NEW SHIP FOR NEWFOUNDLAND SERVICE — A fast, new automobile and passenger carrying ship, now known as the Prins Bertil and operating between Denmark and Sweden, has been purchased by the Department of Transport for operation by Canadian National Railways on the North Sydney-Port aux Basques run. It is expected to be in service by June 1966. The 360-foot, 3,530-gross-ton vessel was built in Germany in 1964. It has facilities for 900 day passengers, can accommodate 242 berthed passengers and 110 conventional sized automobiles. With an operating speed of 21 knots, the ship will be the fastest in CN service.

MRS. MARGARET L. PERRY HONOURED IN HALIFAX

A woman whose rare film-making talents have won international recognition for Nova Scotia was honored, recently, in Halifax.

Mrs. Margaret L. Perry, supervisor of motion pictures for the Nova Scotia Information Service, was guest of honour at a banquet for more than 100 business and government leaders in the Lord Nelson Hotel. Premier Robert L. Stanfield was host for the evening.

The Premier thanked Mrs. Perry for her outstanding contributions to the province during the 20 years she has been producing films for Nova Scotia.

He reminded guests of Mrs. Perry's diligence when she was the "one - man" operation producing films for many years. During that time, she completed all the directing, shooting, script-writing, editing, negative cutting and supervising of the final recording.

With almost 50 films to her credit, Mrs. Perry has been the recipient of many national and international awards. Her "Glooscap Country," produced in 1961, won five awards, including the Polytechnic Trophy at the International Film and Folklore Festival at Brussels. An estimated 1,700,000 people have viewed this outstanding film.

Mrs. Perry's most recent award was presented in Hamilton earlier this month at the annual convention of the Canadian Tourist Association. For the third year in a row, she won the Maple Leaf Award, symbolic of the top tourist film in Canada for the year, for her "Tides of Fundy." Previous Maple Leaf Awards were won for "Highland Heart of Nova Scotia" and "Nova Scotia By - Ways."

Premier Stanfield presented Mrs. Perry with an engraved silver tray to commemorate her 20 years with the Department of Trade and Industry. Other presentations were made on behalf of the Cape Breton Tourist Association and the Windsor Junior Chamber of Commerce. Telegrams were read from Dan Wallace, Director of the Canadian Government Travel Bureau, and F. R. Crawley, President of Crawley Films, Ottawa.

Mrs. Perry's film career had an unusual if not tragic, beginning. Two years after her marriage to Professor Stanley Perry, head of the geology department at the University of New Brunswick and just six months before the btrth of their son, her husband was killed in a car accident.

With only a business course training, she was unesthusiastic about a lifetime in an office. So to support her infant son, she bought a still camera and a second-hand movie-camera and began recording life around her. Her first public recognition came when the Star Weekly published one of her photographs.

This encouraged her to continue and soon her talents became known to the National Film Board in Ottawa. She accepted their offer of a position with them and began learning the film business in earnest.

Three years later, in 1945, she joined the Nova Scotia government staff.

Currently, Mrs. Perry and her assistant supervisor, Ned Norwood, are filming sequences for a film to be entitled "Royal Province."

Going hunting? See your doctor first and follow his recommendations to get yourself in top physical shape.

When you plan a hunting trip, take as good care of your heart as you do your gun. See your doctor first.

Your Heart Foundation reminds all hunters —whether they have heart disease or not Never hunt alone.

If Your Home Isn't Safe— What Is?

Turn all pot handles in during cooking. Don't wear flimsy clothing or long, full sleeves when cooking. Lift far side of pan lids first to prevent scalding. Use a potholder when handling hot pans.

Don't ever smoke in bed.
Be extremely careful when discarding matches, cigarettes, etc.

Be sure there are plenty of ashtrays in the house and that they are of a type that doesn't allow a forgotten cigarette to fall out.

Keep children out of the kitchen during meal preparation. If small children must be watched in the kitchen, keep them in a sturdy chair or a play pen—out of reach of the stove and sharp tools. Keep matches out of reach of small children, and teach older children to use them properly.

Be sure to keep electric wiring, equipment and appliances in good repair at all times.

Don't attempt home repair of electrical equipment. Hire an electrician qualified as a journeyman in the electrical construction trade.

Remember: Kerosine Kindling Kills.

Never use flamable liquids to start fires. Don't keep flamable liquids in dwellings and never in glass or plastic containers. Use an approved safety container. Home dry cleaning should be done only with non flamable cleaners—and NEVER use flamable cleaners in a washing machine.

Don't allow trash to accumulate in basements, attics or storage areas. Make sure all combustibles are removed regularly. Any storage of clothing should be in good containers and all pockets must be cleaned of matches before storage. Containers should be stored clear of electrical equipment and in cool locations.

1965 Canada Savings Bonds are on sale now.

Canada Savings Bonds are a great way to save. The new bonds pay you 4½% for each of the first 2 years, 5% for each of the next 6 years and 5½% for each of the remaining 4 years. This works out to an average annual yield of 5.03% when you hold them to maturity in 12 years.

You may buy any amount from $50 up to a limit of $10,000 per person in denominations of $50, $100, $500, $1,000 and $5,000.

They are available for cash or on instalments at banks, investment dealers, stock brokers, trust and loan companies or on the Payroll Savings Plan where you work.

And you can cash them any time at your bank for their full face value plus earned interest.

Buy yours today!

TECHNICAL AND VOCATIONAL TRAINING FACILITIES IN CAPE BRETON COUNTY

Hon. R. L. Stanfield, as Minister of Educaton announces that expansion of technical and vocational training facilities ln the Province will provide for an enrolment of 3,037 persons in three institutions in Cape Breton County, most of them by September 1967.

The Nova Scotia Eastern Institute of Technology, on the Sydney -Glace Bay Road,, will provide for the enrolment of 785, of which 330 will be in technician (post high school) level courses, 320 will be in apprenticeship courses and 135 will be in other occupational courses at the trades level. The Institute is provided primarily to serve the youth of eastern Nova Scotia and will be constructed immediately at a cost of $4.4 million.

The Nova Scotia Adult Vocational Training Centre, in Point Edward Base, will provide for the enrolment of 752 of which 462 will be taking vocational courses of 6—9 months duration in appropriate shops and 290 will be studying prevocational subjects of English, Mathematics and Science to prepare them to enter vocational courses. The Centre is provided primarily to serve unemployed adults and disabled adults of the Province and is now being expanded and equlpped at an estimated additional cost of $800,000.

The Cape Breton County Vocational High School, on Prince Street, Sydney, will provide for a revised and broadened program an enrolment of approximately 1,500 after it is expanded to house to serve a segment of the youth of Cape Breton and Victoria Counties with 2 year and 1 year pre-employment courses, which in many occupations, will be pre-apprentice— ship courses, at the trades (high school) level. The school will be renamed as part of a province-wide system of regionol vocational schools, the details of which will be announced very soon.

The Government of Canada contributes 75% of the capital costs and approximately 50% of the operating costs of all approved technical and vocational training institutions under the terms of the federal-provincial Technical and Vocational Agreement.
