Delegation From Quebec Visit Richmond County

(Special to the Record)

On Wednesday, August 14th., Societe St. Pierre was host to a delegation of fifty-five educators and businessmen from the province of Quebec under the auspices of La Liaison Francaise who were visiting the county of Richmond. The visitors were met at their train at Port Hawkesbury by Inspector of Schools R. J. Chiasson a Director of Publicity for the Societe St. Pierre and Mrs. Chiasson; Mr. Dennis Britten, Vice-Principal of L'Ardoise School and a Director of the Society; Mr. Ulric Bourque, Teacher at West Arichat and Mr. David Touesnard with his School Bus to transport the major part of the visitors on their tour of the county. Mr. Britten acted as guide on the school bus. Before the bus left each visitor was handed a kit containing the famous "Camera Tour" of the province, a map of the province and a booklet containing the history of every French parish of the county, a message from the President of the Societe St. Pierre and an article on the on the schools of the county. At Grand Anse the party was met by two other cars called in to help with the transportation, namely Mr. Blair Martell of L'Ardoise and Miss Estelle Baccardax of Poirierville.

The party visited River Bourgeois church and St. Peter's church. At St. Peter's Mass was said by one of the visiting priests after which the party made a visit of the Canal and the cairn indicating that here Nicholas Denys had a fort in the early days of the history of our country. Then the party proceeded to L'Ardoise where a delicious fish dinner was served to the group. After the meal the Inspector of Schools R. J. Chiasson expressed to the visitors the pleasure of everybody in welcoming such a distinguished group. He extended a welcome on behalf of the Societe St. Pierre. In the absence of the pastor, Rev. P. LeBlanc, Rev. A. O'Brien, c.c. extended greetings on behalf of the parish. Mr. Ernest Martell welcomed the group on behalf of the local Trustees of the school where the meal was held. Mr. Onesime Martell, Treasurer of the Credit Union and Manager of the local Co-Operative Store also addressed the meeting. He was followed by Mr. Francis Mombourquette, B. A., M. A., a native of L'Ardoise now on the staff of St. Patrick's High School, in Halifax. Mgr. Paul Emile Gosselin spoke on behalf of the group, expressing their pleasure at visiting such a beautiful spot as Richmond County and he expressed the hope that they may be able to make similar voyages in the future.

After lnuch the party set out for Louisdale and Isle Madame. Along the route the party was impressed to see road signs in French and English, particularly a large sign which was in the process of being installed which spoke of Isle Madame as a tourist paradise. After visiting Louisdale church the party went to West Arichat where they were received by the pastor, Rev A. Doucet. Father Doucet extended a welcome on behalf of the parish and conducted the group on a visit to the church. A number of local people had come to the church to meet the visitors. From there the party went on to Arichat. where the pastor, Rev. A. P. Poirier, P. P., and Chaplain of the Societe St. Pierre received them. Speaking from the steps of the convent, Father Poirier gave a few of the important events in the long history of Arichat, of the work of such men as the late Father Gerroir and others whose names still inspire us. He mentioned the presence in the group the number of Sisters of les chat for their annual retreat, among them the Rev, Assistant Mother General, Mother Marie St. Pelagie and Rev. Mother Laurentia the provincial of the order for the Maritimes. Monsignor Gosselin again spoke for the group and thanked Rev. Fr. Poirier for his kind words of welcome. From Arichat the group went on to Petit de Grat to visit Booth Fisheries. Unfortunately a heavy rain necessitated cancelling plans to visit the church and the village of Little Anse. After returning to D'Escousse where they visited the church the group went to the school where the ladies of the parish served a delicious supper. Rev. Father W. A. Boucher welcomed the party on behalf of the parish. He mentioned that the early missionaries who ministered to the people of D'Escdusse were priests from the province of Quebec and that contacts between the Acadian people and the province of Quebec had been established long ago. Miss Julia Poirier, a grade VIII student spoke on behalf of the youth of the parish. She thanked the Conseil de la Vie for its last two contributions of $500.00 each to the Societe St. Pierre and expressed the hope that the youth of the area would measure up to the aims of the society.

The Chairman called on Prof. Blanchard of Prince Edward Island to say a few words. Prof. Blanchard has had a long and distinguished career in teaching. He spoke of the St. Thomas Aquinas Society which carries on in Prince Edward Island work similar to the work of the Societe St. Pierre. The Chairman then thanked the visitors once more for their visit; he also thanked all who cooperated in making the visit a success and especially the ladies of the parish for a very fine supper. After a singsong the visitors were taken to their train at Port Hawkesbury. We hope that they and similar groups will come again to visit our fair county.

(We thank the correspondent who so kindly sent us the foregoing account of the visit of the French delegation to our county from the Province of Quebec and we congratulate the directors of Societe St. Pierre for their splendid effort in extending such a warm welcome to the visitors.—Editor.)

From U. S. A.

Capt. Claude Boudreau, of Boston, Mass., accompanied by his brother, Capt. Stephen D. Boudreau, of New York, are motor visitors to Arichat the place of their birth and where they spent their early boyhood before taking up residence in the U. S. A.

It is always a treat to see our good friends Claude and Steve and to trace back the many interesting incidents of their boyhood in Arichat.

Our late father and editor of the Record, always spoke highly of the Boudreau boys and both Claude and Steve remember the days when the Record was printed on a hand press and how they watched our late father set type from the case.

It's always nice to know that former residents have such a love for their old home and although the Boudreau boys have been residing in the U. S. A. for many years they still have a very soft sport in their hearts for scenic Arichat in the unspoiled summerland of Cape Breton.

May Claude and Steve enjoy their holiday and bring back the best wishes of their many Arichat friends to their brother Wilbert and sister Christena

OUT ON A LIMB

By Stumpy McCulloch

"Silence in the court!" the judge shouted. "Half a dozen men have already been convicted and sentenced without the court being able to hear a word of testimony."

* * *

A recent trip down Texas reminded me of the fact that selling pines for poles is a lot more profitable than selling them for sawtimber.

I visited a farm in Panola County, owned by a couple of brothers. They were snaking out an 87-foot, four-inch pole.

"We have just sold 28 of these poles that measure around 80 feet, for an average of $58 each," they told me. The trees were about 45 to 50 years old.

The men estimated that the 87-footer had about 300 board-feet worth about $15 if sold for sawtimber.

'Course, pines finally get too tall for poles. They must be straight and tall but beyond a certain length and diameter at butt and top, they get back into the sawtimber class.

Crooked trees are taken out for pulpwood, the men explained, adding that they thinned the lot in 1953 and expect to thin it again this year.

* * *

A tree likes to live in its own homegrounds. What I mean is, it won't grow well if you try to grow it in soil and water which is real different from its normal home.

Lots of folk were disappointed with the red pine in Connecticut, for instance. Red pine is a northern tree. Further south it suffers from disease and lots of insect damage.

The altitude, climate, soil conditions, amount of light, all make a mighty big difference. If you're planning on a species that doesn't like your land, don't give up. There are lots of other species that will do well. Best thing to do is ask the Forest Service.
