FIFTY-EIGHTH YEAR | ARICHAT, CAPE BRETON, N. S., AUGUST 13, 1955 | No. 47

Sporting Mountain Echoes

Our Sunday visitors comprised Mr. and Mrs. John N. Morrison of St. Peters accompanied by Mrs. Morrison's niece, Mrs. Earl Bainbridge of Halifax.

Thence they motored over the top of Sporting Mountain and were evening guests at the hospitable home of Mr. and Mrs. A.W.H. McDonald of Cban.

We were particularly pleased to see Mrs. Bainbridge and to note that the agreeable attributes of her maiden days are with her still.

Thomas Morrison whose years coincide with our own motored up from St. Peters Wednesday afternoon and favored us with an extended and interesting social period.

We were glad to see our old neighbour looking so well and keeping so active.

Mr. and Mrs. Clayton McRae are motor visitors from their home in Massachusetts to their native Cape Breton.

Mr. and Mrs. McRae accompanied by Mr. McRae's mother, Mrs. Margaret Smith of River Tillard were welcome visitors to our little domicile by the roadside Thursday evening.

We were glad to see Mrs. Smith so completely recovered from her recent critical illness glad to see our old friend. Mr. McRae and glad to make the acquaintance of the sensible and prepossessing Mrs. McRae.

Enroute from south of the border Mr. nd Mrs. McRae visited Halifax and brought us good tidings of our old neighbors Mr. and Mrs. John Goswell.

Mr. McRae insists that Mrs. Goswell is renewing her youth with every passing year and both were appreciative of the care and consideration accorded Mr. Goswell by his son-in-law and daughter, Mr. and Mrs . Kenneth McLean.

We appreciated your reference to the Stewart brothers, Mr. Editor, because they are worthy.

All the vicissitudes of all the years that intervened since their boyhood days on Sporting Mountain never weakened the ties that binds them to old friends and their native Nova Scotia.

Contractor James Fougere and Mrs. Fougere motored up from the Cove to see Mrs. Samuel Boudreau, Sunday evening.

Some of or citizens find it convenient and profitable to deal with Leonard Cook and Charles Smith who transfer pitprops and pulpwood to Sydney and The Strait respectively.

We were down to St. Peters Thursday afternoon and it was nice to converse with a few of its worthy veteran citizens including Mrs. C. I. Cameron and D. W. Morrison.

On the street it was pleasing when Hugh Jackson (Hugh Malcolm) recognized us.

Though a couple of years our senior we were glad to see the famed violinist still going strong.

ST. PETERS

As a reader of the Richmond County Record, Mr. Norman MacLeod sure does give a great deal of pleasure reading his long ago topics. Now Mr. MacLeod and Robin Hood turn back the years till I was nine—that was in ??? Now let's see. We shall take a walk down Main street. There is MacCuspic's Store, then Rod Mac Kenzie's, on the other side, D. Y. Stewart's and A. A. Morrison's and a place where they are building carriages and sleighs and in the back there is a blacksmith shop where they are making all the iron work for them. Go right in, look around, but don't touch the "blacksmith's hammer."

There is a two masted schooner in the Canal, owned by Capt. Boudreau. There at the wharf is the tug "Argus". Down the street that night at the Post Office there are a lot of young fellows home to help get in the crops—you guessed it— the 185th Canadian Highlanders.

That was my last trip to St. Peters until last summer. I drove into town—some change!— there was hardly a place to park a car. I was a stranger in a strange place but I did turn a corner go down a side street and, sure enough, I heard the bang of a blacksmith's hammer. I looked in and there he was—the same man who years ago made me a cart to ride in which was pulled by a dog. St. Peters was some place to a fellow my age in those days; but I'll be back this fall before it's too late.

Oh, the blacksmith? That's my "uncle Dan"!

Point Michaud

This area welcomes back Mr. Angus MacAskill after thirty years absence. He has retired from business and is at present residing with his cousin Mr. and Mrs K. D. MacAskill and family.

Also visiting Mr. and Mrs. K. D. MacAskill is his brother and sister-in-law, Mr. and rMs. D. A. MacAskill of East Greenwich, Rhode Island.

Mrs. Dolena Shaw, on the staff of the Cape Breton Hospital, Sydney visited her parents, Mr. and Mrs. K. D. MacAskill, for a few days during the past week.

