Duudee Dew Drops

By A. F.

Winter's first chill has spurred people into preparing their stock-pile of fuel. Charles Smith and Hugh MacInnes trucked a load of coal from Port Hood Mines on Tuesday, October 25th. A number of residents from here invested in a portion of it—and all seem to be very satisfied customers.

The landscape here was never more beautiful. The vivid colouring and longevity of the leaves may have been attributed to the lengthy period of dry sunny weather which was also favourable for the harvesting of farm crops. Fruits and vegetables were plentiful and of high grade. But the recent change in weather took a heavy toll on Autumn leaves and flowers, and at the same time the heavy rains saved the situation in places where water supply was very low.

A number of people from this district attended the annual meeting of the Progressive Conservative party which was held at St. Peter's on Wednesday evening the 6th November.

The flu has raided a number of families in and around the vicinity, but no severe cases have been, so far, reported.

Mill Project Looks Bright

The dream of a pulp mill at the Strait came another step nearer reality recently when Nova Scotia Pulp Limited president Karl A. Clauson, announced construction of the proposed $40,000,000 mill would begin in 15 to 18 months.

The announcement was made by Mr. Clauson after a five-day visit to Cape Breton and the Strait area to study possible sites and consult with the engineers doing field surveys.

Mr. Clauson said that while much work has still to be done, "on a complex, complicated problem," his visit had not turned up anything to discourage plans for the mill.

The president met with Premier R. L. Stanfield afer his visit and Mr. Stanfield is reported to have expressed pleasure that everything appeared to be progressing well in accordance with the original proposal for the mill. The construction start would fit in with the original deadline for

Highways Probe Conducted Here

A Public Inquiry Commission into alleged payroll irregularities in Provincial Highway Department operations in Districts Nos. 2, 3 and 11, are being probed at the County Court House, during the week. The sitting took place on Tuesday and ended early Friday afternoon.

It would be impossible for us to bring a detailed account of the Inquiry and the testimony of the many witnesses called to the stand.

Attorney-General's Department brought on the setting up of the Public Inquiry Commission, upon the request of the Highways Department Minister G. I. Smith, Q. C., who ordered immediate action when reports of consistent time sheets and payrolls were drawn to his attention some weeks ago.

*****

MEMBERS OF THE COMMISSION

Chairman of the Commission is Alfred C. Milner, Q. C., Amherst and associated with him are Ian MacKeigan, Q. C., Halifax and Commission Counsel Donald A. Kerr, Halifax.

In attendance at the Inquiry, are Kenneth Thebault, accounting "trouble shooter" for the Department of Highways, Halifax, and Corporal S. B. Gardiner, of the Halifax Criminal Investigation Branch RCMP, Halifax.

All witnesses are under oath and are given the protection of the Canada Evidence Act. This was explained by Chairman Milner in officially opening the inquiry and after he outlined to the large gathering in the courtroom the terms of reference applicable to the work and scope of the operations of the Commission.

******

Payment of about $5,000 of an estimated $15,000 hold-backs went to about 185 highways workers on Monday on the eve of the opening of the inquiry.

The alleged irregularities brought a retention of the wages but a subsequent investigation by the Commission and assistants revealed to the satisfaction to all concerned that the men had given full value and service for their daily earnings.

A West Bay Veteran Passes

A member of a prominently known Cape Breton family, Capt. Alex MacDonald, 75, died last Thursday in St. Martha's Hospital, Antigonish.

He was a son of and the last surviving member of the family of the late Hon. James H. MacDonald and Mrs. MacDonald of West Bay, and his father was one of the big merchants in that area, as well as a member of Federal parliament representing Inverness County.

Capt. MacDonald was a veteran of the South African War and the First Great War in which he was wounded just before the Armistice in November 1918.

He was widely known throughout the province and news of his death will be received with deep regret.

For many years he was Inspector of Weights and Measures for the Federal Government, in the Cape Breton area, until his retirement.

A sister, Mrs. Frank Milligan predeceased him two weeks ago.

He is survived by his widow, the former Bessie MacLachlan of Marble Mountain, C. B.

The funeral took place on service at the West Bay United last Saturday afternoon with Church and burial in the family plot in the church cemetery.

