SIXTY-SECOND YEAR — ARICHAT, CAPE BRETON, N. S., FEBRUARY 21, 1959 — No. 25

LAST WEEK in the LEGISLATURE

Last week the most outstanding incident in the House of Assembly was the major speech given by Premier Stanfield in reply to the attack on the throne speech by Opposition Leader Henry Hicks who, Mr. Stanfield commented, spoke for two hours without making one useful suggestion.

Answering the caustic Liberal attack concerning the employment of Jerome Barnum Associates and their analysis of governmental machinery, Mr Stanfield emphasized that government business has now reached the $100,000,000 mark and has outgrown the procedures of other days when the provincial operation was not nearly as large. He cited one instance of their saving overhead and capital outlay in that a survey of space made the construction of a new office building unnecessary although definitely planned by the former government. The building was estimated to cost $3,000,000 but now that project need not be considered. It is of reports by the government will also known that further tabling paint a healthy picture of the money Jerome Barnum Associates have saved the Tory regime in the province, not to mention the streamlining of methods, job assessment and wage scales.

The Premier acknowledged the unemployment situation but said it is always with us in winter though more severe this year—as it is throughout Canada. He explained steps of provincial and federal governments to provide more winter work and additional help to municipalities to deal with unemploymed, having the cost to those bodies on a sharing basis. Mr. Stanfield pin-pointed the fact that it should not be forgotten some 4,000 fishermen are drawing unemployment insurance now which they did not under the Liberals.

The government leader was highly optimistic about the construction of the $40,000,000 pulp mill in eastern Nova Scotia and said it was likely, according to recent reports from N. S. Pulp Ltd., in New York, that the mill would be completed on schedule. While the New York firm is not scheduled to givt its answer until June of this year, the Premier said the prospects were very bright. The chemical pulp mill will transform the economy of the eastern part of the province.

The Premier pointed out, with reard to coal stockpiles and the layoff of 4,000 miners this month by DOSCO that (1) a hydro surplus in Quebec is hardly the fault of his government (2) the dieselization of railways, carried out under Liberal administration, struck a deadly blow to the province's coal industry (3) the problem of effects of the St. Lawrence Seaway was not brought about by a Conservative government and (4) the competition we face from natural gas is due to pipe lines built under Liberal governments.

7,079 New Telephones Installed

Annual Report Maritime Tel. & Tel.

"The year 1958 that has just passed was a year of well ordered activity, substantial progress, and a fair measure of achievement in practically all phases of this Company's operations," said A. M. MacKay, President of Maritime Telegraph and Telephone Co., Limited, who presented the Report of the Company Directors to the 49th Annual Meeting of the shareholders held in Halifax on February 18.

*****

CONSTRUCTION

During the ear nearly $7,000,000 was invested in new telephone construction in Nova Scotia. This was a new high in any one year in the Company's history.

*****

7,079 NEW TELEPHONES INSTALLED

At the end of 1958 the telephones operated by the Company numbered 151,192, an increase of 7,079 for the year. This is slightly higher than the increase of 1957. Of the total number of telephones in service at the end of the year, 121,807 or 80.6 percent were dial operated.

The first telephone in Nova Scotia was installed in 1877, and the 50,000th in 1941, so it took 64 years to reach that first important milestone. Only 9 years were required to gain the next 50,000, as the 100,000th telephone was installed in 1950. Eight years later, in December 1958, the third 50,000 was added, and already Company personnel are hard at work on the next 50,000.

*****

6,316,308 LONG DISTANCE MESSAGES

The very fine standard of transmission, and the facility and efficiency with which calls were handled were undoubtedly factors that contributed to the large volume of calls completed during the year. Undoubtedly one of the reasons for the speed and efficiency of the long distance service furnished is the fact that in the case of 88.9 percent of the calls placed, the number was supplied by the calling party. Another reason is the large increase in toll circuits, primarily carrier systems, which added over 5,000 circuit miles to existing toll messages facilities in Nova Scotia.

Of all completed long distance calls 95.8 percent were completed while the subscriber held the line.

*****

Operating Revenue

Gross operating revenue for 1958 was $13,615,194, an increase of more than a million dollars over the preceding year.

