First In New Series Of Boats

Here is the first of the "Bluenose 26" series — a sleek, seaworthy Nova Scotia-built sport cruiser designed and planned to appeal to the coastal yachtsman. It is an entirely original design, 26 feet in length, 18 to 22 miles per hour in speed, sleeps four, priced for the middle range market and was introduced to the American market for the first time at Mdford, Mass., on July 28 and 29. The first of the series was built in the Smith and Rhuland yards, Lunenburg, Fred Rhuland, president of Smith and Rhuland checks final details with a foreman A second boat is being built by Shelburne Ship Builders of Shelburne. Both boats are samples to test market reaction. Mechanical Troubles

We have been running into mechanical troubles with our Linotype during the past weeks and ask our good readers to bear with us a little longer until parts arrive from the factory.

This machine was recently purchased from the Hector Publishing Company, New Glasgow and had not been in operation during the past few years, however, we are putting it in first class shape and before too long all our troubles mechanically should be solved.

We note where some of our publishers are having their problems in regard to help, which usually comes around holiday time when the whole staff like to get away at the same time.

There is one thing certain and that is you can't pick help from off the street to work at the printing industry.

The "Coast Guard", of Shelburne, has ceased publication, after serving the town and county of Shelburne sine 1901.

In a recent circular letter sent out by the South Shore Gazette Limited, we are happy to learn that the "Coast Guard", will again resume publication.

JOSEPH RUSSO

The sudden and unexpected passing of Joseph J. Russo, which occurred recently at his summer home in Dundee, shortly after his arrival from Melrose, Mass., has occasioned widespread sorrow at Dundee and throughout the County.

We were personally acquainted with the genial and friendly Joe Russo, a man whom we held in high regard.

The late Mr. Russo, retired from active business a few years ago. At the time of his retirement he was the President of the American Fish Company. This Company was operated by the Russo family for many years. At one time the American Fish Company purchased fresh fish at Petit de Grat as well as buyers of live lobsters.

A kind and thoughtful man Joe Russo will long be remembered by the residents of the Black River district where he spent many happy summers with his family.

The passing of his beloved wife only a few months ago came as a great shock to Mr. Russo and family of one son, Anthony of St. George's Channel and Mrs. Sinclair, (Rose Marie), of Melrose, Mass., who are now bereaved by the loss of their beloved parents. A GENERAL MOTORS VALUE

Something New in Guided Muscle

...at a pip of a price!

TIME'S awasting—when you could be enjoying the fun and thrill of the best Buick yet.

And right now the value of your present car is at its peak to make a whale of a fine deal on a great-buy Buick!

It's not just that Buick's new VS develops more torque and horsepower than ever before.

There's the new guided dynamite that makes the most of all this.

That's the latest version of Variable Pitch Dynaflow.* It's so "muscled" that it delivers swift new acceleration *with less than an inch of pedal travel*—and saves gas in the doing.

Or you can unleash full power on a shaved second's notice. Tromp down on the treadle—switch the pitch—and leave trouble fading away behind you.

And it's still only August. You still have months to be driving the most modern car on the road—to deal yourself in on the best buy you'll get in many a moon.

Why wait? Today is a great time to buy a Buick—the best Buick yet, by far!

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Enjoy 4-Season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING
