St. Peter's High School News

By LORENA BETHAL

That politics has a far reaching effect has been proven without a doubt. Not only Canadians eligible to vote, but others as well look forward with interest to the forthcoming election.

At St. Peters High School, the pupils of grades eleven and twelve decided this would be a wonderful opportunity to learn more about the political situation, and the proper way to conduct an election. The class, assisted by their teacher, Mrs. H. S. Gogan, elected three pupils to represent the leaders of the Liberal, Conservative and C.C.F. parties.

The Liberal leader, Gerald Robertson, arranged to have Mr. Allan MacEachen, speak to the class on the forthcoming election and the Liberal policies. Mr. MacEachen also spoke on the correct form of parliamentary procedure. The following week Walter Proctor, Conservative leader, introduced Mr. Bob MacLellan to the class. Mr. MacLellan spoke on his parties policies. He also spoke on the Canadian trade situation. Because there is no candidate for the C. C. F. party in Richmond County, Keats Currie (C.C.F.), spoke in defence of his own party.

On Thursday, March twentieth, a panel dscussion was held. The leader of each party gave a brief summary of their respective party policies and of the work carried on by them. The panel consisted of:—

Walter Proctor and Christopher MacLeod, (Conservatives.)

Gerald Robertson and Kenzie MacDonald, (Liberals).

Keats Currie and Earl MacDonald, (C. C. F.)

Leslie MacFee presided over the panel. Following the panel discussion a question period was held.

A list of electors was drawn up. Leslie MacPhee was chosen as presiding officer. Walter Proctor leader of the controlling party set the date of the school election for Monday, March 24th. Following the election, a model parliament will be formed, enabling all students to take an active part.

It will be interesting to note which party will gain the majority of votes. Perhaps it will foretell which party will form the majority party in the federal election.

The Election was held on Monday and the following is the results of that election:—

At two o'clock, Monday, March 24th, academic work for the day ceased to give way to the political activities. Leslie MacPhee took charge as returning officer and Eddie Fougere acted as clerk; Bob Amey, Boyd Meisener and Jim Marchand acted as scrutineers.

Leslie MacPhee entered the High School at two forty-five to announce that the Lberal candidate, Gerald Robertson, had been elected, by a majority of two over the C. C. F. party, under the leadership of Keats Currie.

After much enthusiastic shouting and clapping, the defeated candidates, Keats Currie and Walter Proctor, made congratulatory speeches to the new leader. After which the Prime Minister elect, Gerald Robertson, delivered his speech of acceptance. He announced that he would soon form his cabinet.

Within a very few days the pupils of grades eleven and twelve, hope to become members of a Model Parliament under the able leadership of Gerald Robertson.

(More News from the St. Peter's High School will be gladly accepted.—Editor.)

Louisdale Home And School

The regular meeting of the Louisdale Home and School Association was held in Louisdale School with the president, Mrs. M. A. MacNeil, presiding. The meeting opened with the reading of the Creed by Rev. Sister Adeline. The minutes of the previous meeting were read and adopted. The treasurer's report was approved.

A donation of $5.00 to the Dora M. Baker Scholarship Fund was sanctioned. The meeting unanimously approved the appointment of Mrs. Rose W. Marchand to attend the Home and School Parent Education Conference at Halifax.

Guest speaker for the evening Mr. R. J. Chiasson, Inspector of Schools, was introduced by the Convenor of the Program Committee, Mrs. Viola Landry. Mr. Chiasson spoke on the role played by the Home and School in the development of the child. He stated that in this complicated world, we need to give our children more than the three R's. We must develop personality and character as well as co-operation between the church, home and school. We must develop the religious, social, cultural and intellectual aspect of the child and the organization best fitted to carry out this work is the Home and School.

This organization is not something negative, something which is to destroy, but to build healthy relations between all organizations which work towards a good end.

A vote of thanks to Mr. Chiasson was moved by Mrs. Blanche Urquhart and seconded by Rev. Mother Blandine.

Our special Founder's Day feature was a birthday cake. Rev. Mother Adeline led the group in the singing of "Happy Birthday", while Mr. Michael MacNeil, County Council President, blew out the candles. A collection of $6.83 was realized.