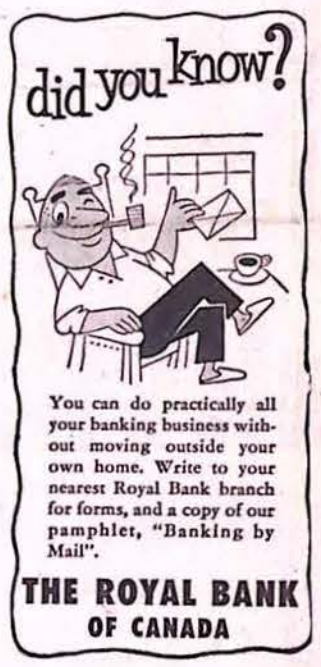

Mr. and Mrs. D. A. MacAskill, Mr. A. K. MacAskill, Mr. and Mrs K. D. MacAskill visited relatives and friends at Grand River Friday.

Mr. John A. MacAskill, Mr. A. K. MacAskill and Mr. K. D. MacAskill visited at the home of Dan J. Thomas at Port Hawkesbury. Mr. Thomas is a native of Point Michaud.

CBC USES AIRLIFT FOR CANSO CAUSEWAY COVERAGE

The CBC will use a special airlift from Cape Breton to Halifax on August 15th to speed up film coverage of the Canso Causeway Opening for television viewers in central Nova Scotia.

A television camera crew from Halifax will film the event during the afternoon fly back to Halifax by a special plane, and edit the film into a 15-minute special feature for presentation on CBHT at 1 p.m. the same night. This film will then be forwarded to Toronto for inclusion in the CBC's News Magazine program which is distributed to more than 20 Canadian television outlets.

Canadians from Newfoundland to British Columbia will be getting a word and sound picture of the event by way of CBC radio. Using land lines from Sydney to Port Hawkesbury on the Cape Breton side of the Causeway, a radio team from CBI will provide a two-minute insert for the CBC Trans Canada network news bulletin at 7.00 p.m. ADT. They will also prepare a 15-minute Roving Reporter program about the day's happenings for broadcast from coast to coast at 8.15 p.m. ADT.

"Because of the importance of the opening of the Canso Causeway not only to Nova Scotia but to the rest of the Maritimes as well, we are making a special effort to provide the fastest possible radio and television coverage," stated S. R. Kennedy, CBC Regional Program Director. "The fact that the opening falls on the 13th day of the month is of no concern to us. Nonetheless, both the TV and radio crew are taking along their rabbits ears just in case."

SECOND CALL

SEALED TENDERS addressed to the undersigned and endorsed "TENDER FOR R.C.M.P. OFFICERS' QUARTERS, SYDNEY, N.S." will be received in the office of the Secretary, until 3.00 p.m. (E.D.S.T.). WEDNESDAY, AUGUST 17, 1955.

Plans and specification can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, Ontario, the District Architect, Federal Public Building Halifax, N.S.; and the Post Office, Sydney N.S.

To be considered each tender must be accompanied by a security in the form of a certified cheque or bonds as specified in the form of tender and made on or according to these forms and in accordance with conditions set forth therein.

The Department, through the Chief Architect's office, or through the undersigned, or through the office of the District Architect, Federal Public Building, Halifax, N.S., will supply blue-prints and specification of the work on deposit of a sum of $25.00 in the form of a cheque or money order payable to the order of the Minister of Public Works. The deposit will be released on return of the blue-prints and specification in good condtion within a month from the date of reception of tenders. If not returned within that date the deposit will be forfeited.

Wedding

FOUGERE — POTTIE

A pretty wedding was solemnized in St. Michael's Roman Catholic Church Montreal on July 20th when Patricia Lillian Pottie daughter of Mr. and Mrs. Joseph Pottie of Poulamon, became the bride of Alexander Paul Fougere, son of Mrs. William Fougere and the late Mr. Fougere of Poulamon. Rev. Father Ryan performed the ceremony and celebrated the Nuptial Mass.

The bride entered the church on the arm of George Fougere brother of the groom, by whom she was given in marriage. She looked lovely in her floor length gown of white satin with nylon yoke and long sleeves coming to points over the wrists. Her shoulder length veil fell from a coronnet of nylon net and seed pearls. She carried a bouquet of white and pink baby mums. Her only jewellery was a single strand of pearls with matching simple earrings.

Miss Patricia Fougere, niece of the groom was bridesmaid. She wore a mauve crepe gown with an overlay of nylon tulle. Her headdress was a matching picture hat. She carried a bouquet of yellow baby mums.

Leonard Fougere, brother of the groom was best man.

Following the ceremony a reception was held at the home of Mr. and Mrs. Arthur Fougere, sister of the groom, for the immediate relatives. Mr. Arthur Fougere proposed the toast to the bride to which the groom responded. Later the gifts were opened and cards read by Miss Patricia Fougere.

The happy couple left on a honeymoon trip to Cornwall and other Ontario cities. The bride's going-away outfit was a turquoise and white linen suit with white accessories.

