Text of Mr. Urquhart's Speech In the Legislature

(Final Instalment)

(With this issue we conclude Mr. Urqhuart's address in the House of Assemly and by comments comng to the Record office his remarks coupled with his ability as a debater has been received by many of our readers with favourable impressions from all sides. One American subscriber from Los Angles, California, has this to say: "Enjoyed reading Mr. Urquhart's speech in the Record, in recent issues and look forward to following chapters. Although I have no interest in politics in my native county of Richmond, however, I have a personal interest in its people and to my mind, Mr. Urpuhart is an able champion.)

******

Much has been said recently, in and out of the House, with reference to the Government loan o Mercury Fisheries Limited. This topic was the subject of a four-day debate some days ago in this Chamber, and I do not propose at this time to rehash any of the arguments pro and con advanced then, but I do wish to cover some features of the loan that were not then debated.

I should point out that the four boats used by Mercury Fisheries were passed by the United Kingdom Maritime authority and certificates of seaworthiness were granted by this body. All four boats crossed the Atlantic without difficulty, and on arrival in Halifax they passes the Canadian Board of Steamship Inspection. In addition, the import of these boats was approved by the Canadian Maritime Commission, which is body whose main purpose is to prevent inferior boats from coming into this country.

Thus charges of the Opposition that these boats were "junk" and having little or no commercial value, are completely without foundation as are most of the charges levelled by my friends opposite on this and other topics. Let me say now that the Opposition endeavoured to garnish political capital by attacking this loan, but I am confident that they will not gain one vote on this issue. Indeed, it could very well be that they will lose votes if they push their attack any further.

After all, only a Quarter of a Million Dollars was used in this venture and the main purpose of the venture was for scientific research in the fishing industry. Had the venture proved successful, everyone would have been overjoyed --incuding the Opposition.

I am at a loss to reconcile and rationalize the thinking of my friends opposite. They criticized the Mercury Fisneries loan which was a scientific research loan and say that it shouldn't have been done, but yet the Leader of the Opposition, in the Throne Speech Debate, urged the Government to undertake extensive and exhaustive research with the Fundy tides to determine the fesibility of obtaining cheap hydro power from them. He said the whole venture could very well be a "Pipe dream" and he said that it would cost money perhaps a few Million to get the necessary information. . .Imagine! A few Million Dollars of the people's money on a project which he himself states "may very well be a pipe dream" but when it came to scientific research in the fishing industry, he repeatedly criticized the Government for risking a Quarter of a Million Dollars, part of which will be recovered when the boats are sold.

The Tory attitude of gloom and pessimism has no rightful place in the minds and thoughts of Nova Scotians. I like to recall a sentence from a speech of the late King George VI, which was given at Winnipeg during the Royal Tour of Canada. After having toured the greater part of this young country which is full of opportunities, the King said: "Life is a great adventure and every one of you can be a pioneer, blazing by thought and service a trail to better things." Certainly those thoughts exemplify the highest type of optimism, and it is obvious that the late King was greatly impressed by the industry, thrift and agressiveness of the Canadian people, and it was a source of inspiration to him that they were so optimistic of the future.

The people of Nova Scotia are also optimistic in their outlook, and it is customary for them to elect a Government which as an optimistic outlook. That Government, of course, is a Liberal Government, and it is not without significance that in the 22 elections since Confederation, the Liberals have won 19 of them. As the people of Nova Scotia and the Liberal Government are optimistic, so too is our Premier, with his youth and energy, optimistic in his outlook. He is keen and resourceful in debate as my friends opposite have found out on numerous occasions. He has proven himself every inch a leader, not merely from a partisan point of view, but a leader for all Nova Scotians to follow.

I should like to conclude my remarks on this note. Both the Honourable the Premier and the Leader of the Opposition published New Year's messages in the January 2nd edition of the Halifax Chronicle-Herald. Both messages were the subject matter of an editorial to which I should like to refer briefly on this occasion. The Premier left this thought in the minds of the people of Nova Scotia, and I quote: "It is my earnest hope

SOUR CREAM BUNS

● It's such a thrill to make new yeast treats with Fleischmann's Active Dry Yeast. Keeps *full-strength, fast-acting* without refrigeration. Get a month's supply.

