Sporting Mountain Echoes

Neil Sutherland motored up from Sydney River in his pretty Plymouth, Saturday evening.

He was accompanied by his good neighbour and friend, Donald MacLellan, and it is always both interesting and instructive to enjoy a converse with Mr MacLellan.

Arthur Morrison, Josephine Burke, and Mrs. Vitus Burke (Irene Morrison), were warmly welcomed when they motored up from the paved frontier Sunday afternoon to visit old neighbors in Seaview.

Our veteran friend, Alex MacKay of The Channel and his son-in-law, Neil MacLean, conducted us on the way to the Boudreau home Monday evening.

We were glad to meet Mr. MacLean of whom we had heard golden opinions from Austin Boudreau, who is wont to while away his leisure hours at their hospitable home in Ontario.

Seaview School is in charge of Mrs. Whitney MacPhee of Cannes this year.

When good teachers are at a premium, we are singularly fortunate to secure the service of one of Mrs.. McPhee's recognized capacity

Surveyors of the Department of Crown Lands were operating on the Sporting. Mountain tablelands, during the week, and it was wonderful to see lines of the long ago made new with such facility and accuracy.

Largest Diesel Joins CNR Fleet

Kingston, Ont.—Railroad history was made here when Canadian National Railways took delivery of the largest and most powerful diesel unit ever to join its motive power fleet, at the same plant from which the CNR took delivery of North America's first road diesel locomotive numbered "9000".

The "Trainmaster", a 2,400-horsepower giant of the rails, was received on behalf of the CNR by Ernie Kerr, veteran CNR locomotive engineer, who remembers handling the throttle of the CNR's old "9000" soon after it left the Canadian Locomotive Company plant here almost 27 years ago.

The "Trainmaster" can and will be used in all types of service: freight, passenger and switching. The 2,400-horsepower power plant within the "Trainmaster" has twelve opposed piston cylinders arranged in line, and each of its six axles is powered by an electric motor.

It is the longest diesel unit on the CNR—66 feet over couplers; and the heaviest-380,000 pounds. For use in passenger service it is equipped with a train heating generator capable of keeping the coaches comfortably warm in severest winter weather.

Eddie had a twisted ankle. Mr. Boudreau had no break but a very sore back. Mr. Cordeau didn't stay in Hospital but he injured his shoulder.

Mrs. Ambrose Poirier who underwent an operation and is in St. Martha's Hospital, Antigonish is getting along fine and will soon be back home ,we are glad to report.

The bride, given in marriage by her father, wore a floor length dress of white satin with tulle overskirt, fasnioned with a high neckline, and long sleeves coming to points over her hands. The fingertip veil of tulle was attached to the satin headpiece with lily of the valley. The bride carried a cascade bouquet of rubrum lilies.

Those who assisted in serving were Misses Barbara Wood, Lorraine Thompson, Barbara MacArthur, Edna Casey, and Franklyn Burns. BASIC ONE-RISING SPECIALTY DOUGH

Measure into a large bowl
1 cup lukewarm water
2 teaspoons granulated sugar
and stir until sugar is dissolved.
Sprinkle with contents of
2 envelopes Fleischmann's Active Dry Yeast
Let stand 10 minutes, THEN stir well, stir in
1¼ cups lukewarm water

Stir in
4 cups once-sifted bread flour
and beat until batter is smooth and very elastic.
Cream in a large bowl
¾ cup butter or margarine
Gradually blend in
¾ cup fine granulated sugar
Gradually beat in
3 well-beaten eggs
Add to yeast mixture, about a third at a time, beating well after each addition.
Mix in
3 cups more once-sifted bread flour
Divide soft dough into 3 bowls to finish as three specialties.

1. Butterscotch Nut Buns Melt 3 tablespoons butter or margarine in 8-inch square pan; brush sides of pan with fat; mix in 1 tablespoon corn syrup, ⅓ cup lightly-packed brown sugar and ⅓ cup broken walnuts or pecans. Combine in a shallow bowl ½ cup sugar, 1 teaspoon cinnamon and ¼ teaspoon nutmeg. Cut out rounded spoonfuls of dough, coat with cinnamon mixture and place in pan; sprinkle with any remaining spiced sugar. Cover and let rise until double in bulk. MANY CANADIAN CHILDREN STILL NOT IMMUNIZED

"For many years, protection against smallpox, tetanus, diphtheria, and whooping cough has been available to every Canadian child, but when we examine records, it is quite apparent that we are not taking full advanage of the benefits afforded by immunization." states Dr. C. S. Anglin staff physician for the Hospital for Sick Children, in an article written especially for HEALTH Magazine, official publication of the Health League of Canada.

He said that while these diseases should be matters of historic interest only in our country, over 200 persons die unnecessarily from them each year in Canada, while many times this number suffer a severe illness often accompanied by serious complications resulting in permanent disability.

Dr. Anglin pointed out that of all the infectious diseases of childhood, whooping cough causes by far the worst ravages in Europe and North America, according to the World Health Organization. In the years 1940—48, whooping cough killed three times as many children as measles, mumps, smallpox, scarlet fever, diphtheria, polio and meningitis combined. The last available statistics for Canada show that there are over 9,000 cases of whooing cough a year reported in Canada each year, and nearly 150 deaths a year from this disease.

"In an analysis of the cases of whooping cough seen at the Hospital for Sick Children, Toronto, during the past year, 85% of the children with whooping cough had received no immunization. This is a sad commentary of he interest shown by some Toronto parents." he said.

Dr. Anglin wrote this article to draw attention to the importance of immunizing against these diseases, the goal of Canada's 13th. National Immunization Week, sponsored by the Health League of Canada in co-operation with Departments of Health from September 25th. to October 1st. 1955.

"Be Wise! Immunize!" That's the slogan of Canada's 13th. annual National Immunization Week, being sponsored September 25 to October 1 by the Health League of Canada. It's object: to save our children from unnecessary suffering and death by encouraging everyone to make use of the readily available vaccines and toxoids.

HAVE THE YOUNG CHILD IMMUNIZED NOW

The youngest children are the most vulnerable to disease, warns the Health League of Canada, sponsors of National Immunization Week, September 25 to October 1. Infants should be immunized against whooping cough, diphtheria, lockjaw and smallpox by the time they are 3 to 6 months old. And BOOSTER doses should be administered during preschool and school years in order to keep their guard up against these notorious child killers.