We wish Mr. and Mrs. Fougere a long and happy wedded life.

A STIRLING MacMILLAN

The death at Halifax on Sunday morning of Hon. A. Stirling MacMillan, war-time Premier of Nova Scotia and Member for Hants from 1933 until his retirement, recalls many stories of his services to Hants County and his services to Hants County and his popularity as a politician. Mr. MacMillan's majorities in all the elections he ran in Hants County were indication that he was not only the choice of the Liberals, but was preferred by many of other political affiliations.

As Minister of Highways for the province he inaugurated the highway policies which have been carried on and amplified by his successors in that office.

Successful in business, as a politician, and as a farmer Mr. MacMillan made many conrtibutions to the progress and advance ment of his native province, and his passing removed one who lived a full life.

The people of Nova Scotia regret his passing and extend their sympathy to a sorrowing family.

Wedding

MacINTOSH — HILL

A pretty wedding of interest to this and surrounnding communities was solemnized recently in Black River United Church, when Margaret Isabel, daughter of Mrs. Marjory Hill and the late George Hill. Grand Anse, was united in marriage to Ross Alexander, oldest son of Mr. and Mrs. James H. MacIntosh, Dundee.

The bride entered the church on the arm of her uncle Stanley Digdon to the strains of the Wedding March played by Mrs. William S. Urquhart.

She looked lovely in a street-length dress of ice-blue nylon lace white hat and white accessories. Her corsage was of pink roses.

Miss Florence Hill, sister of the bride was bridesmaid, dressed charmingly in a yellow nylon lace dress with white accessories and corsage of yellow roses.

The groom's brother Archie was best man.

Rev. Mr. Humby officiated.

Following the ceremony a sumptuous supper was served to the immediate families by the bride's mother at her home in Grand Anse.

Friends and relatives gathered at St. George's Channel schoolhouse to greet them on their return. An enjoyable evening was spent in dancing. They were the recipients of many lovely gifts.

Previous to her marriage their neighbours surprised the young couple with a kitchen shower.

They will reside at St. George's Channel where the groom operates a large farm.

We wish them happiness.

Silhouettes are easy to make and can be made with any camera that can be set for time exposure.

Silhouettes Are Easy to Make

FOR a good many years every time someone spoke of a silhouette, the first thing I thought of was the handiwork of those "artists" at the Fall Fairs or Carnivals who cut something resembling a person's profile out of black paper and mount it on white paper as they carry on their fabulous patter.

However, the silhouettes that are the subject of today's column are the kind that you make at home with your own camera and with people you know as your subjects. You can have a lot of fun making silhouettes as entertainment at a small party or to enliven a dull evening at home.

The technical aspects of shooting silhouettes are simple indeed. Begin by stretching a sheet or other white material across a doorway. Place a light behind the sheet and your subject in front of it and shoot your picture with a time exposure. In that way your subject will be silhouetted in black against the white background.

The light behind the sheet can be a No. 1 photoflood in a reflector. With this arrangement, your exposure will run about one second at f/8, using a fast panchromatic film. With a non-adjustable camera try an exposure of about two seconds. If you have ordinary film in your camera, double the exposure time to compensate for the slowness of the film.

If you wish, you can even use an ordinary 100-watt household light bulb. If it is in a reflector and your film is the fast pan type, the exposure will be about three seconds at f/8 for the adjustable camera or about eight seconds with the box type camera.

If you are doing the silhouettes as a party stunt, you can be sure that you'll have some pictures that are different and are fun — and the next time you have a party you can feature the silhouettes you made at the last one.

The Furnace that is Spoon Fed

It's a fact! With Dosco's sensational new furnace coal is fed automatically in such minute quantities that it is virtually spoon fed. In fact ¾ of a pound of coal will hold fire in the furnace for one hour. This is the new, compact, gleaming white enamel furnace that disposes of its own ashes and leaves the furnace room immaculate.

CHECK THESE FEATURES

CONVENIENCE
Unsurpassed for comfort and convenience.

ECONOMY
Cuts a minimum of 20 per cent from the cost of operating a hand-fired furnace, with relatively higher savings over other type heating systems. Cost of purchase and installation is less than for any other self-feeding heating system.

CLEANLINESS
It is impossible for dust or ashes to enter the furnace room. There is only a very small amount of ash and this is removed by vacuum as it forms.

FULLY AUTOMATIC
This furnace stokes itself automatically as required by the thermostat and even removes its own ashes.

COMPACT
The new Dosco furnace is the most compact furnace you can own. It measures 40 inches long by 30 inches wide and 48 inches high.

Purchase and installation of Dosco's new furnace can be financed through a Home Improvement Loan available under the National Housing Act. See your Bank.
