SERVICE TO NOVA SCOTIA SHORE FISHERMEN

Another advance in the progressive educational program carried on by the Fisheries Division of the Nova Scotia Department of Trade and Industry for provincial fishermen will be unveiled in Halifax this week-end.

The Bluenose Princess, a massive 40-foot-long shopmobile trailer, big enough to accommodate a dozen men with gasoline engines, will be officially opened to the public in a ceremony by Mayor Leonard A. Kitz of Halifax on the invitation of Hon. W. T. Daupnhee, Minister of Trade and Industry.

Mayor Kitz will officiate at a brief ceremony to be held at 11 o'clock Friday morning, February 10. The king-sized trailer will be available for public inspection all day Friday and Saturday until 9 p.m. Nova Scotia's Queen of the Sea for 1954, Miss Gladys Cluett, will act as hostess Saturday morning.

The nine-ton truck-trailer combination will be parked on Spring Garden Road opposite the Memorial Library and visitors will be shown through the big school-on-wheels by L. Clive Boenner, field supervisor of the training program.

The Bluenose Princess will supplement her sister mobile unit, the Bluenose Queen, in the fisheries division's program of training Nova Scotia fishermen in the repair and preventative maintenance of both gasoline and diesel engines. A major aim of the shopmobile training is that through practical training, fishermen may be able to foresee any major trouble that could possibly materialize in their engines, thus saving valuable fishing time and subsequently money.

Courses in both diesel and gas engines are given throughout the province in off-fishing season periods. For diesel training the huge trailer has room for two diesel engines, eight students and an instructor.

Frame of the shopmobile, four feet longer than a standard furniture van, was built by the Brantford Coach and Body Ltd., and the unit was driven by Mr. Boehner to Pictou where the interior woodwork, wiring and furnishings were supplied and all machines and tools necessary for engine instruction were installed.

In addition to its classroom, the Bluenose Princess also contains living accommodations for its instructor-driver. It is heated by propane gas, and may be parked wherever electric connections can be made.

The Canadian Vocational Training, Department of Labour, Ottawa, plays a vital part in the program, bearing half the entire expenses.

This mobile-type of engine instruction in Nova Scotia is unique on the North American continent and has aroused great interest both in the United States and other parts of Canada.

CNR DEVELOPS PULPWOOD CAR

MONTREAL, Que.—A new pulpwood railway car, designed by the Canadian National Railways, which can be loaded or unloaded in several ways, will haul 70 per cent greater loads and roll with greater speed and safety than present cars, was demonstrated to members of the woodlands section, Canadian Pulp and Paper Association meeting here by J. B. White, CNR research engineer.

The CNR engineer said the new car could handle about 29 cords of rough green spruce, balsam or jack pine, or about 25 cords of hardwood, compared with about 17 cords on flat cars now used. The CNR is now building a prototype of the car.

WALLACE MacASKILL

We were sincerely sorry for the unexpected demise of Wallace MacAskill.

If the internationally famed photographer maintained the agreeable and amiable attributes that characterized him in his native St. Peters, a legion of friends in the city of his adoption must mourn his untimely passing.

Though the date (Jan. 20) made it their anniversary, Mr. and Mrs. Samuel Boudreau were totally surprised when a trio of cars filled to capacity motored up from the suburbs of St. Peters and their occupants trooped into the house.

Soon the home was the scene of the same identical counterpart of the same date thirty seven years ago.

Mr. and Mrs. Boudreau have been our neighbourly neighbors through all these years.

Both were ever in cheerful mood, and both were ever ready to respond to the beck or call of a fellow citizen.

We join in congratulations for many happy returns of the day, and hope the evening of their lives may be as pleasant and long extended as an evening in June.

Mr. Cook was up from Sydney Wednesday, with his titanic pit timber transfer, and loaded at the LeBlanc lumber yards.

Lloyd McRae accompanied him back to the Steel City on a business trip.

Arthur Morrison, River Tillard, was a business motor to the community, Friday, but took time off to favor us with a friendly call.

We hope our good friend, "Old Timer" is destined to see all his hopes for 1956 realized.

ANN OBSERVER

The first session of the 30th Municipal Council of Richmond County is over, but the effect of their legislation will be felt and repercussions many.

******

Time, we believe, will prove it an historic session, in that it introduced a new era in Municipal Government in this County.

******

Gallery space was taxed at more than one session as interested citizens from various sections of the county attended and showed a keen interest in Municipal Affairs.

