Text of Mr. Urquhart's Speech In the Legislature

(3rd. Instalment)

(Continued from last issue)

Although fishing is the main industry in my constituency it must not be assumed that the other primary industries are of little or no significance. In previous years I discussed the base metal mining development in the eastern section of Richmond County but today I want to make a brief reference to agriculture. Quite true, Richmond County cannot properly be classed as a great agricultural county, for example, like the counties of Antigonish, Pictou and Colchester; yet we can claim some recognition which will merit my remarks in this respect

I hope it will not surprise Honourable Members to know that three years ago silage of one of our farmers in Richmond County, Mr. Touesnard, of River Bourgeois, tested over 20 percent protein, which was the highest test recorded for the Maritime Provinces at that time. Another farmer on Isle Madame, Mr. Benoit, of Arichat, recently purchased 11 head of cattle in Newfound land which comprised the first herd ever sold out of Newfoundland by the Bowater Pulp and Paper Company farm at Cornerbrook.

Two individual purchases from Bowater had been made by Richmond County farmers prior to Mr. Benoit's purchase The Bowater Ayreshires have set many records in milk and butterfat production.

I am confident that this prominent young businessman and farmer will make a marked contribution towards the futherance of the agricultural industry in this province.

I listened with great interest to the remarks of the Leader of the Opposition when he discussed the problems involved in undertaking a programme of National Health Insurance in this province.

Discussing the financial aspects of the plan, he said, as reported on page 48 of Hansard: "I have no doubt that if this Government remains in office, a Sales Tax would become necessary." And then he goes on to say: "One thing this Government does well is to raise taxes."

If I were to say that those remarks were unfair and unduly critical of the Government, I would immediately be accused of being purely partisan. So therefore I shall not pass comment but shall instead refer to an editorial in the Halifax Chronicle-Herald, dated February 29th, 1956, which reads in part as follows "Actually, Nova Scotians are not a heavily taxed people so far as provincial administration is concerned. Certainly not in comparison with taxation in certain other provinces where they have provincial and local sales taxes and have had, in one case still have, a provincil income tax as well".

There, Mr. Speaker, is an expression of opinion from an independent point of view, printed editorially in a newspaper which has as its creed, and I quote: "The Halifax-Chronicle-Herald stands for Maritime Progress and Development, and is dedicated to the service of the people that no good cause shall lack champion and that wrong shall not thrive unopposed."

Let me further point out that in the Province of New Brunswick, which has a government not of the same political faith as ours, the people are more heavily taxed than in this province.

A few days ago the New Brunswick Budget was brought down amounting to over 57 million dollars which far exceeds any Budget ever presented by this government to the people of Nova Scotia.

New Brunswick gets less money from the Federal Treasury than does Nova Scotia and yet spends more which means its government has to raise more money by taxation to meet its high budgets.

Compare the populations of the two provinces and we readily see that in 1954 the estimated population of New Brunswick was 547,000 while Nova Scotia's was 673,000--a good deal more. Thus the per capita tax is much lower in Nova Scotia than New Brunswick which is something about which we should rejoice.

● Scald ⅔ c. cream, 2 tbs. granulated sugar, 1 tsp. salt and ¾ c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl ½ c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Active Dry Yeast. Let stand 10 minutes, THEN stir well.

Add cooled cream mixture and stir in 3 well-beaten eggs. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2½ c. (about) once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and set in a warm place, free from draught. Let rise until doubled in bulk. Mix ¾ c. granulated sugar and 2 tsps. ground cinnamon; sprinkle half of this mixture on baking board. Divide dough into 2 equal portions and turn out one portion onto prepared board. Roll out into a 12" square; fold from back to front and from one side to the other. Repeat rolling and folding 3 more times, flouring board lightly if it becomes sticky. Seal edges of folded dough and place in a greased 8" square cake pan and pat out to fit the pan; butter top lightly and press walnut halves well into the dough. Sprinkle remaining sugar and cinnamon mixture on board and treat second portion of dough same as first portion. Cover and let rise until doubled in bulk. Bake in a moderate oven, 350°, 15 mins., while preparing the following syrup; simmer together for 5 mins., 1 c. granulated sugar, 1½ tsps. grated orange rind, ¼ c. butter or margarine and ¼ c. orange juice. Quickly pour hot syrup over the 2 partially-baked cakes and bake cakes about 15 mins. longer. Stand baked cakes on cake coolers for 20 minutes, then loosen edges and gently shake from pans.

A Homespun Yarn By MacTavish

Dear Charlie I. Cameron:

A young whippersnapper of a nephew who was born and raised in the same beautiful village that you and I were fortunnte enough to have as our own, lowered his mainsail and dropped anchor with me for a few days on his eastward passage to Cape Breton..and then on his way back to far-flung Calgary where young Lawyer Thurgood and Jolly Jack Cotton reside, he heaved the anchor once more and tied tight hawsers by my dock.

"Why don't you write a 'MacTavish'?" he asked me... And I replied.."What or whom will I write about?"

He scratched his young head and snapped.."Write about Charlie Cameron. I like him."

As you know, Charlie, it's well nigh impossible to squelch this bubbling Bobby (who, of course is the nephew in question) so.I said "Why not?"