The members then retired to the Domestic Science Room where a delicious lunch was served by the entertainment committee.

(We thank the Secretary of the Loisdale Home and School, for sending in their fine report of their meeting. We invite other Home and School Associations to send along their reports for publication.—Editor.)

River Bourgeois Ripples

Four chopping bees were recently held at the following places:—John Boyd's, Arthur Digout's, Willie Boudreau's and Amos Thibeau's. The latter was organized by Gilbert Burke who claims to have chopped twice as much wood as the rest. The River Round Up, claims there must be a reason for this achievement.

Some of our older citizens tell us that a winter such as we are having was never experienced before. Last year cars raced on the ice from one end of the River to the other, but this year they were replaced by boats. Only the extreme ends of the River was frozen over.

Mr. and Mrs. Bob Gilmore (Lola McPhee) are spending several days with Mrs. Gilmore's parents, Mr. and Mrs. Sam McPhee. Bob has recently retired from the Canadian Navy. He and his wife plan to take up residence in Ontario.

The following who were on the sick list are recovering we are glad to report:—Mrs. Philomen Bourke, our enthusiastic card player is up and around again having recovered from an attack of the flu; Mrs. Markley, Eddie Bower's mother who was indisposed; Edith Bouchard, who underwent an appendix operation at St. Ritas Hospital, Sydney; Denise Landry, daughter of Mrs. Henry Landry, was also in St. Rita's Hospital and is recovering from an appendix operation; Cameron Boyd, was a patient in St. Martha's Hospital, Antigonish, with pneumonia; Arthur Digout, is also on the sick list. Arthur who is an ardent card fan is greatly missed by his friends.

Mrs. Helaire Burke has just arrived home from Halifax where she underwent surgery at the V. G. Hospital. Mrs. Burke has received word that her son, Joseph, a dentist in the Canadian Army and stationed in Greenwood has been transferred to Ft. Churchill, Manitoba. Claude, another of Mrs. Burke's sons has left for Toronto where he is employed with the Imperial Oil Company of Canada.

MacLEAN—Born to Mr. and Mrs. Cyril MacLean (Mary Burke) of Toronto, a son—Stephen Gerard.

BURKE—Born to Mr. and Mrs. Ernest Burke (Mary B. Pottie), of South River Bourgeois, a son—Basil Joseph.

POTTIE—Born to Mr. and Mrs. Louie Pottie (Marion MacLean), a son. Sorry we have not received the name. Louie is another of our young veteran's who served with the Carlton and York Regiment in Sicily.

McPHEE—Born to Mr. and Mrs. Edgar McPhee (Theresa Maillet), a daughter, Verna Patricia.

GOYETCHE—Born to Mr. and Mrs. Elmer Goyetche (Stella Harvey), of Watertown, Mass., a son . Elmer is another of our World War II veterans.

Mrs. Eva Fader of Halifax was visiting her sister, Mrs. Charles Bouchard. Mrs. Fader was on her way to Toronto where she will visit her sons. She was greatly impressed by the beauty of River Bourgeois and promised to come again.

Fish Landings In February

HALIFAX, N. S., March 12—Fish landings in the Maritime Provinces were officially recorded at 23.2 million lbs., valued at $1.4 million, the Department of Fisheries and the Dominion Bureau of Statistics announced today. For the same month last year, the $953,000, thus representing an infigures were 19.4 million lbs. and crease of the order of 3.8 million lbs. and $0.4 million.

The most mportant species by volume landed durng the month was haddock which, being largely of off-shore origin, amounted to approximately 9.4 million lbs. This represents an increase over January this year of more than 6.5 million lbs., and is also .7 million lbs. higher than haddock landings in February, 1957.

Other difference in landings, in comparison with February 1957, were most notable in cod, herring, smelts and lobsters. Cod landings, which stood at 8.4 million lbs. in February this year, were only 2.7 million lbs. in February last year; herring landings of 41,000 lbs. constituted but a fraction of the 2.4 million lbs. registered last February; smelt landings were only slightly more than half the quantity recorded in February last year; and the lobster catch of 414,000 lbs. showed a decline of nearly 100,000 lbs.

"Fast and Able"—A Fascinating Book

Gordon W. Thomas Writes Stories On Gloucester Vessels and Skippers

Our very good friend Charlie Bruce, General Superintendent of the Canadian Press, a native of Guysboro County and now residing in Toronto, sent us a copy of a book titled "Fast and Able", featuring true stories of great Gloucester fishing vessels, and the men who manned them. This book was written by Gordon W. Thomas, of Gloucester, a son of the late noted Capt. Jeff Thomas, a native of Arichat.

Like our good friend Charlie, our late mother hailed from the County of Guysboro, and members and relatives of her family sailed out of Gloucester, in the days of the sailing vessels.

Mr. Thomas' book brought to light many interesting tales and the photos of the vessels, many of which we remember are well arranged in this book, which is a credit to the writer—and who is better qualified to write these stories than the son of the courageous Capt. Jeff, whose memory will always linger in the hearts and minds of all who knew him.

We remember seeing Capt. Jeff and his brother, Capt. Bill, in Arichat, after the sinking of the vessel Sylvania, off the Cape Breton coast by a German U in 1918. We learned from Mr. Thomas' book that it was the trawler Triumph, that sunk the Sylvania. The Triumph sailed out of the port of Hawkesbury, and was owned and operated by the National Fish Company and was captured and tunred into an armed raider by the Germans, who sank many vessels at that time on the fishing grounds.

We have read many fine sea tales by Gordon Thomas and only recently it dawned on us that this man might be a son of the late Capt. Thomas. Reading as we always do the historic column by George MacInnis, of the "Yarmouth Herald", we read where George had received a photo from his good friend Gordon Thomas, of the schooner, Bluenose. Our curiosity being aroused we wrote Mr. MacInnis, who informed us that Gordon Thomas was the son of Capt. Jeff Thomas—and now receiving this book from Mr. Bruce, we feel we know Gordon Thomas first hand and hope to have the pleasure of meeting him some day.

Men from Arichat, in the early days had been engaged in the fishing industry out of Gloucester, such names as Capt. Jeff and Capt. Bill Thomas, Capt. Jack Barrett, who recently passed away at Gloucester; Capt. Chris. Gibbs, of Pondville, who brought the old "Monitor" to Arichat not too many years ago and we believe this was the last of the old timers to enter the harbour; Capt. Steve Post, was a son of an Arichat family, and entered Arichat harbor, in charge of the "Avolan" and at that time had with him Leo Barrett, an Arichat boy and brother of the late Capt. John Barrett; on the mainland of the County we had able skippers, such as Capt. MacIntosh, of West Bay; Capt. Frank Matheson, Grand River and Capt. Archie MacLeod, whom we believe, also came from Grand River. No doubt there are many more skippers, but at present we are unable to recall the names.

Today men from Arichat command modern trawlers out of Gloucester, we refer to Capt. Alphonse Boudreau, Capt. Herman and Capt. Edgar Boucher.

The late Capt. Jim Kehoe, of Rocky Bay, was an old time skipper out of Gloucester and often related many interesting tales of his experiences. The late Capt. Jim departed this life only a few years ago and for many years engaged in fishing out of Rock Bay and Petit de Grat.

Mr. Thomas dedicated this book to his late father and to all heroes of the Gloucester fleet, as follows:—

"To the memory of CAPT. JEFFREY F. THOMAS, my father, a Gloucester fishing captain who died at the wheel of his schooner at sea, March 24, 1934;

and

To all those great heroes, those sturdy, courageous toilers of the deep, THE GLOUCESTER FISHERMEN.

On Monday the 31st March, electors throughout the length and breath of Canada, will be given an opportunity to exercise their right of franchise.

This moral right has been bestowed to Canadians down through the years and it is your duty as a citizen to vote as your conscience so guides you, as a free voter in a land where democracy is cherished and where sons have fought to maintain that right of freedom and liberty in two World wars.