******

If this interest is maintained and fostered it will result in a municipal vote divorced from party politics. All to the good.

******

The method of conducting business by council has been the topic for heated discussions. One item in particular is the surprise revision of the Constitution-by-laws.

******

It has been pointed out, in fairness to Council, that a committee was appointed in 1955 to bring in a revision.

******

But it is stoutly argued that by-laws should if not have to be printed and advertised in one or more newspapers, and posted in public places, before being considered and passed.

******

In some provinces Municipal acts require three readings, and not more than two can be held at the same sitting of council, thus preventing surprise. What is the law in this province?

******

The Arichat-Isle Madame Board of Trade spent one meeting discussing events of Council. The Board is officially clamoring for "equalization of assessment."

******

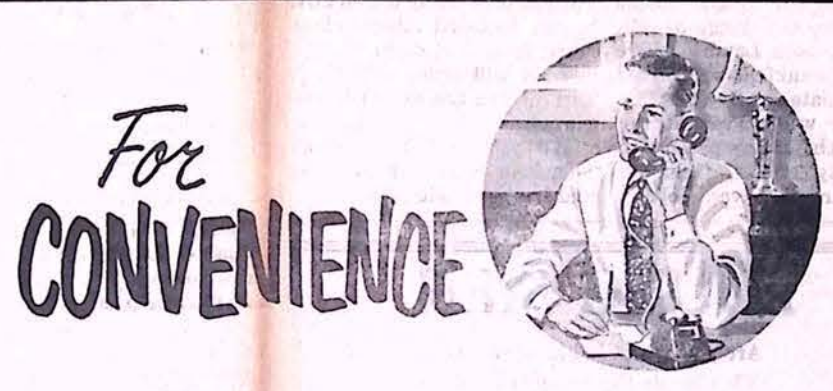

It was revealed at the January meeting of Council that the assessment in Richmond County is just over $3,000,000. A total equalized Assessment for Richmond County would be $5,715,194 says the now famous "Pottier Report."

******

"The first duty of a citizen in every country is to make themselves thoroughly acquainted with the nature and operation of the system of government under which they live. Without such a knowledge, a man (woman) is very imperfectly equipped for the performance of the serious responsibilities which devolve upon him in a country where the people rule. No amount of so-called "practical experience" can compensate a man for ignorance of the elementary principles of political science, and of the origin, development and methods of his own Government."

So wrote the late Sir John G. Bourinot, a former authority on the Government and Constitution of the Dominion, in his preface to an excellent text used in our schools in the 20's.

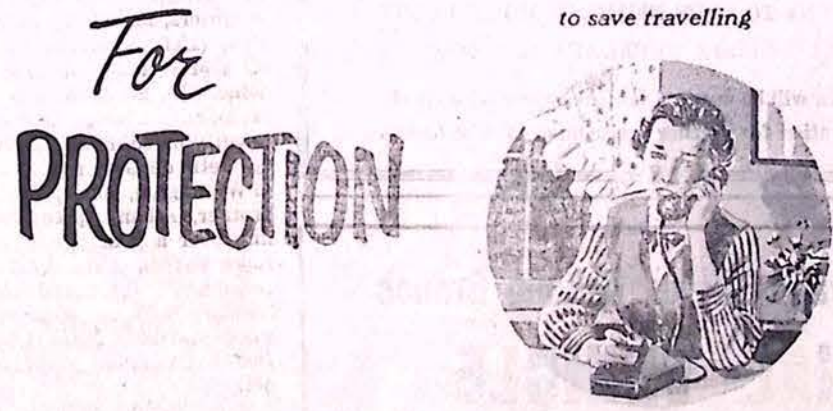

To this ideal, as expressed by a native Cape Bretoner, we dedicate this column,—and we feel this is most especially so on the Municipal level.

What can equal your telephone?

You see the telephone's value in all the things that keep family and business humming. There are conversations that save time and steps, those that save time and money and those that bring peace of mind. It would be hard to measure just how much the telephone means to everyone. A good deal more, surely, than it costs.

Yarns Spun On The Old Spinning Wheel

Several months ago the Old Spinning Wheel left here destined for Arichat, N. S. Apparently it did not reach there as nothing has been heard from it since. There is a possibility that it was blown off its course by those wild lassies who caused such a furor for weeks. You remember them—Carol, Diane, Ethel and about seven others, Janet or Kate being the last reported.