I'll tell the readers of the Record about the time only a few short years ago when you were seriously ill and the young fellows including our Bobby rolled out the local hearse which just missed being buried in the ruins of Babylon, from the shed below your store (And wasn't that store at one time the RICHMOND TRADING CO...and didn't the father of our late lamented Wallace MacAskill have something to do with it? and how they rolled the ancient chariot along the asphalt and coasted lickety-split down the Church Hill and finally left the wierd wagon in your front yard for ready convenience .. They thought they were being tremendously funny, Charlie---But were they actually? And the reason MacTavish tells this tale is because when the Bon Dieu spared you and you returned to normal health you laughed about the whole thing and turned the tables on the boys and said, "I fooled YOU didn't I?" And MacTavish is glad you fooled them and that the Good Lord spared you..for you are an integral part of my Cape Breton and my county and my village.

You, Charlie, were in Iona when I was of an age for pranks, painting pigs and tearing down local 'Chic Sales' and the gates and ringing fire alarms. (The alarm was the rim of a driving wheel of an ancient locomotive and it hung back in the school yard and a heavy hammer pounded it until it resounded throughout the whole community). I came to know you in later years, Charlie and to respect you, and through the years because of your industry and studied diligence and your calculated risks you have etched out an enviable position in our county..And I cannot recall that you ever climbed the back stairs to political gravy pots. MacTavish believes you took advantage of free enterprise and hewed your own timber. And because of that MacTavish tips his tattered tam with deep respect.

I can remember your father, Duncan, with a plaid shawl over his aged shoulders --am I wrong when I say there is a chromosome or two from a Mabou Murray coursing through your veins. MacTavish thinks you have been an asset to our beautiful village by the Bras D'Or and he likes to think of you in your duster with paper and pencil in hand as you tally the bags of feed and the calico colored sacks of flour..and of you strolling to L'Ance de Loup and launching your boat and hoisting the sails and slipping out the Bay past the Horse Heads and on to Cape la Ronde...And didn't you marry a beautiful lass from L'Ardoise by the name of Martell ..a sister of handsome Ernest who stole our Irish colleen, Margaret from us?

So you see, Charlie my boy, when young Bobby challenged MacTavish to write about you I accepted with considerable relish and snapped back at the young whippersnapper.. "That will be easy. Go thou and do half as well as Charlie."

And do you know, perhaps he will for he has a fair portion of good stuff in his make up.

Bon jour,

MacTAVISH

Should Thank D. A. S.

We received a letter from a resident near the Sporting Mountain districts complaining of reference made by our good friend DAS in his Sporting Mountian Echoes in regard to mail service in that district.

We see no justification for the publishing of this letter and would suggest that a word of thanks be extended to DAS rather than criticism.

From what we could gather from DAS in his Echoes he was striving to point out to the Postal Department that the present mail route was not feasible at anytime and more especially under severe winter conditions.

We have known DAS for many years and our readers will all agree that in his friendly column he never has an unkind word to say about anyone and we are surprised that any offense has been taken to his well-founded arguments put forward in his popular Echoes in the interest of all concerned.

Mindamar Mine To Close Down

The department of mines has received official notice that the Mindamar base metal mine at Stirling in this county will cease operations late this month.

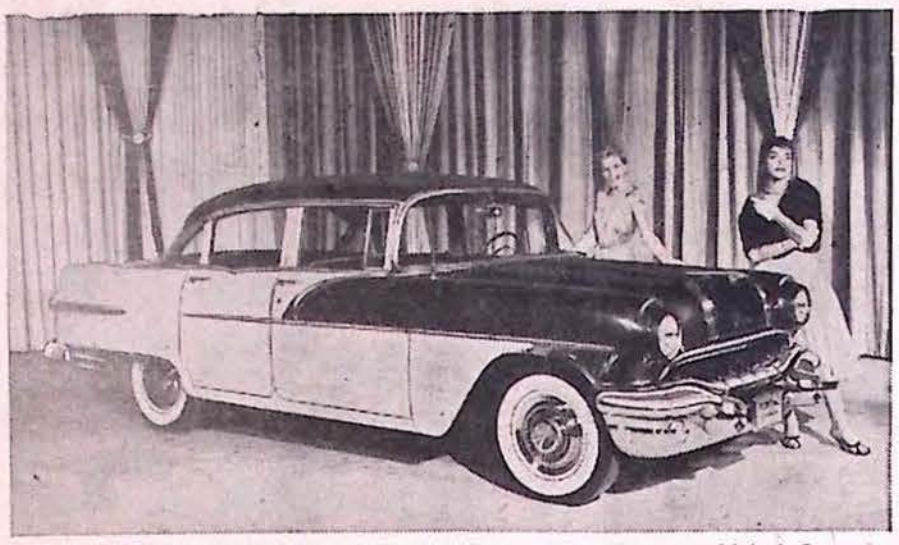

The mine which re-opened four years ago at a cost of $3,000,000, has run out of ore reserves. It was financed by Dome Limited, one of Canada's largest mining concerns.

About 150 will be affected by the closure but most will obtain similar work in Ontario and New Brunswick.