SOUR CREAM BUNS

● Scald 1½ c. milk ½ c. granulated sugar, 2 tsps. salt and ¼ c. butter or margarine; cool to lukewarm. Meanwhile, measure into a large bowl ½ c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Active Dry Yeast. Let stand 10 minutes, THEN stir well.

Sieve ½ c. cold mashed potato and mix in 2 unbeaten egg yolks and ½ c. thick sour cream; stir into yeast mixture and stir in lukewarm milk mixture. Stir in 3½ c. once-sifted bread flour; beat until smooth. Work in 3 c. (about) once-sifted bread flour to make a soft dough; grease top. Cover and set in a warm place, free from draught. Let rise until doubled in bulk. Punch down dough, grease top, cover and again let rise until doubled in bulk. Punch down dough and turn out on lightly-floured board; roll to ½" thickness and cut into 3¼" rounds and place, well apart, on greased cookie sheets. Using a floured thimble, make a deep depression in the centre of each bun. Brush rounds of dough with mixture of 1 slightly-beaten egg white and 1 tbs. water; sprinkle generously with granulated sugar. Cover and let rise until doubled in bulk. Deepen depressions in buns and fill with thick raspberry jam. Bake in hot oven, 425°, about 15 minutes. Yield — 3 dozen large buns.

Sporting Mountain Echoes

The snow plow came over the top of Sporting Mountain Thursday, (April 19th) and thus our postal problem should be obviated for a while.

We compliment the Record Pubisher for making the grievance so plain that he who runs may read and understand.

We quote the following from "The River Round Up", of April sixth:

"Bennie Konning, one of our new Dutch people, who owns the farm owned by the late Mr. and Mrs. Dennis P. Morrison returned from Halifax yesterday morning accompanied by his brother, Joseph, who has just arrived from Holland.

If Joseph proves as popular as his brothers, Tony and Bennie he will be gladly welcomed to our neighbourhood."

We too, Mr. Editor, agree with MacTavish regarding our unpretentious friend, C. I. Cameron, and we'd include Mrs. Cameron who is an extraordinary woman.

We had occasion to go to St. Peters, Thursday afternoon, and had Buddie Boudreau motor us down.

After hibernating in Seaview Valley during the winter months it was a pleasing diversion to be thus privileged to contact so many old friends of Town and Countryside; and particularly pleasing to be warmly received by Mr. and Mrs. Charles Nicholson in their pretty new home at Ance deLoup to which they have retired from active Life.

Of Mrs. Nicholson (Margaret Matheson) suffice it to say she comes from Victoria County in the vicinity of Baddeck the Eden of Cape Breton.

We liked the little story which Mrs. D. A. Morrison told us down at St. Peters the other day.

Since school days in Oban the family of the late Maurice Boudreau and the Morrison family have been fast friends; and when it was known that Sister Marian Regis would have a few hours stay in Boston en-route to California her brother, Ephram Boudreau of the Civil Service, her sister, Mrs. James Burke of Ontario and Mrs. A. MacDonald (Rena Morrison) of East Bridgewater, Mass., were waiting there to greet her and enjoy a brief reunion.

In the Morrison Emporium Thursday evening we were glad to meet John and Hugh McInnis and the formers son, Philip Jr., of South Shore; glad to get good tidings of our veteran friends, Mrs. Bella McDougall and Mrs. Sarah McAuley; and glad to learn that their neighbor, Albert Angus McInnis was making a good recovery from his recent illness.

Mr. and Mrs. Leonel LeBlanc motored to Port Hawkesbury, Sunday and were guests at the Bisonnette home.

Ottawa News Letter

By

HON. R. H. WINTERS

Minister of Public Works

Dear Mr. Editor:

I'd like to devote this letter to the proposals the Federal Government has made to the provinces in the field of taxation, and at the same time to commend Premier Hicks for the good arrangement he has negotiated for our province. It represents an entirely new fiscal deal. I believe the arrangements are sound, wise and fair.