***

Operating Eexpenses

Excluding taxes, operating expenses amounted to $8,949,355, an increase of $578,143 over 1957. Wages were the largest factor in this increase.

*****

STAFF

The staff of the Company now numbers 1,812 employees, divided 1,076 female and 736 male. The pay roll for the year amounted to $5,384,793, an increase of $317,086 over 1957.

*****

TAXES

Taxes amounted to $2,078,162, which is $13.75 per telephone. This does not include Provincial Government tax on long distance messages, which amounted to $1.74 per telephone.

* * *

Income and Dividends

The income available for dividends was $1,977,127, which permitted the payment of 70c per share for preferred stock and 80c per share on common stock, the balance being retained for the Company's general requirements.

ASSETS

Fixed assets of the Company after plant retirements totalled $59,676,860, which averages $395 per telephone.

* * *

SHAREHOLDERS

Of the 11,093 shareholders, 9,141 or 82.4 percent are residents of Nova Scotia, which indicates that the Maritime Telegraph and Telephone Co., Limited is very definitely a Nova Scotian Company.

*****

BUILDINGS

A new and spacious toll building was completed at Kentville, and a new central office building at Pictou. The latter building houses dial equipment which will be placed in service early in 1959. A number of smaller buildings were completed in different parts of the province, as well as various rearrangements and extensions to existing buildings.

* * *

TOLL CENTRALIZATION

As soon as the equipment can be installed in the new Kentville toll building, toll operations for the whole of the Valley district from Bridgetown to Clarksvill will be centralized at Kentville. This is in accordance with the Company's plan to ensure increased efficiency by the establishment of regional Toll Operating Centres, and conforms with the centralization at Bridgewater of toll traffic for the South Shore.

* * *

SAFETY PROGRAMME

The Motor Vehicle Safety Programme showed outstanding results, as only 12 accidents—mostly very minor, — were reported for the entire fleet of approximately 200 vehicles. This is a great improvement over the results of any past year.

National Safety Council safe driver awards were presented to 267 vehicle operators. These awards were for periods of from one to five years, and represent over 8,000,000 miles of safe driving.

*****

LOOKING FORWARD TO 1959

While the construction programme for 1958 was very large, present indications are that the capital expenditure for 1959 will be even larger.

Charles S. Malzard

The passing of Charles S. Malzard, on Monday, February 16th came as a shock to his wife and family and throughout the community, where he was born 69 years ago and had resided the greater part of his lifetime.

The late Mr. Malzard, although in poor health for over a year, never complained of his illness, but always maintained his friendly and cheerful disposition, for which he was noted. As a host to the many friends which visited the Malzard home he shared that generous hospitality with his good wife and news of his passing, beyond the borders of his native Arichat, will be heard with deep regret.

In 1913 the late Mr. Malzard, ventured in the garage busines in this town and also operated a taxi service and was a pioneer in this field. He was a graduate of St. F. X. University of Antigonish.

During his early life he was employed by the Dominion Coal Company at Glace Bay, where he held a position in the checking department of that Company.

Mr. Malzard was a shipping agent here for nearly half a century and represented such companies as R. W. Hendry, of Halifax; Bras D'Or Steamship Co., of Sydney; Margaree Steamship Co., of Sydney and for the past few years with the Langley Shipping, Ltd., of Port Hawkesbury. A very efficient and courteous agent the late Mr. Malzard will be greatly missed by the business and travelling public of Isle Madame.

At one time Mr. Malzard served on the Municipal Council and was also Registrar of Deeds for the County. He was an active member of St. John's Anglican Church and for some years served as Warden and up to the time of his death was a valued member of the Vestry.

He is survived by his wife the former Slyvania Wilson, of Glace Bay; also three daughters, Mrs. Maurice McTague, (Elsie), Kentville; Mrs. Wm. Wright, (Jean), of Ontario and Mrs. George Cox, (Helen), of Shelburne.

The funeral which was largely attended took place from St. John's Church, with Archdeacon A. . Arnold officiating, assisted by Rev. A. E. Kingsbury of the parish of Stellarton.

Mrs. J. A. Dickie, of Port Hastings presided at the organ. Two favorite hymns of the deceased were rendered: "Breathe On Me Breath of God" and "Abide With Me".

