"Pledged but to Truth, to Liberty and Law; No Favor Wins Us and No Fear Shall Awe"

FIFTY-EIGHTH YEAR | ARICHAT, CAPE BRETON, N. S., FEBRUARY 19, 1955 | No. 24

Hon. R. H. Winters Reports From Ottawa

Dear Mr. Editor:

This has been a week of varied activities, including a visit from the President of Haiti and a filibuster in the House of Commons. We also had debates on education and in the field of labour on questions having to do with check-off and equal pay for equal work.

When the Speech from The Throne is disposed of, the parliamentary decks are cleared for action and private Members really come into their own. Apart from asking questions on any subject that strikes their fancy, certain days are allotted exclusively to them for discussing projects and propositions in which they are interested.

Last week, for example, there was an entire day devoted to debate on a resolution on education, which was placed on the Order Paper by a private Member from Western Canada. He advocated Federal Government assistance to education and, of course, it is quite easy to put a plausible case in support of this proposition. On the other hand, this is one of the most delicate of all problems. Provincial Governments, quite rightly, regard the field of education as their own prerogative and a constitutional dispute would almost certainly be unavoidable if there were any suspicion that the Federal Government had even remote of Quebec has consistently refused to allow the Federal Government to provide financial assistance to colleges there, as is done in every other province of Canada. The designs on education.

You will recall that the Province Premier of Quebec held very strongly that this was not a proper field for the Federal Government. However, the debate last week was an interesting one because it helped again to bring this important matter into proper focus.

The Quebec Income Tax problem seems to be dormant for the moment. Presumably the solution advanced by the Federal Government has found some measure of acceptance. We will probably hear more on the subject when the buget is debated later in the session, but I would imagine the matter will rest pretty much where it is until there is a Dominion-Provincial Conference.

We were honoured during the week with a visit from President Magloire, his wife and party. French is the prevailing language in Haiti but most of the party spoke some English and I managed to have a few words with the President about Nova Scotia salt fish, with which he was fully familiar.

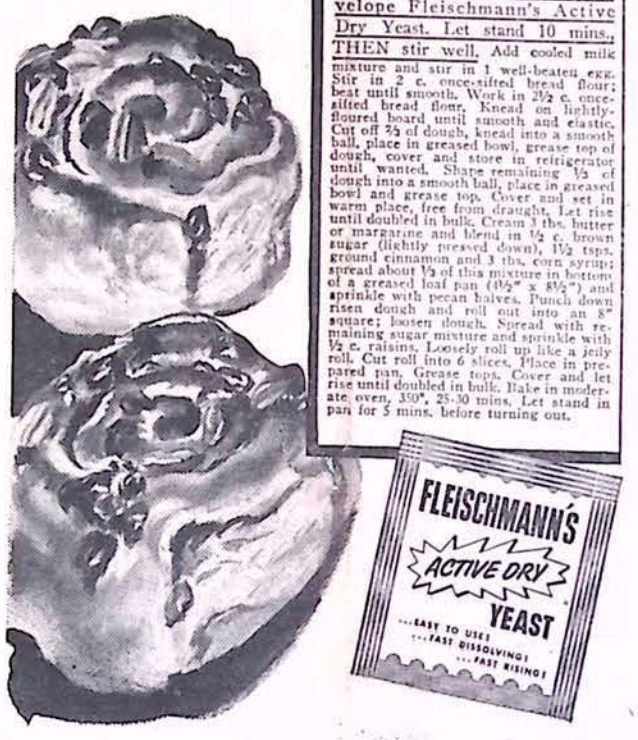

We wound up the week with an unfinished debate on a Bill introduced by Mr. Howe to give the Feeral Government control over waters which flow across international boundaries. The British Columbia Government earlier committed itself to an arrangement which would enable United States interests to take advantage of certain of our waters without any significant benefits to Canada. The Social Credit party, feeling this present legislation is aimed at an unwise action of the part of the Social Credit Governmen of British Columbia, has decided to filibuster and I would imagine that they will find ways and means of continuing the debate for some considerable time.

Yours very truly,
ROBERT H. WINTERS

Yummy! Chelsea Bun Loaf

A treat you can make easily with new Active DRY Yeast

Now you have Fleischmann's Active Dry Yeast, forget about the old time hazards of yeast baking! Always at hand — always full-strength and fast rising! Keep a month's supply in your cupboard! Make this delicious Chelsea Bun Loaf — cut in slices for buttering, or separate the buns.

