Board of Trade Replies To Anti-Humbug

Richmond County Record.

Dear Mr. Editor:—Under date February 18th a letter was published in your paper by a person who through apparent lack of courage chose to use the name "Anti-Humbug." It was at first felt best to let this type of letter remain unanswered, but since it contained a ridiculous and unfair attack on a representative group of 44 men from every section of Ile Madame it was finally decided that in fairness to the members of the Board of Trade a suitable reply should be made to his charges.

Respectable, right thinking and responsible citizens of this County as well as other fair-minded readers of your valued publication were somewhat shocked upon reading in your paper the article entitled "In Defence of Our Municipality."

This cheap uncalled for attack, against the honest efforts of members of the local Board of Trade for sound and progressive Municipal Government, is a disgusting display of ungenteel narrowness of view.

The honest efforts of our Board of Trade have been lauded by no less a person than the Vice-President for Nova Scotia of the Canadian Chamber of Commerce, writing under date of February 21, 1956, whom we are happy to quote:

"Reports emanating from the Maritime Office of The Canadian Chamber of Commerce show that the Arichat-Ile Madame Board of Trade is performing many useful activities on behalf of your community. Such public-spirited groups in over 730 communities across Canada account for the great strength and effectiveness of the Board and Chamber movement. In sum total, these individual efforts add up to a tremendous contribution toward making Canada a better country in which to work and live."

Our disgracefully kept Municipal Offices and County Buildings, the herds of cattle and flocks of sheep roaming at large in a County with hundreds of acres of abandoned neglected and untilled fields must be taken by Anti-Humbug as evident proof of the years of progressive Municipal Government to which he refers.

The Board of Trade was never against high assessment. Proof of this was our brief to the Municipal Council in January of 1955, in which we stated the irrefutable fact of gross inequalities of assessment throughout the entire County, but especially in Ile Madame.

No appeals before the Appeal Board. A great number of appeals were presented in 1955. The same Appeal Board sat in 1956, and there was no general assessment made in 1955, which is contrary to Section 10 of the Assessment Act, Chapter 15, Revised Statutes of Nova Scotia 1954. Why in the name of common sense should ratepayers lose time and put themselves to the expense of appearing before the Appeal Board on the same assessment as the previous year? That, Mr. Editor, answers the question of not having any appeals in the year 1956.

The $11,828.80 deficit claimed by "Anti-Humbug will go down in history as the biggest Richmond County joke of 1956. $11,828.80 is the deficit shown for 1955, but this includes an item of $13,170.20 taken from Reserve Fund and transferred to Revenues (see page 7 of Auditors' Report) and which is explained on pages 1 and 2 of their report. These two amounts total $24,999.00 which is the actual deficit for the year 1955 and is $1. less than the amount claimed in our letter of last February in the "Chronicle-Herald."

Now, who is Anti-Humbug? Is he a ratepayer or a poll taxpayer of this County. If the former, does he contribute so little to the finances of the Municipality that financial matters do not bother him? Why is he hiding behind a pseudonym? Is he ashamed, as he rightfully should be, of what he has written?

Thank you Mr Editor, for space in your valued columns.

Ottawa News Letter

By
HON. R. H. WINTERS
Minister of Public Works

Dear Mr. Editor:

An extra splurge of life and color was brought to Parliament Hill this week by the delegates to the Annual Convention of the National Federation of Liberal Women of Canada. The business sessions of their three-day meeting took place at the Chateau Laurier but otherwise the delegates spent considerable time around Parliament itself and they had several members of the Cbinet down to talk things over in the fields in which the Ministers are directly concerned. All in all, while they were here, the delegates to this convention became very much a part of the Parliament Hill scene. I personally think that is a good thing and I'm sure the other political parties benefit when their conventions are held here.

It is a good and invigorating thing for Parliament to feel the freshening influence of a cross-section of Canadian opinion at any time. It helps us to sense national opinion and to keep things in perspective. For that reason alone, these conventions are an asset.

The Liberal Women assembled some 300 ladies from one coast to the other, and many of them came with firm opinions on the way the nation's business should be conducted.

Nova Scotia, as usual, sent a strong delegation. Mrs. C. J. Embree of Halifax, the first Nova Scotian ever to head this national body, rounded out three years of valuable service. The South Shore was ably represented by Mrs. W. A. (Flo.) Hewat, of Lunenburg, President of the Nova Scotia Association.

