add to the school library.

At this meeting also many useful and necessary items were added to the Domestic Science Department by a "Shower" of gifts from Home and School members.

Many worthwhile projects with the welfare of the pupils in mind such as the serving of hot cocoa at noon and the purchase of cod liver oil capsules, are being carried out this year, while plans for further projects are being planned.

GREY CUP

There is an obvious friendship here between two of Toronto's Argonaut football stars, Cass Krol and Dick Shatto and singer Terry Dale. Terry has her roots in British Columbia but this feeling of friendship between east and west will definitely not exist on the football field on November 27 when the Canadian Grey Cup classic takes place. The games will be seen on all Canadian television stations, either "live" or delayed through the CBC-TV network as well as the Dominion network.

NOVA SCOTIA COAL - THE THRIFTY FUEL

No. 1B Bankhead, Cape Breton

USE NOVA SCOTIA COAL

With a coal-burning furnace of modern design which is fed by an automatic stoker, a very steady heat can be obtained because there is always a fire burning in the furnace. Consequently, the temperature of the water in the heating system may be kept practically constant. A constant temperature may be obtained in the home if the system is provided with adequate controls. This constant temperature which gives a maximum of comfort is not obtainable from other fuels. Where fuels other than coal are used the fire is extinguished entirely when a pre-determined temperature is reached in the home. This results in a temperature variation of as much as six degrees with the attendant discomforts which such a variation causes. You can avoid this temperature variation by using Nova Scotian coals in the proper furnace.

Give your family the comfort of a steady heat in the winter months by using Nova Scotian coals.

Protect Your Future – Use Nova Scotia Coal