CHELSEA BUN LOAF

Make 3 pans of buns from this one recipe — dough will keep in refrigerator for a week.

Scald ¾ c. milk, ¼ c. granulated sugar, 1½ tsps. salt and ¼ c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl ½ c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Active Dry Yeast. Let stand 10 mins., THEN stir well. Add cooled milk mixture and stir in 1 well-beaten egg. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2½ c. once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Cut off ⅔ of dough, knead into a smooth ball, place in greased bowl, grease top of dough, cover and store in refrigerator until wanted. Shape remaining ⅓ of dough into a smooth ball, place in greased bowl and grease top. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Cream 3 tbs. butter or margarine and blend in ¼ c. brown sugar (lightly pressed down), 1½ tsps. ground cinnamon and 3 tbs. corn syrup; spread about ⅓ of this mixture in bottom of a greased loaf pan (10½" x 8½") and sprinkle with pecan halves. Punch down risen dough and roll out into an 8" square; loosen dough. Spread with remaining sugar mixture and sprinkle with ½ c. raisins. Loosely roll up like a jelly roll. Cut roll into 6 slices. Place in prepared pan. Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, 25-30 mins. Let stand in pan for 5 mins. before turning out.

Tales, Tidings, And Tidbits from Montreal

Dear Allan (Ex-Ford) Morrison:

I know you live in Watertown, a suburb of Beacon Hill, Boston, but I have a feeling that you receive the Record and have a weekly brush-up on the meanderings of old friends in Richmond County And because of that I would like you to adjust the coils under the dash, clean the magneto plug and crank our terrific T Model and wheel back with me thirty years or more, to the days when radias were an innovation, a delight and often a despair in our village.

This idea came to me last week after receiving a letter from an old sweetheart of mine (she married another man--chap by the name of Cotton) and in it she mentioned that TVs were popping up around St. Peters like mushrooms on Cavanagh's Green.

That's progress typical of the first half of our century; and in spite of this chap Stowell who has been enlightening the folks not far from your city on the retarded rustic values of our Cape Breton, we have always been pretty well up with stocks of brain and brawn and any new gadgets an Italian or a German or English man concocted were on our Island before long.

Why you and I can remember when it was a thrill to slip on the cylindrical wax record and listen to "His Master's Voice" and do you remember those other parlour contraptions? They were often found not too close to the Bible on the doily covered table in the Front room. You slipped the cardboard with the twin pictures into the wire clips and glueing your eyes to the double glassed thingamagig and moved the picture back ward and forward until the proper focus was found and you giggled at the risque bedroom scene or gasped at the beautiful panorama of the Rocky Mountains.....

And when radios crept into our village with their tremendous aerials, their ear-phones and their squeakihg and crackling..... And the oldsters said "Tut, tut, tut" and sermons were preached; and you and I and many others stayed awake until the small wee hours unbelievingly hearing voices a thousand miles away; and an odd hockey game if the reception was favorable.....And Kennie Matheson had the tallest and the longest aerial on the whole Island. And the tall bustled baseburner's hopper would be full of shining hard coal for the cold winter's night, the hell hot coals molten gold through the isinglass-and the thrill and delight when a new station woul crack over the earphones.

"I got Wheeling, West Virginia, last night."
"Yeah? Clear?"
"Like a bell."
"Yeah?"

And whe Tunney and Dempsey slugged it out at Soldier's Field in 1927..We heard the long count.....

And I wonder what that old lady from the hills would say today were she alive to take a peek at Harold MacDonald's new TV..... When she was first induced to slip the earphones over the rats in her hair and was told she was listening to Calvin Coolidge, she removed the phones and handed them back to her host...."Ach, I have been hearing better..Willie Urquhart of Grand Anse has a contraption that he winds and you iss hearing Roam'n' in the Gloam'n loud as MacAskill's bill.. And it is being sung by that Harry Lauder all the ways from Scotland."

Ah yes, a wonderful world today, Allan, even Cape Breton in spite of Stowell. Chuck full of gadgets. Better than ours in the past? Well, there's more to do, and more ways to do it. More to see and more ways of seeing it.. It seems a pity, old friend, that you and I and our contemporaries will have to leave this whirling glob of earth, fire and water, doesn't it?.....But then again, Allan, it may be just as well to get underground before they blow us all to smithereens.

