ST. PETER'S CLUB

The St. Peter's Club of the K. O. C., a branch of the Sydney Council, met in their club room above the church vestry on Sunday afternoon, December 1st. Rev. Fr. P. MacNeil, P. P., and Rev. Fr. Dennis Campbell, curate, were in attendance. The meeting was presided by Brother Joseph Mancini and Angus Rankin, the newly appointed Secretary, was also in the Chair. The following committees were appointed: Publicity, Catholic Activities, Membership, Fraternal, Youth, Social and Building.

The Club is giving enthusiastic support to two projects, namely, youth and finishing the inside of the parish hall. The club has sponsored Sea Cadets and youth activities on Friday evenings. Much work has been done at the parish hall. A new furnace has been installed and insulation along the walls. Material to finish the hall inside has been bought, and it is the aim of the club to make this the finest hall of the county. A drive will be made for more members and other activities will be planned as the year rolls along.

Wedding

STONE — BROWN

A lovely Autumn wedding was solemnized at St. John's Roman Catholic Church, Springhill, N. S., on November 18th, when Shirley Ann Brown, only daughter of Mr. and Mrs. David Brown, of Springhill, N. S., was united in holy bonds of matrimony to Joseph Gerald Stone, son of Mr. and Mrs. Raymond Stone, Arichat, N. S.

Rev. Father Casey officiated at the double ring ceremony, after which he was the celebrant of the Nuptial Mass.

To the strains of the Wedding March played by the organist Mrs. Marylin Ward, the radiant bride entered the church on the arm of her father by whom she was given in marriage. She presented a picture of loveliness in her ballerina length gown of lace over taffeta, the bodice of which was set with sequins and pearls with a scalloped neckline and long lace sleeves which came to lily points over her wrists. Her Chapel veil was held in place with a coronet embroidered with sequins and pearls. White silver brocaded slippers completed her ensemble. Pearl ear rings, the gift of the groom were her only ornament. She carried a bouquet of red roses intermingled with maiden hair fern, tied with a large white satin bow and flowing streamers. Her only attendant, Mrs. Janice Addison, wore a ballerina length gown identical to the bride in a soft pink with corresponding headdress, shoes and long mittens. She carried a nosegay of assorted small Autumn flowers. The groom was attended by Isle Madame, Ass. Supervisor of Ghaze Bay, N. S.

Following the ceremony, a reception was held at the home of the bride's grandparents, Mr. and Mrs. A. J. Mason, Main Street, Springhill, who along with the happy couple's parents, assisted in receiving the guests. Under the capable supervision of Mrs. Robert Bowden, a dainty breakfast, buffet style was served. The bride's table was nicely appointed, centered with a three-tiered wedding cake topped with a miniature bride and groom and was presided over by Miss Olwinn Hunter. The toast to the bride was proposed by Rev. Father Casey, also by the bride's grand father and was responded to by the groom.

Later in the afternoon the happy couple left by Ocean Limited for St. Robert, Quebec, where the groom is stationed with the R.C.A.F. For going away the bride chose a pale blue three piece suit with navy blue accessories and a corsage of pink carnations.

Out of town guests were Mr. and Mrs. Raymond Stone and daughter Margaret, Mrs. Thomas Acton, all of Arichat, N. S.; Mr. and Mrs. Art. Goyetche, Glace Bay, N. S.

We join with the many friends of the young couple in wishing them a long and happy wedded life.

First Miniature Folk School Held At West Arichat

Sponsored by the Richmond County Council of Home and School Associations, a Miniature Folk School was held at West Arichat for three consecutive afternoons and evenings, November 27, 28 and 29. The theme of the School was "Youth and the Community".

In charge of the Folk School was Mr. Joseph T. Chiasson, Adult Education Division, Department of Education, Sydney. Assisting Mr. Chiasson were: Mr. Urbain LeBlanc, Extension Worker for St. F. X. University; Miss Kay Sutherland, Department of Agriculture; Mr. Stephen Mulse, of the Nova Scotia Credit Union League; Miss Freda Wales, of the Physical Fitness Branch; and Mr. R. J. Chiasson, Inspector of Schools.

Arichat, Petit de Grat, Louisdale and West Arichat were represented at afternoon sessions, which began at 2.30 p.m. and were attended by about 45 people. Group discussions were held on such topics as Community Activities, Program Planning, Parliamentary Procedure, Credit Unions in the School and Community; Rural Beautification, and a Panel on the Tourist Industry. Evening sessions were open to the public, and approximately 80 were in attendance each evening. Programs varied, but included group discussions and skits. Singing and recreation formed part of both afternoon and evening sessions. On closing night, a record crowd was in attendance, with representation from L'Ardoise, St. Peter's, Louisdale, Kempt Road, as well as from Isle Madame. The groups discussed ways and means of improving the Tourist Industry of Isle Madame.