C. A. Boucher, was in charge of funeral arrangements.

We shall always cherish the memory of our departed neighbor and extend to the bereaved wife and family our deepest sympathy in the loss of a beloved husband and father.

REPORT FROM THE Legislature

By EARL URQUHART

The Throne Speech Debate was continued on Monday night, February 9th, by Premier Stanfield and myself. The Premier spoke for an hour and a half, and it was generally felt that although his speech contained a review of the activities of his Government since assuming office, it lacked any concrete suggestions or recommendations which would immediately relieve the serious unemployment situation in the Province, and procure new markets for our ailing coal industry.

The Premier spoke about the activities of the Crown Corporation known as Industrial Estates Limited, the possibility of a pulp mill being established in Eastern Nova Scotia, and the activities of Jerome Barnum Associates, who are assisting the Government in carrying out the daily administration of the Province.

The Premier's address was by way of answer to the various charges levelled against the government by the Leader of the Opposition, Mr. Hicks, and it was rather amusing to see the Premier skate around the main issues raised in Mr. Hicks' speech. It was generally recognized by the Members of the House and the Gallery that the government attempted to white-wash the problems of the day by giving a long resume of what might happen within the next few years.

It was my pleasant task to follow the Premier on Monday night for a few moments, and I summed up Mr. Stanfield's speech in these words: "The Premier's speech failed to offer any source of comfort or encouragement to the people of this province who are unemployed and who are looking to this Government to secure markets for the primary products of this province. His speech was designed to lead the people of this province to believe that conditions are better than they are and that, to use the words of the Mover of the Address in Reply (Mr. Venoit, P. C. Pictou West) "THINGS ARE FINE IN '59": It does very little good to attempt to tell people that they are happy and prosperous and that there are markets for our products, when, in fact, those conditions don't exist at all."

I concluded my address on Tuesday. Referring to the political activity in the Nova Scotia Power Commission, in Antigonish and Guysborough Counties, the Premier said that politics did not play an important role, to which I replied: "I have no quarrel with the Premier trying to convince himself that this is so, but I suggest that this can only be regarded as an insult to the intelligence of the voters of the Province".

I spent considerable time dealing with industrial development within Nova Scotia, and pointed out that the efforts of the Government, the Department of Trade and Industry, and Industrial Estates Limited, had so far only produced one small industry in the Province, namely, the Faini Company in Pictou County. I suggested that this was a rather meagre effort for a political party that criticized the Liberals for not stimulating greater industrial development when in power. I urged the Government to proceed without delay with the construction of a pulp mill in Eastern Nova Scotia, and pointed out that the Point Tupper—Sunnyside area of Richmond County was an ideal location for a pulp mill. I have great hopes that a mill will be built in this area by some company within the next few years.

In the course of my remarks I also urged that the Government should give the municipalities a greater share of the cash grants available to the provinces from Ottawa. The source of revenue to the municipalities is restricted to real and personal property and therefore, with the increased costs of Municipal Government, it is imperative that more money be made available to the municipalities from the Ottawa cash grants.

Early in the week I introduced Bill No. 20 to incorporate the St. Peter's Columbus Club, and since that time the Bill has been given second reading and will receive royal assent at the end of the Session.

We would be most happy indeed to receive visitors from the County at any of the Sessions of the Legislature, because it is generally recognized that this Session is a most interesting one and the Debates are keen and stimulating.

Little Anse Home and School

Meeting called to order on January 22 at 8 p.m., by singing "O Canada".

After regular routine business the meeting continued with the reading of a letter from the Division of Dental Service by the President, stating that our application for dental work with the pupils was on file and would be taken care off.

The News Letters for January were distributed and slips were signed by the paid up members, so that the news letters would be mailed directly to each home for the month of March.

Other discussions followed on various items pertaining to pupils in the classroom and at home.