The item of most importance in it was the death of my old friend, Ernest Morrison, who passed away on April 15 at the Albany General Hospital, Albany, N. Y.

He was born at St. Peters, C. B., over 70 years ago, the oldest son of John Morrison, maintenance man for the Western Union Telegraph Co., for Richmond County, for many years. He had two brothers, Wilfred, who is living on the old homestead in St. Peters and Aubrey who died at Montreal a few years ago.

Surviving are one son, Ernest, Jr. and two daughters, Rita and Mary. Interment was at Watervliet, N. Y.

• • • •

That young 77-year old lassie, Dame Flora MacLeod, the undisputed chief of the Clan MacLeod addressed a meeting of the Clan MacLeod Society of America, Inc., at the Hotel Shelburne, New York City, on Friday, January 27, before returning by air two days later to her ancestral thirty-room castle on the Isle of Skye, in Scotland.

Whenever Dame Flora appears on the scene she makes news, especially for the MacLeods. The newspapers always give her a column or two, which shows that she is what they call "live copy."

Clan MacLeod was founded in the thirteenth century by Leod, son of Olave the Black and has since sent members to every corner of the earth. Some 20,000 of them are believed to be in the United States.

Last year, when MacLeod societies were organized in six Canadian provinces she readily accepted invitations to appear before meetings of each one of them. Her visit to Canada and the United States was the result.

For Dame MacLeod the dinner on January 27 was the last of a series of MacLeod gatherings she had attended and addressed in numerous communities throughout Canada and the United States since she arrived in America for that purpose last September.

I am sure we all wish her many more years as chief and again erelong.

Due to circumstances that kept the Old Wheel from spinning the past several months I was unable to greet my old friends during the Christmas season. Many of you sent me greetings for which I am deeply appreciative. So I take this way while the year is still young to wish you all "A Happy and Prosperous New Year."

Expect to send you a few more yarns during the year.

NAVIGATION SCHOOL FOR FISHERMEN AT PETIT DeGRAT

Capt. R. G. Wilkie, Bridgewater, of the Fisheries Branch, Department of Trade and industry, is conducting a navigation school for fishermen at the Petit de Grat Parish hall.

We understand Capt. Wilkie will have a class of 16 students from Isle Madame and will conduct the school for the next four weeks.

The Department of Industry, at Halifax, under the Hon. Wilfred Dauphinee, Minister, are to be complimented for the progressive program they have been carrying out during the past several years.

Our good friend, Brian Meagher, formerly of Canso, is in charge of the Fisheries Division of this Department.

DAVID — LANDRY

A lovely wedding was solemnized at St. Joseph's Church, Petit de Grat, when Aline, daughter of Mr. and Mrs. Louis Landry of Samson's Cove became the bride of Paul David, son of Mr. and Mrs. Henry David, of Petit de Grat, with Rev. Charles Forrest officiating. Miss Gwen Power, was vocalist, accompanied by Xyste Landry, church organist.

The bride was given in marriage by her father, looked charming in her floor-length gown of white nylon with lace inserts fashioned with strapless bodice over which she wore a jacket of lace, with Queen Anne collar and the sleeves coming to a point at the wrists. The bridal veil was of illusion net and she carried a bouquet of American Beauty roses.

The maid of honor was Ethel David, the groom's sister, who wore a bellerina length gown of pink nylon net and lace over taffeta with bandeau and mitts to match. She carried a nosegay of pink and white carnations.

Miss Celine Boudreau the bridesmaid wore a pale blue gown of lace over taffeta with bandeau and mitts to match, and carried a nosegay of pink and yellow carnations.

Vincent Landry, brother of the bride, and Adolph Boudreau acted as best men.

Immediately following the ceremony, the young couple motored to the home of Mr. and Mrs. John Landry where wedding breakfast was served to immediate relatives.

Dinner was served at the home of the bride's parents to some fifty guests, including friends and relatives. Following short motor trip to the mainland, a sumptuous supper was served at the home of the groom's parents to some 150 relatives and friends.

The young couple were the recipients of many useful gifts which included silver, glassware, linen and cash.

They will reside in Petit de Grat where the groom is employed.

We join with their many friends in wishing them a long and happy wedded life.

AMOS C. LANDRY

PETIT ReGRAT—Feb. 10—Amos C. Landry was found dead Thursday, Feb. 2, outside his workshop, at South Side, Arichat, where he was engaged building a fishing boat. Death was due to a heart attack. His nephew Thilmon Landry, with whom he was residing at the time, found the remains of his uncle who had apparently died a few hours earlier.