The issues of the present campaign have been aired through the medium of Television, Radio, Press and on the public platform. You the voter have the right to vote for the party of your choice, without fear—use that right.

Vote as you like—But Vote.

IN MEMORIAM

In loving memory of our dear brother, Harry Latimer, who departed this life on March 25, 1955:—

God knows how much we miss him
He counts the tears we shed
And whispers "Hush", he's only sleeping
Your brother is not dead
But the stars seem dim, as we whisper low
Our brother dear we miss you so,
Some may think we have forgotten
When at times they see us smile
But they little know the heartaches
Our smile hides all the while
No pen can write, no tongue can tell
Our sad and bitter loss
But God alone has helped so well
To bear our heavy cross.

Ever remembered and sadly mssed by sisters and brothers: Jane, Sadie, Mamie, George and Charles.

NOVA SCOTIA FISHERMAN...

TORY POLICY THREATENS YOUR LIVELIHOOD!

You have a choice between increased incomes and security with a Liberal government or a threat to the very survival of the Nova Scotian fishing industry.

WHICH WILL YOU CHOOSE ?

A LIBERAL GOVERNMENT THAT WILL PROVIDE –	A TORY GOVERNMENT THAT CAN ONLY MEAN –
— Increased trade leading to better markets for our fish in the United States and elsewhere.	— Diversion of trade leading to much higher United States tariffs which will close the door to Nova Scotia fish products.
— Steady incomes and solid security in the winter months through unemployment insurance for fishermen.	— Repeat performance of their dismal efforts to meet the present unemployment emergency.
— Protection for fishermen through an improved Deep Sea Protection Service. Better Fishing Patrol vessels and more of them.	— No improvements to protect fishermen – only the empty ring of their 1957 pre-election Coast Guard promise.
— Essential harbour improvements and government leadership that can get international agreement for Canadian control of a 12-mile limit.	— $175 million for highways in the Arctic, but no practical plan to solve the problems of the Nova Scotian fishing industry.

A VOTE FOR YOUR LIBERAL CANDIDATE MEANS ...

BUSINESS VISITORS

Angus D. Rankin, Agricultural Representative, for Richmond County, accompanied by Ernest MacNeil, Secretary of the Richmond County Farmers' Assn., and Chairman for Richmond County Abattoir Campaign, were business visitors to Arichat, the past week and called at the Record office.

Being interested in the Nova Scotia Abattoir, we asked how the result of the Campaign in Richmond County was shaping up. At that time only a little over $1,000 had been reported raised of the County quota of $4,000.

Mr. MacNeil, was very well pleased with the results of some districts and was hopeful that more people would take shares in the Nova Scotia Abattoir, which is assured for the province and in turn will greatly assist the farmers of Richmond County.

Get in touch with your campaign canvasser in your area and invest for the future of the farming industy in Richmond.

VISIT FRIENDS AT SYDNEY AND SYDNEY RIVER

Mr. and Mrs. M. J. Bourinot accompanied by their son, Cline, daughters, Muriel and Laura; also baby grandson Billy Dickie, motored to Sydney on Sunday and were the guests of our very good friends, Mr. and Mrs. M. F. Cossitt and their son Bobby, of that city.

In the afternoon we all motored to the home of Mrs. Cossitt's parents, Mr. and Mrs. Murray Lewis, of Sydney River, where a sumptous supper was served by their daughter, Violet Lewis assisted by her sister, Mrs. Walter Burns. It being the occasion of Mrs. Cossitt's birthday, a decorated birthday cake adorned the table.

Mr. and Mrs. Lewis are beloved residents of Sydney River, whose hospitable home always holds a warm welcome for their many friends, in the district and far beyond its borders.

Mr. Lewis is well versed in Cape Breton history and being blessed with a good memory and a keen sense of humour, he has related many true tales of the early days when Sydney was beginning to emerge from the status of a town to the city it is to-day.

Before returning same evening we visited Miss Mary Cutler, at Point Edward Hospital, and were happy to find her greatly improved in health and on the road to recovery. Miss Cutler is our next door neighbor and it won't be too long before she will be back home again.