As I've said, these meetings offer the Government a cross-section of Canadian opinion. The influence is direct. For instance, the delegates had Finance Minister Harris in for a discussion on the financial side of the government. When one delegate asked him how he spent all the money, he chuckled and looked around around the room for Mrs. Harris. Then he replied that he was glad she wasn't there, because he'd hesitate to answer if she were, inasmuch as she spends 85% of the money in their own family.

The Honourable Mr. Lapointe joined the delegates in a discussion on veterans problems and the Honourable Mr. Gregg discussed matters coming under his jurisdiction as Labor Minister. I don't know how my colleagues fared under the grilling, but I know that when I went down to the Chateau for a discussion on housing I found myself in the midst of a well-informed, curious and attentive audience.

Senators Kinley and Smith of Lunenburg and Liverpool did a splendid work this week and once again demonstrated that no drastic reform is needed when diligent and keen people occupy the Senate benches. In studying a Bill to amend the Canada Shipping Act, they had a clause deleted which could have made it difficult for our fishing skippers to qualify for a license. This Bill will now come before the House of Commons.

Yours sincerely,
Robert H. Winters,

Ottawa, May 5, 1956.

The recent passing of Mrs. Christena Pringle removes a well known nonogenarian of Roberta.

What with her prolonged illness of periodical attacks, and the section deserted with no neighbor in sight on either side of the home, her son, William Pringle merits commendation for his filial fidelity through it all.

That Mrs. Vitus Burke ((rene Morrison) of River Tillard had returned from St. Rita's Hospital well on the way to complete recovery was glad tidings to her many friends to whom her recent illness was the cause of much concern.

WOMEN'S AUXILIARY CHILDREN'S HOSPITAL

There has been much publicity in the press, radio and TV about the Children's Hospital in Halifax.

The Women's Auxiliary of the Children's Hospital are anxious to interest people of the province in this hospital. They claim its YOUR hospital, and rightly so, for it is the only children's hospital east of Montreal. Here you find a surgical and medical staff second to none in Canada.

There are one hundred Women who form the WOMEN'S AUXILIARY of the Children's Hospital. They give much of their time and energy to provide comfort and cheer for crippled and sick children. No doubt some of these children may hail from Arichat or some other part of Richmond County. To do this they are engaged in many projects, one of which is the annual Kermesse, (an out-door fair), to be held this year on Wednesday, June 20th.

Now everyone can help make these little children happy by sending a donation. Possibly a child of vours has been helped and cured at the Halifax Children's Hospital in recognition of this a donation from you would be gratefully appreciated and acknowledged. If the children's friends can't come to the Kermesse, then send a donation to: Mrs. J. W. Merritt, 176 Oxford St., Halifax, N. S.

Regional Library

A campaign to promote the establishment, of a Regional Library in Richmond County, has been given much attention by the Home and School Council, of the County and from what we can learn some progress has been made and committees formed to further study the project.

In other counties Regional Libraries have been established and are proving a great factor in the advancement of education not only to the students of our schools, but also to the adult population of a rural area.

We are behind this project and in conclusion of this brief note would like to leave the following verse of the poet dwell in your minds:

"'For books are the keys to wisdom's treasure,
Books are the gates to lands of pleasure,
Books are the paths that upward lead,
Books are friends; come, let us read."

JACK MINER PIONEERED BIRD SANCTUARY AND GAME REFUGE SYSTEM

The late Jack Miner, Canadian Naturalist, at the beginning of the century said: "As long as we have outlaws we have to have law enforcement officers" but he said for a game warden to prosecute a person after he had shot a bird out of season did not save the bird's life." With this philosophy in his mind in 1904 ne started and created his world famous sanctuary.

It is termed world famous because during the last fifty years every country in the civilized world has patterned Game Refuges off the Jack Miner Sactuary at Kingsville, Ontario. Before Jack Miner died he had helped start and create many, both Federal, State and private sanctuaries such as the Kellogg Sanctuary in Michigan. The Horicon Marsh in Wisconsin and he played a big part in the creation of the Everglades National Park in Flordia.

Most certainly there were Sanctuaries before the Jack Miner Sanctuary both in America and Europe but none where artifical feeding was carried on. Jack Miner said "hunters feed birds in their marshes to attract them to shoot, isn't it just as sane to feed birds to attract them to a place of safety and give them refuge and save them from extermination."

Lobsters are everybody's business!