The underlying taxation factor in Canada is that some provinces are better able than others to raise the taxes to finance provincial services such as roads and education. Unfortunately, if our province had to rely solely on its own tax sources, Nova Scotia would find it very difficult to maintain services at levels to which Canadians have become accustomed. If confederation is to remain a living workable thing, some way must be found to give us and the other similarly situated provinces the revenues necessary to do so.

Since the early years of World War II, the snswer has been found in agreements under which the provinces rented to Ottawa certain fields of taxation and got in return certain levels of payment. Our new proposals go beyond this into a more flexible arrangement which will bring substantially higher payments to Nova Scotia.

Tax equalization payments will be made to all plrovinces with no strings attached. They are based on the levels of revenue each province could get if it applied certain levels of tax in the income, corporation and succession duty fields. If it can't raise as much as the average of the two wealthiest provinces, then Ottawa will pay the difernce.

Nova Scotia is one province which will need to look to Ottawa for assistance. In the next fiscal year, we will receive from Ottawa close to three times the monies the provincial government would collect if it exploited its own tax sources in the fields concrened.

With these payments and an insurance premium tax now being turned over to the provinces, Nova Scotia in the fiscal year 1957-58, the first year in which the new arrangement will be in effect, will be in effect, will get from Ottawa an estimated total of $27,110,000 or $5,300,000 over the level of our payments in 1956-57 under the present agreement--a percentage increase of 24.3.

These federal payments will make up close to half the provincial government's revenues and a stabilization principle will prevent them from falling more than five percent in any one year. In other words, Ottawa will put a floor under half our provincial budget. This, I feel, gives us in Nova Scotia more financial security than we've ever had before.

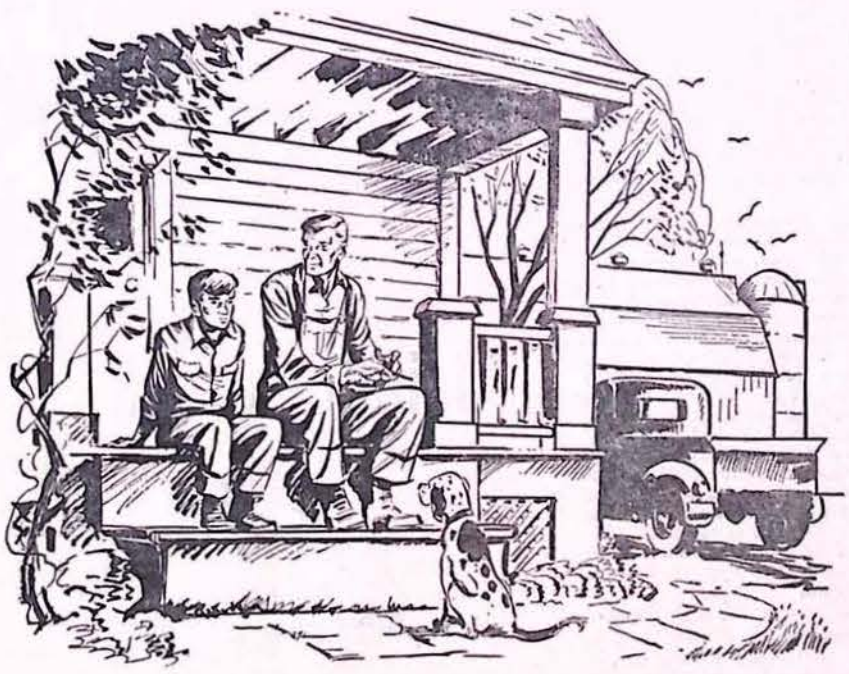

Yours sincerely,
ROBERT WINTERS

NEW NAMES SUGGESTED FOR WEST BAY ROAD

LONDON, Eng. -- Arcady, Chesildown or Tangmere.

They are among more than 1,000 suggestions for a possible name for the village of West Bay Road on Cape Breton island, Nova Scotia.