Bon jour,
MacTAVISH

P. S. Let us hear more from Robin Hood.....Good stuff and MacTavish intends to unearth him next summer....

MacTavish

Sporting Mountain Echoes

February made its debut in this area with subzero temperatures and some snow.

However the plow went over the top of Sporting Mountain from the southern frontier the other day, and thus our trusty mail courier did not have to resort to conveyance other than the Chevrolet.

We were much pleased for a recent friendly letter from Rev. J. M. and Mrs. MacLeod who are now jointly engaged in mission work on the other end of the continent.

Enclosed was an interesting snap of the Port Simpson Community Band.

We bespeak the pronounced success of the united Christian endeavours of the conscientious and courageous young couple and wish them well in their new and distant location.

Our neighbor, Jacob Isackson, has gone to spend the winter months in an institution for the indisposed at Cole Harbour.

Life is replete with ups and downs and none of us know the turns we must needs make ere we reach the end of the road.

In life's heyday Jacob Isackson was by no means mean, and during all the years he catered to the travelling public on the S. S. Scotia on the Strait of Canso none was turned away hungry from his table regardless of their ability to pay.

Moreover, he always had a corner in his heart for little children and reared a filial daughter of his own, the talented Mrs. MacDonald of fascinating personality, but a continent intervenes between him and Josephine.

John and Victor Burke took advantage of the snow to haul their hardwood to the roadside whence they had Leonel LeBlanc transfer it to "The River" by motor truck.

Alfred Boudreau, James Smith and our good teacher, Lucille Martell, comprised a motor trio to Isle Madame Sunday and were guests at the Martell home in Little Anse.

"Neighbourly News" recently made reference to old time Maritime winters when snow drifts would cover the tlegraph posts and pedestrians were in danger of contacting a charged wire.

Grand Anse was the scene of the following incident in those days:

Contractor Morrison accompanied by a driver on one occasion and when they came to where the "Fair Deal Store" is now encountered a snow bank up to the telephone wire which crossed the road.

Mr. Morrison who was a big man physically (big, mentally too) scaled the slope testing its strength. On the summit he stood on the wire and kept it below the horse's feet and beckoned the driver who piloted the tandem safely over the top.

D. A. S.

West Arichat

The regular monthly meeting of the Acadiaville Home and School Association was held at the Acadiaville School on Sunday Jan. 16, with President Mr. Jollymore in the chair. The meeting opened with the singing of O Canada and invocation led by Rev. Fr. Doucett. Minutes of the previous meeting and Financial Report were read and approved. The members decided to hold meetings on the second Tuesday of each month.

Inspector of Schools Mr. R. J. Chiasson was guest speaker. He spoke on the Bicentenary of the Acaians and explained briefly the history of the Acadians and the celeorations that will take place in the schools and parishes. Mr. Chiasson spent some time in explaining the Pottier Report on Education Finances.

On behalf of the members Mr. Jollymore extended a vote of thanks to Mr. Chiasson for attending the meeting and for his highly informative address.

The death occurred at the Dartmouth Hospital on Sunday, Feb. 13th of Ernest Covin following a period of ill-health. He was a respected citizen of this place and his death came as a shock to his relatives and firends. He was in his 68th year and was a member of the R. Catholic Church.

He is survived by his wife, three daughters Sabine Rose (Mrs. Willie Poirier); Rita (Mrs. Frank Galette); and Eva May (Mrs. Placide Poirier); Sydney. Five sons, Raymond, Willard, Francis, Everett, all of Sydney and Charlie at home. Also surviving are his mother, seevral brothers and sisters.

The remains were forwarded here for interment which took place on Wednesday Rev. Fr. Doucett officiating at Church and grave. Funeral service under the direction of C. A. Boucher, Arichat.

Our sympathy is extended to the bereaved wife and family.

Napoleon LeBlanc left for Montreal where he will make his home. His family will join him later.

Mr. and Mrs. Peter Boudreau and family left for Halifax where they will reside.

Many persons are on the sick list with an attack of influesza. We wish them a speedy recovery.

Mr. and Mrs. Thomas Shaheen motored from Sydney to attend the funeral of her uncle, the late Ernest Covin.

Also attending the funeral were Joseph Covin and son Alfred and Albert Covin of Halifax.

Henry Terrio arrived from Halifax to attend the wedding of his mother Mrs. Kate Terrio.