This is the third Miniature Folk School to be held in Richmond County. The success of this project was such that we may expect to have one every year. As with the preceeding ones, there will undoubtedly result some group action to improve our communities.

Youth And Credit Unions

ST. PETER'S, N. S.

"Youth and Credit Unions" was the general theme agreed upon by key people assembled at the home of Mr. and Mrs. Walter Fougere, River Bourgeois, recently, to plan a winter program for the Richmond County Mainland Credit Union Chapter.

In an effort to assist youth to develop the habit of thrift and wise money management and to familiarize these young people with the services offered through the credit union, the chapter will sponsor an educational program emphasizing the role to be played by youth in the Credit Union Movement. Wherever feasible, it will encourage the organizing of School Credit Unions under a new system approved by the Nova Scotia Credit Union League, Antigonish.

The Board of Directors of the L'Ardoise Credit Union, the teachers of the L'Ardoise Consolidated School and school children have recently re-organized their school credit union. Since this is the first school credit union in the County organized by the Nova Scotia Credit Union League under the new School Credit Union Program, the first meeting of the Mainland Credit Union Chapter will be held in the L'Ardoise School Auditorium on Sunday, December 8th., with the school pupils actively participating in the program with a a "Presentation On School Credit Unions." The public is cordially invited to attend this gathering for first-hand information on this important topic. School pupils from neighboring communities will also be in attendance.

Messrs Norman Riley and Stephen Mulse of the Nova Scotia Credit Union League and two men from India who are presently studying the Co-operative Movement at St. F. X. University were also present at this planning committee meeting. Mr. Pat McCarthy, Lower River Inhabitants, presided over the meeting and Mr. Leo Gracie, Lower L'Ardoise, was secretary.

We are slowly recovering from the shock of what has happened in our community, and yet, we find difficulty in realizing that "Billie" was taken away and while we do not wish to fan the cinders of sorrow that are still smouldering throughout the countryside, we are ever mindful of those who suffer most.

May the sorrowing parents, sisters and brothers find a measure of comfort in remembering the life that he lived and the place that he filled in the hearts and homes of all who knew him.

Know Your Canada

Who were the First White Men to Discover the Atlantic Seaboard of North America?

Normen from Greenland are known to have visited the shores of north-eastern America about 100 A.D., but their exact landing place is a matter of controversy. Their visits produced no tangible results, for in the 14th century the Norse colony in Greenland was wiped out, and the very memory of the Norse discovery of America died. For practical purposes, the discoverer of the mainland of North America was John Cabot, who, in an attempt to reach Asia by the western route, probably reached Cape Breton Island in 1497, and coased down the Atlantic seaboard from Labrador to Chesapeake Bay in 1498. James Cartier first demonstrated the insular character of Newfoundland and the existence of the great waterway known as the St. Lawrence River.

What tragic event helped bring about the charting of the Arctic Coast of Canada?

A northern tragedy occurred in 1845 when Sir John Franklin and all his men lost their lives on King William Island when hemmed in by ice. Numerous expeditions were sent out to search for the famous explorer and his men, and in the course of these expeditions the whole of the Arctic coast of Canada was charted. Ships sailing west from the Atlantic met ships sailing east from the Pacific, thus the existence of the long sought Northwest Passage was at last demonstrated.

What newspaper has the largest circulation in Canada?

The Toronto Star was a feeble publication, seven years old, with a circulation of 7,000 in 1899, when Joseph E. Atkinson, newspaperman born near Newcastle, Ontario, accepted the management on the stipulation that he be paid partly in stock. By the time of his death in 1948 he had built up a daily circulation of 345,000—the largest in Canada—and the Star Weekly founded in 1910 had passed the 900,000 mark. His father died when he was two months old and at 15 he went to work in a woollen mill but he was able to attend high school for a time. He began his lifelong newspaper career as Newcastle correspondent of the Port Hope Times, and went on to do distinguished writing for other newspapers. His will left the newspaper properties in perpetuity to the Atkinson Charitable Foundation and instructed the trustees to devote the profits to religious, charitable and educational undertakings in Ontario.

WILD LIFE AVOIDS VIRGIN FORESTS

A common delusion is that wildlife flourishes most abundantly in virgin woods and that the hunter gets his best reward where the logger's axe and saw have yet to operate. The truth is that in virgin forests animals and birds cannot find an adequate food supply as compared with areas of woodlands thinned out by periodical cutting. Judicious use of timberlands for industrial purposes produces the most favored habitant for all forms of wildlife.