The search for a new name started when postmaster A. N. MacLeod of West Bay Road asked in mid-March for the help of United Kingdom postal officials in finding a name with a "tang of the Motherland" in it.

British newspapers asked their readers for suggestions and one, "The Sunday Despatch, offered three prizes of a guinea each for the best suggestions. More than 1,000 readers sent suggested names to the Despatch alone.

One Despatch prize went to Mrs. G. M. Langley of Bolingey, Perranporth, Cornwall, who suggested the name of Tangmere because "it fulfills in more ways than one the specification that the name must have a "tang of the Motherland' about it since 'mere' is French for mother."

Another prize went to a Dorset reader who suggested Chesildown because the famous chesil bank keeps back the waters of West bay near Portland bill. The third prize was for Sunpatch, a contraction of the newspaper's name.

"All the suggestions sent into the Despatch along with those made to about 60 other newspapers and sent to the post office direct, are being forwarded to Mr. MacLeod," said A. N. Armitage, a London post office official.

Armitage has his own suggestion--Arcady.

NEWS ABOUT TOWN AND COUNTY

Archdeacon G.A. Andrew .DD. Visits His Old Home

Friends in Arichat and throughout Isle Madame were happy to see Ven. Archdeacon G. A. Andrew D.D. of Toronto who spent a few days in Arichat during the week.

The Archdeacon attended the funeral of his nephew's wife, the late Mrs. Allan Thompson at New Glasgow.

Sunday night on invitation of Rev. N. M. Sorge he occupied the pulpit of St. John's Anglican Church here and in his opening remarks expressed delight at being present in his home Church where he spent six years of his Ministry. The first rector of St. John's was his grandfather the late Rev. James Allan Shaw.

In a very interesting and instructive address he outlined his experiences in the Mission field of China where he spent 30 years in the province of Honan.

This was Archdeacon Andrew's first visit here in eight years. On a visit to the Booth Fisheries plant at Petit de Grat he was much impressed with the big processing and fish stick plant and by the courtesy extended by its genial manager Mr. Charles Gordon.

The Archdeacon was cordially received on the dragger Margaret H.M. in command of Capt. Gordon Lace of Lunenburg, who explained all the details of navigation by electronic instruments.

Before returning to Toronto he visited as many old friends as time would permit.

He saw a great improvement in Arichat and throughout Isle Madame with its paved highway an addition since his last visit here, and was convinced that Isle Madame was to the forefront much to his delight.

Dundee Dew Drops

April 26th. What a lovely day! The sun is warm and bright, the water is blue and the grass beginning to show green as the last piles of snow are disappearing.

The wind is unfavorable for fishing and few trout have been caught, as yet. The herring are also scarce these days.

Bert MacDougall of Stirling and Calder of Thibeauville were motor visitors to Dundee on Sunday. It was their first attempt over the roads in many weeks.

Bert says Stirling is getting to be a ghost town, now that the mine has ceased operation and so many moving away. Despite all this, sales are still heavy at the Shaw Store.

that Nova Scotians will never hesitate to face the decisions and problems of the future, and it is in this confident and optimistic spirit that I look to a continually improving future for all of us who live in this province by the sea."

The Leader of the Opposition also presented an optimistic outlook when he said, and I quote: "Nineteen Hundred and Fifty-five has been a relatively good year for our province."

Then the writer of the editorial went on in his own words to say, and again I quote: "The year that has just ended has been a year of progress--one of the best in our history."

With those encouraging words let us look well to the future advancement of Nova Scotia. We are all proud of Nova Scotia as a province and we are proud to be the citizens this province. Let us not attempt to belittle Nova Scotia or ourselves, and at all times we must put our best foot forward, being ever mindful of our shortcomings but proud of our achievements and optimistic for our future. We owe it to all Nova Scotians to look to the future with confidence, with courage and with a sincere desire to make Nova Scotia one of the best provinces of the realm of Canada.

In that setting, Sir, I would urge the House to defeat the Amendment sponsored by the Leader of the Opposition, and to support the Motion moved by the Honourable Member for Digby and seconded by the Honourable Member for Victoria.