A quiet, but pretty, wedding took place on Monday evening at 7.30 when Mrs. Kate Terrio was united in marriage to Francis Babin of this place.

The bride was attractively attired in a navy blue suit with pink accessories. She wore a corsage of white carnations. Her bridesmaid was Miss Genevieve Babin who looked lovely in a grey sult with white accessories.

Joe Terrio supported the groom.

Following the ceremony a reception was held. They will reside here. Their many firends wish them a long and happy wedded life.

Hurricane Damage Claims Exceed 2 Million Mark

More than 1500 claims running in excess of 3 million dollars have been filed with the McKinnon Commission for general property losses and damage sustained last Fall when Hurricane Edna swept the province.

Teams of insurance adjusters are now engaged in appraising the losses, and it is hoped first payments would be made by the Provincial Goverment in a few weeks.

The claims range from $250 to $25,000 it was learned, with some

Red Cross Campaign

Rev. Albert Doucet, West Arichat, Richmond County Campaign Chairman for Canadian Red Cross writes as follows:

The Richmond County Record,
Arichat, Nova Scotia.

Dear Mr. Editor:

March is the month for the Red Cross Campaign but I am hoping, weather permitting, to have it over by March 15th.

There is no need in Richmond County to ask, "What is Red Cross?" We have all seen it in action. Yet, I may add that the purposes of the Canadian Red Cross Society, as set forth by its charter are, briefly:

"To furnish volunteer aid to the sick and wounded of armies in time of war, in accordance with the Treaty of Geneva;

"In time of peace or war, to carry on and assist in work for the improvment of health, the prevention of disease, and the mitigation of suffering throughout the world."

The Annual Campaign for funds is done by volunteer workers and the Local Chairmen are the follow ing.:

ARICHAT. The Very Rev. A. P. Poiier, P.P. V.F., already Regional Vice-President, who has just been named Honorary Vice-President of the Provincial Division of Canadian Red Cross.

CLEVELAND: Mrs. Murdoch Ferguson.

D'ESCOUSSE: Mr. James D. Britten.

DUNDEE: Mr. Robert MacIntosh

GRAND RIVER: Mr. Duncan McKay.

JOHNSTOWN: Rev. D. E. MacDonald

L'ARDOISE: Mrs. Ernest Martell

LOCKSIDE: Mr. W. A. Morrison

LOUISDALE: Rev. Joseph Marinelli

LR. RIVER INHABITANTS: Rev. Terence Power

PETT DE GRAT: Rev. Dr. Charles J. Forest, the newly appointed President of the Isle Madame Red Cross Branch.

POINT TUPPER: Mr. Byron S. Langley

RIVER BOURGEOIS: Miss Marie Boyd.

ST. PETERS: Mrs. Finlay Ross

TIRLING: Mr. J. A. MacAskill

WEST ARICHAT: Rev. Albert Doucet.

Added to the above mentioned, an army of collectors will canvass

Meet Premier And Cabinet

We had the honor to be a member of a delegation comprising the following members, Leonard O'Neil, Mayor B. W. Hutchison of Mulgrave; Mayor A. J. Langley, A. D. Pynn, Port Hawkesbury; B. S. Langley Point Tupper and Mayor MacDonald of Antigoish, all members of the Antigonish-Guysboro, Inverness, Richmond Industrial Development Association who met Premier Hicks and his Cabinet on Wednesday at the Province House, Halifax where matters pertaining to the Canso area were discussed.

Clyde Nunn MLA and Rod MacLean MLA were in attendance. Mr. MacLean introduced the delegation while Mr. Nunn summed up the requests of the delegation in a very able manner.

We were much impressed with Premier Hicks and Cabinet members for the sincere manner in which they dealt with the delegation and the views expressed were most encouraging.

The advocating of a pulp and paper mill at Mulgrave and the many advantages offered for the establishment of such an industry at that place was stressed by the delegation.

The Department of Lands and Forests have been making a survey of woodlands in the four county area. Hon. Colin Chisholm. Minister of Agriculture reported that the survey firm had completed their report for Richmond County and that the report from other counties should soon be finished.

The result of the findsings of this survey should ascertain whether enough pulpwood could be procured to operate such a mill.

Appeal Dismissed In Halifax

(Sydney Post-Record)

The Full Bench of the Supreme Court of Nova Scotia, in a decision written by Mr. Justice John Doull has dismissed with costs an appeal of a Richmond County lobster shipper against a Supreme Court judgement which found him responsible for truckage of a load of lobsters from L'Archeveque to Boston.