A quiet and respected citizen, Mr. Landry, was an excellent boat builder and during the past several years built boats for local fishermen as well as for the Department of Transport for lighthouse keepers along the Atlantic seaboard.

Surviving besides his wife are three sons, Emile, Arthur and George, at home; three daughters, Mrs. Clifford Fougere, (Helen), Greenwood, N. S., Marie and Christina at nome. Also surviving are five brothers, Louis, Samson's Cove; Wilfred, Peter and Henry, Petit de Grat and Arthur in Willimgton, Mass.; Another brother, Albany, predeceased him over a year ago. Also three sisters, Mrs. Albert J. Boudreau, (Sabine); Mrs. Newman Boudreau, Clemence) Boudreauville; Mrs. Walter DeCoste, (Albina), Cape Auguet.

The funeral which was largely attended was held from his late residence in time for 9.00 o'clock Mass of Requiem at St. Joseph's Church, with the pastor Rev. Charles Forrest as Celebrant.

C. A. Boucher, funeral director, C. A. Boucher, was in charge of arrangements.

The Record extends sympathy to the bereaved wife and family.

The big snow storm during the first part of the week, was a reminder that old time snow storms can happen even if we have escaped its fury in recent winters.

Cars were marooned all over Cape Breton and weary motorists had to await the arrival of snow plows late the next day so as they could continue to their destination.

Roads in some of the county districts are still blocked and snow plows and residents are battling snow drifts to make the roads passable to motor vehicles.

Yummy! Chelsea Bun Loaf

A treat you can make easily with new fast DRY Yeast

Now you have Fleischmann's Fast Dry Yeast, forget about the oldtime hazards of yeast baking! Always at hand—always full-strength and fast rising! Keep a month's supply in your cupboard! Make this delicious Chelsea Bun Loaf—cut in slices for buttering, or separate the buns.

CHELSEA BUN LOAF

Make 3 pans of buns from this one recipe—dough will keep in refrigerator for a week.

Scald ¾ c. milk, ¼ c. granulated sugar, 1½ tsps. salt and ¼ c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl ½ c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 mins., THEN stir well. Add cooled milk mixture and stir in 1 well-beaten egg. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2½ c. once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Cut off 2½ of dough, knead into a smooth ball, place in greased bowl, grease top of dough, cover and store in refrigerator until wanted. Shape remaining ½ of dough into a smooth ball, place in greased bowl and grease top. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Cream 3 tbs. butter or margarine and blend in ½ c. brown sugar (lightly pressed down), 1½ tsps. ground cinnamon and 3 tbs. corn syrup; spread about ⅓ of this mixture in bottom of a greased loaf pan (4½" x 8½") and sprinkle with pecan halves. Punch down risen dough and roll out into an 8" square; loosen dough. Spread with remaining sugar mixture and sprinkle with ½ c. raisins. Loosely roll up like a jelly roll. Cut roll into 6 slices. Place in prepared pan. Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, 25-30 mins. Let stand in pan for 5 mins. before turning out.

THINGS THAT ENDURE

Honor and truth and man-
—hood
These are the things that
stand,
Though the sneer and jibe of
cynic tribe
Are loud through the width
of the land.
The scoffer may lord it an
hour on earth.
And a lie may live for a
day.
But truth and honor and
manly worth
Are things that endure
alway.

Courage and toil and service,
Old, yet forever new—
These are the rock that abides
the shock
And holds through the
storm flint-true.
Fad and folly, the whims of
an hour,
May bicker and rant nad
shrill;
But the living granite of
truth will tower
Long after their rage is
still.

Labor and love and virtue—
Time does not dim their
glow;
Though the smart may say in
their languid way
"Oh, we've outgrown all
that, you know!"
But a lie, whatever the guise
it wears,
Is a lie as it was of yore.
And a truth that has lasted a
million years
Is good for a million more!

WOMAN ASKS CNR TO FIND MOUNTIE

New York, N. Y.—Mrs. N. J. Mayer of Ozone Park, Long Island, N. Y., believes as most Americans do that the Royal Canadian Mounted Police always get their man—and she wanted to follow the tradition by finding the Mountie she believed to have lost his regimental collar badge on New York's Fifth Avenue.

Mrs. Mayer didn't know what to do with the badge, but she did know that the Canadian National Railways "serves all Canada". So she turned the badge over to the CNR Public Relations staff asking them to help locate its owner.
