Sporting Mountain Echoes

When Austin Boudreau, Frank Burns and Samuel Boudreau were enroute to Sydney on a recent Thursday morning we readily acceded to Austin's courteous suggestion that we join them and thus make the trio a quartet.

In the Steel City we had occasion to contact the reliable specialist, Dr. J. Russell MacLellan, and be fitted with double-vision glasses.

Mr. Burns who is the most youthful octogenarian we have ever met took peave of us at the home of his son, Walter Burns, on Atlantic Street.

Thence we went to historic Louisbourg and returned via Stirling where we visited at the hospitable home of Mr. and Mrs. Henry Pate (Flo MacPhee) and daughter Annie Marie.

Were we a prince or a peer or a prelate, Arthur could have not been more considerate of us during the trip which we enjoyed throughout.

Thus it was that we were absent from our little domicile by the roadside when Roy J. Morrison of Halifax who was spending the holidays at the parental home at St. Peters took occasion to contact all his old neighbors in Seaview.

We were glad to be present Friday afternoon when two of our old pupils at The Points, Mrs Hugh McInnis (A.F. of Dundee Dew Drops) and her sister Mrs. J. N. Campbell of Massachusetts made a detour through Seaview to spend a social hour with us.

They were accompanied by Mrs Campbells daughter Norma.

It was pleasing too to be present the same evening when Earl W. Urquhart, MLA, favored us with an extended and most interesting social period.

What with his intellectual capacity his invulnerable integrity, and recognized talents, we do not think our brilliant representative would suffer by comparison with Nova Scotia's best.

Mr. and Mrs. William McKay (Jessie McDonald) another of our former exemplary pupils, their family trio (two boys and a girl) and our veteran friend Hector McRae, comprised a motor party from the South Side Sunday evening and contacted us enroute to the Boudreau home.

Austin Boudreau motored his father (Samuel Boudreau) his sister, Mrs. Burke and nephews, Sonny and Billy over the Cabot Trail on Wednesday.

Elliott McLeod was down to Ance De Loup during the week digging a well from Charles Nicholson, who is establishing a home on the property formerly owned by the late L. H. Goswell.

Austin Boudrau reluctantly took leave of old friends and new friends on the morning of the third instant and returned to his employment in Central Canada.

What with his orderly conduct and characteristic courtesy, he was followed by good wishes of everybody he contacted on his brief vacation.

Casilda Poirier and Evelyn Pugh who hold responsible positions in Sydney; Mr. and Mrs Thomas Morrison, St, Peters; and Miss M. Boyd, of Cannes comprised a motor party to Sporting Mountain summits Sunday afternoon, but didn't bypass our little domicile by the roadside.

Its monotony was agreeably broken the same evening by a motor party from the Steel City. It included Mr. and Mrs. Robert Lewis, their sons, Robert Jr. and Ronald accompanied by D. A. Sutherland.

Tuesday we were glad to greet our old friends, Mr. and Mrs. H. A. MacDonald and prepossing daughter, Barbara May, of Grand Anse.

Thence they motored to Mrs. MacDonald's native Oban to visit relatives and friends.

Mr. and Mrs. Clifford Bouchard, newly-weds of Montreal, are visitors to Oban, Mr. Bouchard's home section, where they honored them with a reception and dance at the school-house Tuesday night.

John N. Morrison was a business motor visitor from St. Peter's, Friday, but took time off to give us a detailed account of the big Annual Liberal meeting at St. Peter's the previous afternoon.

"The Four Gentlemen"

The old songs everybody knows and loves are sung by The Four Gentlemen on CBC Trans-Canada each Monday evening. The Gentlemen are, seated, Alan Sawyer, (left) tenor and John Harcourt, bass; Jack Reid, (top left) tenor and Ernest Berry, baritone. The men sing, in closely-woven harmony, a great variety of songs, including hymns, spirituals, chantys, gay-ninties numbers, folk songs and marching songs.

Translated Text Of *Premier Hicks Remarks Made In French At Liberal Meeting*

(The following is an English translation of a speech delivered in French, by Hon. Henry D. Hicks, Premier of Nova Scotia, when addressing the Richmond County Liberal Association at the annual meeting on September 7th at St. Peter's County Hall.)

Although I am not so well versed in the French language as I should like to be nevertheless, there are at least two reasons which impel me to say a few words to you in that beautiful language.

First of all, almost seventy percent of the population of this County is justly proud of the fact that it is of Acadian origin. In the second place, this year marks the 200th. anniversary of a tragic event in the history of the Acadian race, an event, moreover, which has been so appropriately commemorated this summer throughout the Maritime Provinces. I deeply regret that it was not possible for me to be present at your celebration in Arichat, but I was not at all surprised to hear from the members of my Government who were in attendance that it was an outstanding success.