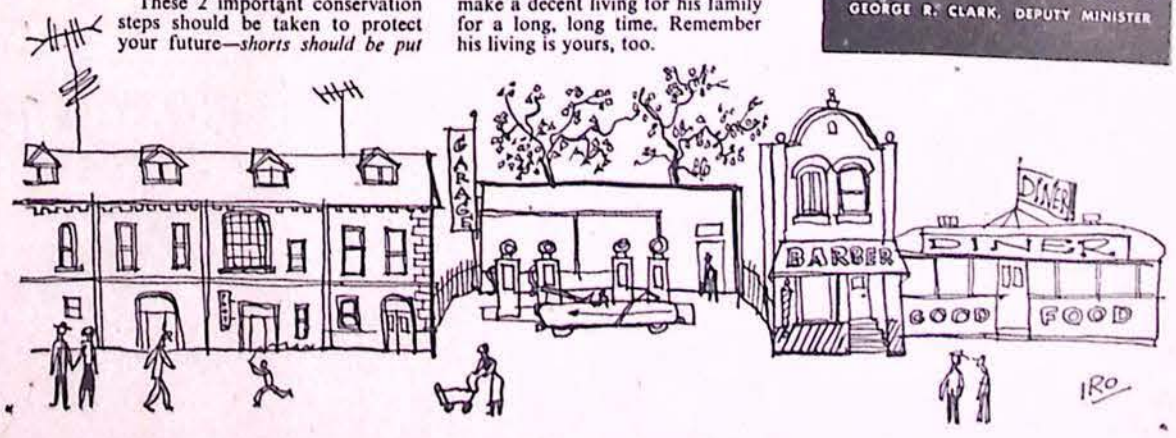

You might think the lobster catch is just the lobsterman's business. But it's *your* business too. Here is why. If the lobsterman has a good catch, the whole community feels his success . . . the grocery store, the dress shop, the appliance store, the doctor, the dentist, the insurance agent and many others, all benefit. A poor catch means poor business—hard times.

So good catches (and good business for you) next year, and in future years, depend on conservation now.

These 2 important conservation steps should be taken to protect your future—*shorts should be put back; "berried" lobsters should be put back*. The shorts will increase 50% in weight in a year, and bring a better price. The "berried" lobsters will have the chance to hatch their eggs and increase the lobster population. And lobsters don't migrate. They stay put. The lobsterman will find them next year right about where he left them—only bigger, heavier, more profitable.

The man who keeps just "the keepers" is thinking smart, thinking ahead. He's the man who expects to make a decent living for his family for a long, long time. Remember his living is yours, too.

SATURDAY 19th is FOREST FIRE PREVENTION DAY in NOVA SCOTIA

It takes a lot of matches to make a cord of Lumber . . . But just one will DESTROY millions of cords of lumber . . . Just one lighted match dropped in the forest and whoosh, you've got an uncontrollable fire on your hands.

Yes, it's so easy to start a fire! Just drop a lighted match, throw down that cigarette butt, leave your campfire smoldering. And it's so hard to prevent it! At least that's what the records show because each year, Nova Scotia loses acres of timber when folks have found it too hard to blow out the match, or stub the butt, or pour water on the campfire.

Are you going to be one of this "Awkard squad" this year?

KEEP FIRES AT BAY—EVERY DAY

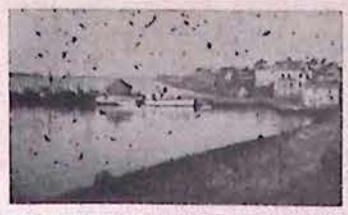

This coming Saturday has been declared FOREST FIRE PREVENTION DAY and it comes in the middle of the worst period of the year for fire hazards. So, if you're taking to the woods this long weekend, please, please, please be extra carefull

And remember: it can rain all night but by next noon the forests can be all set to burn, if there's a flame in the wrong place at the wrong time. Dont YOU start that flame!

Make it a habit to break matches, stub cigarette butts, douse campfires . . . make every day FIRE PREVENTION DAY in NOVA SCOTIA.

IN MEMORIAM

******

DOUCET:—In loving memory of my dear brother, Wallace, who passed away, May 11, 1929.

We often sit and think of you
And think of how you died,
To think you could not say good-bye

Before you closed your eyes.
The blow was hard, the shock severe,

We never thought your death so near.

And only those who have lost can tell
The pain of parting without farewell.

Lovingly remembered and sadly missed by his sisterrs, Mrs. Mary Collins of East Boston and Alvena Doucet of Arichat. Also nephew, Henry Doucet, of Glace Bay.