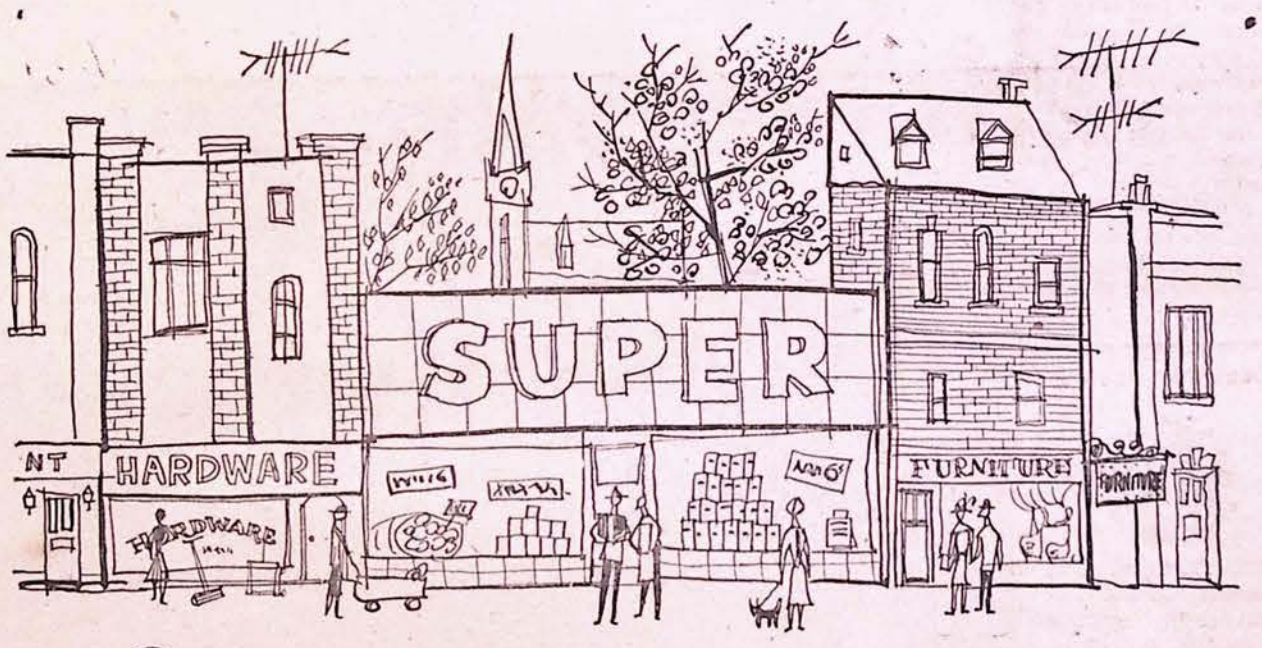

Occupying the bed next to Miss Cutler, was a Mrs. Martell, of Sydney, whose husband is a native of L'Ardoise. Mrs. Martell was a former LeRoi, of Sydney.

Meeting Mrs. MacQueen, R. N., of the nursing staff, was a great pleasure. The former Jean Reid, daughter of our old friends, Mr. and Mrs. John Reid of Gabarus, we remembered her when we served in the Canadian Customs at Gabarus. We were glad to learn that her parents were in good health and that her brother, Rev. Herbert Reid, is in charge of a United Church Parish, elsewhere in the Province.

On leaving the hospital we were again pleasantly surprised to see Fran LeBrun, a nurse-in-training at St. Martha's, Antigonish and a daughter of Gerald and the late Mrs. LeBrun of Arichat. Miss LeBrun, is taking special courses at Point Edward and will be returning to St. Martha's in a few weeks.

Time would not permit us to visit other patients from Richmond County, however, on our next visit we hope to see more of our people from this area.

A proud man is seldom a grateful man, for he never thinks he gets as much as he deserves.

Lobsters are everybody's business!

You might think the lobster catch is just the lobsterman's business. But it's *your* business too. Here is why. If the lobsterman has a good catch, the whole community feels his success . . . the grocery store, the dress shop, the appliance store, the doctor, the dentist, the insurance agent and many others, all benefit. A poor catch means poor business—hard times.