But, ladies and gentlemen, apart from the other considerations, I should be wholly derelict in my duty towards the Acadians of this County if I failed to express in their mother tongue my feeling of deep gratitude for and appreciation of their loyal and consistent support of candidates of the Liberal Party since the government of the late lamented Angus. L. MacDonald assumed power in 1933. In this connection, permit me to commend your splendid co-operation with and your goodwill towards your fellow citizens of Scotch and Irish descent. This spirit of goodwill towards one another among the different races throughout this Province is worthy to be cited as an example which might well be emulated elsewhere in this era of suspicion and distrust which exists through the world.

I now desire while discussing the Liberal Party and its representatives to direct your attention in a very special manner to the young gentleman who now represents this County in the Provincial Legislature. It goes without saying that I refer to Mr. Earl W. Urquhart, than whom no member from any other County is more active, more capable, or more highly regarded by his parliamentary associates. From the very opening day of each session of the Legislature he devotes himself zealously and conscientiously to the welfare of his constituency and I have, therefore, not the slightest doubt that you will manifest your appreciation of his efforts on your behalf whenever it becomes necessary for him to appeal again to you for your votes.

Sunday was a busy day around Black River. Boating, bathing and basking in the hot sun was a pleasurable pasttime for those who spent he day on the beaches.

Labor Day was more quiet as most people gathered at the exhibition grounds at North Sydney. So, few cars were seen, and no one at the shore.

There was a soft swaying of leaves and branches and a light ripple on the teal blue water of the Bras d'Or Lake. Planes were few and far between in the hazy cloudless sky.

But all day long swarms of bees and one little hummingbird were busy among a variety of blossoms on our front lawn. The day was uncomfortably warm, but fortunately the evening became cool and more comfortable for sitting out.

Summer visitors have taken their departure to their respective homes.

Mrs. E. Larned and Fred Griswold left for Miami Beach Fla., and Worcester, Mass, respectively

Mrs. J. N. Campbell and Norma closed their cottage on Monday, 5th, and are on their way to Brookline, Mass. Bessie MacRae of Dundee, joined them for a short visit in the USA. Pte. Donald MacKinnon who was on furlough with friends at Dundee was a passenger as far as St. John.

A week earlier Mr. and Mrs. Daniel MacDougall who spent three weeks with friends in Cape Breton returned to Brookline, Mass. During their stay they moored to many parts, including sections where Mrs. MacDougall taught school before taking up residence in Massachusetts.

On Sunday 4th. Mr. and Mrs Albert Collins and Mr and Mrs. Clarence Mullens of Sydney were our guests.

Bert MacDougall spent the weekend on his return from a trip over the Cabot Trail.

Last week, a welcome visitor was Clarence Burke, formerly of River Bourgeois, but now associated with CIL Ltd., of Montreal

Mr. Burke was a bright student and during a term of teaching at Dundee, when comparatively young, he took a correspondence course in an advanced grade, together with a course in typing. We can readily understand his capacity in holding a responsible position, and wish the likeable gentleman further successes.

We were sorry to hear that Mrs. Wm. Koehearn of St. Geo.'s Channel is a patient in St. Martha's Hospital, Antigonish. We sincerely hope that her case will not warrant a lengthy stay.

Deep sympathy is being felt by all for the loss of a little infant girl of Rev. and Mrs R Humby

NEW FULLY AUTOMATIC FURNACE
Actually pays for itself
The most modern development in domestic heating will be demonstrated in this area soon. You will want to see it.
Perfected by Nova Scotia engineers, this is the furnace which is making news in the heating world. In gleaming white enamel, it is only 40 inches long, 30 inches wide and 48 inches high. It costs little to buy and install and this cost is quickly returned in fuel savings.

COMFORT AND CONVENIENCE
This new principle of heating gives the householder *maximum comfort* and *unsurpassed convenience*. No stoking — no ashes to carry. And it is the most economical heating system yet devised.
IT REMOVES ITS OWN ASHES
With modern treatment of coal, most of the ash is eliminated. The small residue is carried by vacuum to a canister which can be outside the house.
IT CUTS FUEL BILLS
Coal is the most economical fuel available in Nova Scotia. This new furnace makes a further reduction and cuts costs of fuel at least 20 per cent lower than hand-fired furnaces. Savings over other type heating systems are relatively higher. It holds a fire with as little as ¾ of a pound of coal an hour.
IT IS ABSOLUTELY CLEAN
It is impossible for ash or dust to enter the furnace room. With this furnace, the furnace room floor can be as clean as the living room table.
IT IS FULLY AUTOMATIC
It feeds itself and carries the ashes — A thermostat regulates the heat.
Watch for the demonstration of this radically different home furnace.
Purchase and installation of Dosco's new furnace can be financed through a Home Improvement Loan available under the National Housing Act. See your Bank.