MARITIME PROVINCES FISH LANDINGS

Fish landings recorded in the Maritime Provinces during the month of September amounted to 92.1 million pounds valued at $3.4 million, the Department of Fisheries and Dominion Bureau of Statistics announced on October 23rd. Compared with the month of August, these statistics represent a decrease in the volume of landings of about 11.3 million lbs. and a drop in value of about $500,000.

The decline registered in the month of September was the result of smaller groundfish catches, principally flatfish and cod and related species. For these species, landings were approximately 16 million lbs. lower than were recorded in August, a decline which is seasonal in nature.

The catch of pelagic and estuarial fishes was almost 6 million lbs. above the August catch. As in previous months, the principal gain was in herring landings, particularly in the province of New Brunswick. Throughout the year the herring catch has been outstanding.

There were only fractional differences between August and September in either the value or volume of landings of shellfish. Lobster landings, by far the most important, were 3.8 million lbs. in September and 3.7 million lbs. in August, representing a value to fishermen each month of about $1.1 million.

Meeting St. Peter's Co-Op.

ST. PETER'S, N. S. — Reports received at the annual meeting of the St. Peter's Co-Operative Society, Limited gave evidence the organization is making encouraging progress and that remedial action has been taken to solve its problems. The president of the society, Mr. J. Adams, in his report stated that Eastern Co-operative Services had taken over the supervision and management of the St. Peter's Co-operative and that during the past year the board of directors had accepted the Centralized Bookkeeping Services of Eastern Co-operative Services, Antigonish. Mr. Angus MacAdam, manager, dealt with the problems facing the organization and appealed to the members for their continued co-operation.

Messrs Peter MacKenzie Campbell and Angus Beaton of Eastern Co-operative Services, Sydney addressed the meeting. Both speakers congratulated the management, staff and members for the progress made during the year and solicited their support for the future. They made reference to a number of Co-operative societies which had experienced difficulties in recent years and how with determination and means to solve them and with a true spirit of co-operation had emerged victorious. "Continue the pace you have set during the last six month period, accelerate this pace with the patronage of more of your members, and in the not too distant future your society will be out of its difficulties," said Mr. Campbell.

Mr. R. J. Chisson, Inspector of Schools, reporting for the Education Committee, suggested that Mr. Robert Forbes, General Manager of Eastern Co-operative Services, be invited to address a rally in the Provincial Building, St. Peters, during the second week of November. Unanimous approval was given to this suggestion.

The nominating committee submitted its report and it was accepted by the general meeting.

Mrs. Paul White and Mr. Murdock Digout were re-elected as directors while retiring directors Mr. Desire Sampson and James Boudreau were replaced by Mr. Isaac Fougere and Mr. Ernest Digout, respectively.

FITTS — COVIN

WEST ARICHAT, N. S. — A pretty fall wedding of interest was solemnized at the Church of the Immaculate Conception, here on Monday, November 4th, when Rev. Father Doucet, united in marriage Violet Covin daughter of Mr. and Mrs. Peter Covin, of this place and Oakley Fitts son of Mr. and Mrs. John Fitts, of Charles Cove, N. S. Given in marriage by her father, the bride looked charming in a ballerina white gown of French lace and net over satin, with with a jacket of lace with long sleeves coming to points over the wrists. Her finger-tip veil of tulle illusion was held in place by a shell hat of rose point lace studded with pearls and sequins. She carried a bouquet of red roses and white baby mums. She wore silver slippers.

Mrs. Francis Linden sister of the bride was maid of honor who wore an ankle length dress of dusty rose net over satin, bolero jacket with matching headdress and pink accessories. She carried a bouquet of pink and white roses. Mrs. Freddie Bona sister of the groom was brides maid who wore an ankle length dress of blue net over satin, bolero jacket with matching headdress and blue accessories. She carried a bouquet of yellow and white roses.

Francis Linden and Freddie Bona supported the groom. Following the ceremony a reception was held at the home of the bride's parents to a number of relatives and friends. The table was beautifully decorated with a three-tier wedding cake topped by a miniature bride and groom. The toast to the bride was proposed by Rev. Fr. Doucet and responded to by the groom. After the ceremony the happy couple left on a motor trip to various points of interest in the province and on their return will take up residence here.

We wish the young couple a long and happy wedded life.