The contract was made between the defendant, Lloyd MacKillop. L'Archeveque and Douglas Mofttt operator of a Sydney-based trucking firm, and was to the effect that the plaintiff would truck a load of live lobsters from L'Archeveque to Boston and deliver the lobsters to Hook and Company in that city for a price of five cents a pound.

The plaintiff (Moffatt) was to collect the freight from Hook and Company but he had no communication with Hook in regard to the driver of the car, and when later he sent a cheque it was only for part of the charges.

The trial judge has found that the plaintiff's contract was with the defendant and that while he was to collect the freight from Hook, if Hook would pay him, in absence of payment at the Boston end, the defendant is liable.

"In the absence of some agreement to the contrary to which the plaintiff was a party, the plaintiff is entitled to look for his pay to the person who employed him to do the work. To escape such liability the consignor must show that there was an agreement of some kind by which the carrier agreed to look only to the consignee for payment. This is not the recent case.

"I therefore agree with the decision of the trial judge and would dismiss the appeal."

Chief Justice Ilsley, Justices MacQuarrie, Parker, Currie and MacDonald concurred in the decision.

Roger MacLeod appeared for Mr. Moffatt and A. O. Gunn for Mr. MacKillop.

The case aroused interest among Cape Breton Island lobster shippers. Mr. Hook refused to accept some of the lobsters because of their condition.

———:o:———

The Crimean War 101 years ago, which saw such gallant action as the Chrage of the Light Brigade, was nevertheless the most "casual" and "offhand" war in history, Large numbers of tourists, visiting the war as pepole go to a big sporting event, became an accepted part of army life. They even visited the front lines with presents of food and brandy for the men in the trenches.

—The Reader's Digest

FRANCES HYLAND

This pretty, rather piquant girl who seems about to speak has made a big name for herself by doing just that--speaking; on the stage. on radio and on television. She is Frances Hyland, Saskatchewan-born actress who went to England to study (and starred in several London productions), then returned to Canada to take leading roles in two of the plays presented to the 1954 Stratford Shakespeare Festival. Now CBC listeners and viewers can get to know her voice, for she is just beginning what will be a bright career on radio and TV. She has had major roles on radio's "CBC Wednesday Night", and "GM Theatre" and "Scope" on CBC television.

Founders Day Celebrated At St. Peter's

Founders Day was celebrated by members of the Home and School Association at St. Peters at their regular meeting on February 9th. The President, Mrs. Donald Johnston, presided at a short business meeting at which it was decided to hold a Valentine Tea on Monday, February 14th in the auditorium of the school. The meeting was then turned over to the program convener, Mrs. Katherine MacRae. who directed a playlet with Founders Day theme in which was included a very pretty and effective Candle Lighting Service.

An interesting history of the Home and School Movement was read by Miss Helen Archibald, Principal. To recall the history of the local Association Mrs. MacRae read the minutes of the first Home and School meeting (on record) held at St. Peters in 1944.

A two-tier birthday cake, beautifully decorated by Mrs. Elion Potite, lent a very festive touch to the social hour. The cake complete with candles and artisically bearing the Home and School colors with inscription Home and School was cut by Mrs. Paul White, first President of the local Association now County President, who plays an active part in the present local Association and in the Home and School Movement throughout the County and Province.

NEWS ABOUT TOWN AND COUNTY

In Jamaica B.W.I.

We received greetings from Jamaica, BWI in the form of a beautiful folder from our good friend H. H. (Bob) Latimer, Contractor. The scenes on this folder are very picturesque. Temperatures at Jamaica this time of year never drop below 70 degrees and in the summer reaches a maximum of 85 degrees.

This Caribbean Island is only 100 miles south of Cuba and is 100 miles long by 50 miles wide.

We thank Bob for remembering us while on his holiday and it is our wish that he enjoys every minute of it under Jamaica's tropica skies.

Before returning to his home in Truro, Bob will visit several other places of interest.

Fish Sticks Show Rapid Growth

One of the most amazing developments in respect to processed fish production within a relatively short time is the fish stick business. This has jumped from an out put of little over 2,000,000 pounds in a nine-month period in 1953 in the United States to apppproximately 34,000,000 pounds in the first nine months of 1954.

In the month of June alone this year the US production of fish sticks amounted to nearly 4,450-000 pounds and it is expected that the total output for 1954 will reach or exceed 50,000,000 pounds.