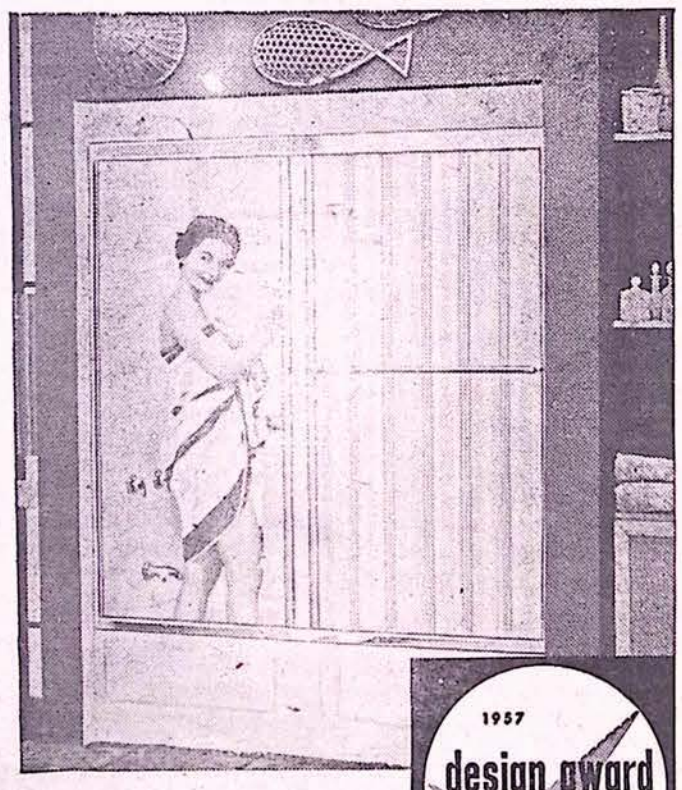

Meeting adjourned at 9.00 followed by a few games of forty-fives.

Meeting, Feb 19, 1959 was opened with the reading of the Creed. The history of our Association was read by the Educational Convenor. Work that had been done through the years was reviewed and explained how money was raised and how spent for the benefit of the school and pupils. The President thanked the mothers, for their help in collecting for the March of Dimes in Samson's Cove and Little Anse.

The renewal for subscription to the paper "L'Evangeline" was discussed and it was decided to send the payment.

We then had some very enjoyable games while the Social Convenor prepared a lunch of sandwiches and coffee. A beautiful Birthday cake in honor of Founders Day was also cut and served. After the meeting adjourned, the members played cards.

D'ESCOUSSE COUNCIL C. W. L. MEET

The last meeting of the D'Escousse Parish Council, C.W.L., took place at the home of Mrs. Harry McoDnald. There was a very good attendance. Four new members were introduced.

Reported among the C.W.L. money-raising activities were 3 card plays, which brought the combined amount of a hundred and six dollars.

During Christmas season, the Council provided flowers and linen for the altar of the parish church, also small gifts for sick persons and poorer children in the community.

A donation of fifty-dollars was made to St. Annes Hospital, Arichat.

Having covered these expenditures, the treasurer reported a balance on hand of seventy-nine dollars.

The serving committee reported having provided a hundred pieces of linen for St. Anne's Hospital and plans were made to prepare more linen.

Rev. Father J. MacDonald then organized the group into a study-club, which would meet once a week, during the Lenten Season. Topic to be studied: "Our Christian Vocation."

The meeting closed with prayer.

WARNING

PUBLIC HIGHWAYS

HIGHWAYS ARE NOT CLOSED NOW—

but at a later date the Minister of Highways will publish a notice closing all highways in the Province to the following classes of traffic namely:

(a) Traffic by any vehicle having a SINGLE AXLE weight in excess of 5,000 pounds gross load where such axle is equipped with two pneumatic tires.

(b) Traffic by any vehicle having a SINGLE AXLE weight in excess of 7,000 pounds gross load where such axle is equipped with four or more pneumatic tires.

(c) Traffic by any vehicle having a TANDEM WEIGHT in excess of 7,500 pounds gross load with no single axle of the tandem pair exceeding 4,700 pounds where such tandem axle is equipped with two pneumatic tires.

(d) Traffic by any vehicle having a TANDEM WEIGHT in excess of 10,500 pounds gross load with no single axle of the tandem pair exceeding 6,000 pounds where such tandem axle is equipped with four or more pneumatic tires.

Pursuant to the above a vehicle such as a truck, truck-tractor, trailer or any combination thereof may have a total gross weight which is the sum of the gross weights of all its axles.