So good catches (and good business for you) next year, and in future years, depend on conservation now.

These 2 important conservation steps should be taken to protect your future—*shorts should be put back; "berried" lobsters should be put back*. The shorts will increase 50% in weight in a year, and bring a better price. The "berried" lobsters will have the chance to hatch their eggs and increase the lobster population. And lobsters don't migrate. They stay put. The lobsterman will find them next year right about where he left them—only bigger, heavier, more profitable.

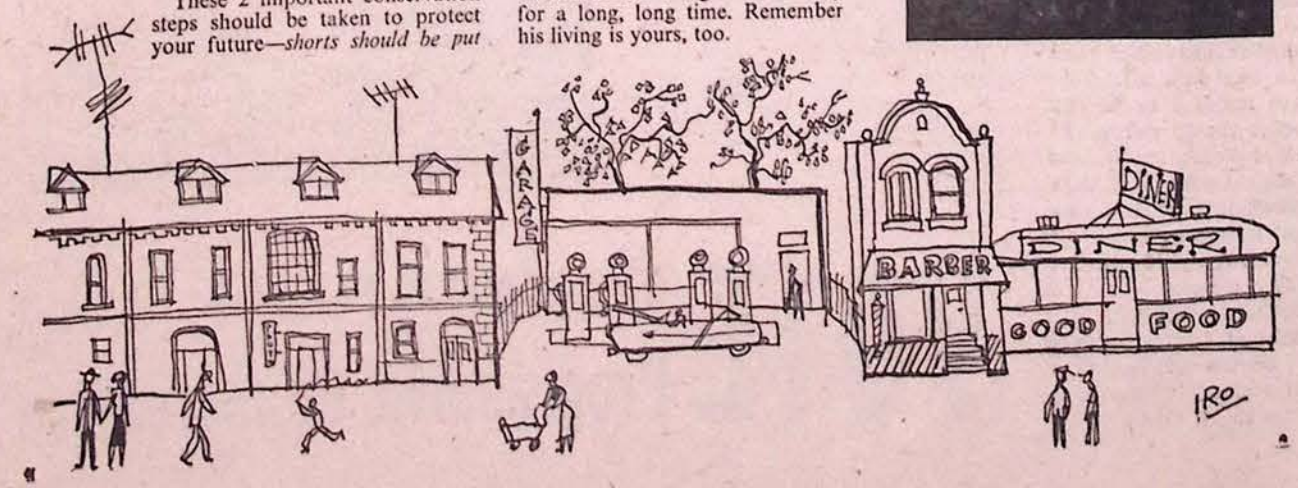

The man who keeps just "the keepers" is thinking smart, thinking ahead. He's the man who expects to make a decent living for his family for a long, long time. Remember his living is yours, too.

CBC-TV AND RADIO TO COVER RIPPLE ROCK BLAST.

(Continued From Page 1)

Sunday or Monday, CBC-TV and radio coverage will begin at 12:45 p.m. AST on whichever day the event takes place. The broadcast will be carried by the Maritime TV Network and the Trans-Canada Radio Network.

Ripple Rock, situated in the Seymour Narrows, about 110 miles north-west of Vancouver, has in the last 80 years sunk or damaged 114 vessels and claimed 100 lives. The April 5th blast has been designed to blow enough rock from the peak of the rock to give forty feet of clearance at low tide. However engineers can only guess at other effects of the explosion.

Some estimate that a tower of rock and water will be thrown 1,000 feet into the air, that the explosion will be heard twenty miles away, and that a tidal wave may result. It is certain however that fish in a wide area surrounding the rock will be killed by the huge concussion.

To cover the blast CBC-TV and radio reporters will conduct interviews prior to the explosion, give eyewitness accounts of events leading up to the blast and describe the after effects.

FEBRUARY FISH LANDINGS

(Continued from Page 1)

were relatively insignificant, both in value or volume terms, and were seasonal in nature.

As in January, fishing was largely concentrated in Nova Scotia, landings of Nova Scotia fishermen accounting for 21.7 million lbs. or about 94 percent of the total.