The Booth Fisheries plant at Petit de Grat are now processing fish sticks and according to reports this product is becoming very popular and sales are increasing rapidly.

To Enter Pt. Edward Hospital

We regret to learn that our young friend James Monbourquette, of Rockdale, will soon enter Point Edward Hospital for treatment. Jim was attending St. Ann's College, Church Point and was making splendid progress with his studies.

An enthusiastic sports writer Jim will contribute articles on sport from time to time. He is the son of Mr. tnd Mrs. Charles Monbourquette, Rockdale.

We wish him a speedy and complete recovery.

ADJOURNED LAND SALES

The Public Auction of lands held at St. Peters on the 22nd day of December, 1954, was—for sales then not completed—adjourned to the Court House, Arichat, on Thursday, February 24th, 1955 beginning at 10 a.m.

E. C. DOYLE,
Clerk-Treasurer.

Feb. 10, 1955

To Moncton

John Dingle of Port Hawkesbury representing Canada Packers for the past few years in this district has been promoted and is now stationed in Moncton, N. B.

We congratulate Jack on his promotion.

Getting ideas from a china egg

3c
2x2 1.20
4'@ 30
2.00

In days gone by, many a farmer's wife had faith in the china egg as a "starter" for reluctant hens. It was supposed to suggest to them that laying eggs was a good idea. A "nest egg" in the Royal Bank is a good idea, too. It is a strong inducement to you—to save more. As deposit follows deposit, you watch your savings grow. Then, almost before you know it, saving has become a habit . . . and a useful one. Build up *your* nest egg at the Royal Bank. There's no prettier picture than a healthy looking bank book.

FARM IMPROVEMENT LOANS are available for many useful purposes. Ask for our booklet on the subject at your nearest "Royal" Branch.

Encourage your children to have a nest egg, too. Our booklet "Financial Training for your Son and Daughter" describes a practical plan for teaching your children how to handle their own financial affairs. Ask for your free copy at any branch.

THE ROYAL BANK OF CANADA

You can bank on the "Royal"

RB-53-1

Red Cross Campaign

(Continued from page 1)

from house to house soliciting donations. These are volunteer workers who willingly give of their time besides making their own monetary contributions. May I ask you to be courteous to them and reward their efforts by having a good substantial donation ready for them.

Here, may I appeal to business man, professional men and other people of means to set the pace by giving more than the usual one dollar of the people with lesser means.

The County treasurers for the Campaign are Mr. R. J. O'Leary, manager of the Royal Bank of Canada at St. Peter's and Mr. J. W. Corbett, manager of the bank at Arichat.

Should anyone be overlooked during the campaign rest assured that it was accidental and not intentional, and in that event, I hereby canvass you to bring your donation to the Royal Bank, so that you may also share in the good work of Red Cross.

Thank you, Mr. Editor, for the valuable support Red Cross receives from you and your paper every year.

Yours sincerely,
ALBERT DOUCET
County Campaign Chairman
Feb. 19. 1955.

Hurricane Claims

(Continued from Page 1)

of the larger ones filed by municipalities, lumber operators and private utilities. The majority involved losses sustained by fishermen and farmers.

The Commission headed by County Court Judge A. H. MacKinnon, Antigonish, has engaged the vices of five insurance adjusting firms to speed up the appraisals and investigating of the claims. The deadline for submitting claims was Nov. 30.

The Federal Government assumed complete financial responsibility for losses suffered by the Annapolis Valley apple growers and paid out more than $1,000,000 for the "windfall" crop. The Provincial Government appointed the MacKinnon Commission to investigate and receive claims for other property damage and losses caused by the storm.

While the Provincial Government is still not committed to provide financial assistance for the hurricane losses, action to provide the necessary funds is expected to be taken at the forthcoming session of he Legislature. The Government named the MacKinnon Commission to appraise and assess the damage and losses and receive individual claims. Judge MacKinnon will submit his findings to the Government, when the amount of assistance will be determined. Timber losses were reported extremely heavy in an earlier survey and it is not known whether the timber claims will be considered under the proposed assistance plan.

Insurance adjusting firms engaged by the Commission are Lewis and Dunlop, Halifax; James and Company, Kentville; Interprovincial Insurance Claims Ltd., New Glasgow; J. Deltney, New Glasgow; and James Reardon, Yarmouth. The Commission has been set up at Antigonish. Hugh MacPherson LLB is secretary.