This warning is now given in order that those concerned may make arrangements in advance.

JERVAIS LANDRY

Jervais Landry passed away peacefully in his sleep on Saturday, at the age of 62 years. He suffered a paralytic stroke a few years ago from which he never fully recovered, and was confined to a wheel chair until his death. He is survived by two brothers, Edward with whom he lived; and Alpha, also of Petit de Grat. He was unmarried. The funeral took place from the home of his brother on Monday morning in time for 9 o'clock mass of requiem, with Rev. Charles Forrest officiating. Interment was in St. Joseph's cemetary. C. A. Boucher of Arichat, was in charge of fuueral arrangements.

OUT ON A LIMB

By Stumpy McCulloch

Ol' Zeke was never one to waste words! When he wandered into the woods one day and didn't go home for supper, his grandson went down to fetch him. The lad found Zeke standin' in a clump of bushes. "Gittin dark, grandpap," the boy said. "Yep." "Ain't you hungry?" "Yep." "Comin' home, then?" "Nope." "Why not?" "Cain't." "Why can't you?" "Standin' in a bear trap!"

Most fellers who grow timber on their wood lots figure it's cheaper to cut it themselves than sell it to an outside operator. For one thing, you can cut wood any time you want to—such as during the slack season! Besides, most fellers are more careful if they're cutting their own trees. They'll want to get the timber out of the woods without damaging their younger trees, and that's mighty important. 'Cause good forest management depends on repeated cutting, year after year!

* * *

Here's a surprisin' fact. A fire in Northern Wisconsin in early October, 1871, killed 1200 people—but hardly anybody heard about it! Know why? 'Cause on that same night—October 8th—Mrs. O'Leary's cow knocked over the lantern and set fire to Chicago. And, although the Wisconsin fire killed four times as many people, it was overlooked in the excitement.

* * *

Fire can be mighty dangerous for a Tree Farm, too. I find it's well worth the time and trouble to build fire lanes through my woods, and to keep grass fires away!

* * *

Well, sir, I guess you've heard what happened to Ol' Lem. He stayed on the farm while his boy became a bootblack in town. So now he makes hay while the son shines!

* * *

So long! See you soon!

A New Taste Treat

Hot Buttered Soup and Crackers Make Tempting Winter Snack

When brisk walks in the frosty winter air make mealtime seem a long way off, there's a quick solution to hunger in a cracker-and-dunk snack tray and hot beverage. Here's a suggestion we think you'll like—mugs of hot buttered soup, served with a cheese dip and crackers.

Hot buttered soup is a new idea in soup serving—a delicious treat that you can make easily and quickly. Use any canned soup—tomato, consomme, cream soups are all good—and heat to boiling. Pour into large comfortable mugs and top each portion of soup with a pat of butter. The flavour combination is a particularly appealing and satisfying one, and this drink will answer the need for something hot and hearty on all sorts of occasions. Mugs of hot buttered soup for those who ordinarily skip breakfast can help alleviate the mid-morning feeling of emptiness. Hot buttered soup at noontime with a salad and sandwich makes a ready-in-a-hurry lunch for busy mothers. Serve it as a mid-afternoon snack when your next-door neighbour drops in, as a before-bedtime drink for the children and for informal parties. (If you haven't tried combining two soups, you'll be delighted at the many new and subtle flavours that are possible.)

Why not try serving hot buttered soup this weekend, along with a tray of assorted crackers and this good cheese dip?

ZIPPY CHEESE DIP

2 3-ounce packages chive cream cheese
1 3-ounce wedge blue cheese
½ cup sour cream (approximate measurement)

Blend chive cream cheese with blue cheese, using a fork. Add about ½ cup sour cream, or enough to make dip of spreading consistency. Serve at room temperature for more full-bodied flavour.

Here's another dip to add variety to the party—and to provide more dip for the dunking!

DEVIL DIP

1 can (2½ ounces) deviled ham
½ cup creamed cottage cheese
2 tablespoons mayonnaise
1 teaspoon minced onion
1 teaspoon minced parsley
Cayenne pepper to taste

Combine ingredients and whip until creamy. Add only enough cayenne for tangy flavour.