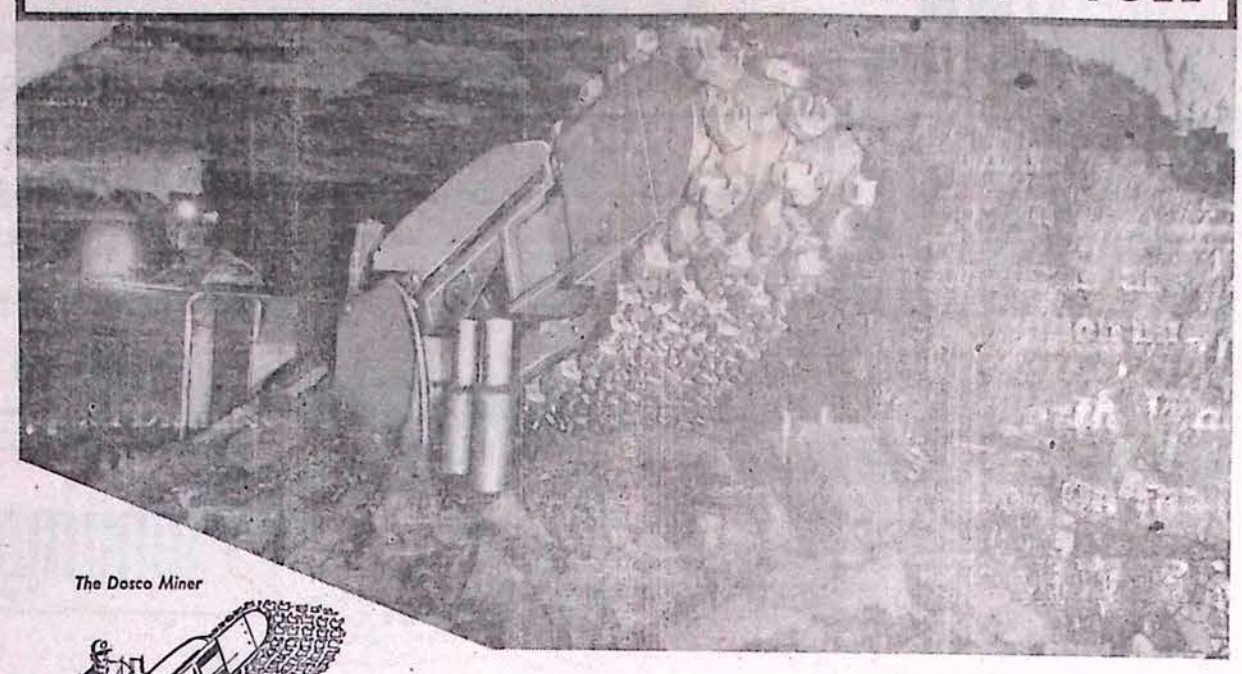

McCULLOCH Model 47 CHAIN SAW

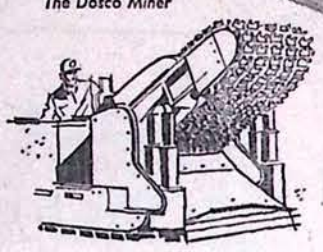

This light-weight, gasoline powered, all-purpose woodcutter does every ranch and farm "axe job" faster and easier. Does construction sawing, wood-lot cutting, etc., in jig time. Operates full power in any position. Six models, blades from 14" to 36". Come in for a demonstration.. get the comfortable feel of the rugged horsepower in a McCulloch Model 47, and you'll take it home.

NOVA SCOTIA COAL — THE THRIFTY FUEL

The Dosco Miner

Use NOVA SCOTIA COAL

In all the years Nova Scotians have been mining coal only 19.6% per cent of the known supply has been used. There is coal available for many years to come. This unlimited supply, plus efficient, modern methods of production are two of the reasons why heating with coal is easier on your pocketbook.

For example, there is the "Dosco Miner". Designed, engineered, and built by our own staffs, the "Dosco Miner" can extract and deliver to the loading conveyor one and one-half tons of coal in 13 seconds. No explosives are required thus making this form of coal mining safer and more efficient.

The "Dosco Miner" is only one of many new modern methods now being applied to coal mining. The benefits are passed along to you in the form of *lower fuel costs* and *higher fuel efficiency.*
