SUGAR AND SPICE
by Bill Smiley

I HATE NOVEMBER

Don't worry, I do have a plan for writing an almanac of the months. But I'm almost certain that most people share my view of November. It is a real bummer.

It may be beautiful in Adelaide, Australia, with bikini-babes on the beaches, and the sun belting down. But in the true north strong and free, it's as sad as the wreck of a once-beautiful woman with nothing left but good bone structure and great black bags under the eyes.

It is suitably introduced by Hallowe'en, that night when the instruments of darkness have their fling, and people put razor blades in apples and caustics in candies.

It is a time when night comes early and surly, and we draw our shades and creep into the darkness of our souls, and contemplate with horror the five months ahead.

No wonder Guy Fawkes and the other guys in on the deal tried to blow up the English King and parliament on Nov. 5th, 1605, in the famous Gunpowder Plot. But it was probably so ruddy dank that they couldn't keep their powder dry.

No wonder World War I ended on November 11th. Even those tough and stubborn fighters, the Germans, couldn't face going through the rest of another nasty November.

It's a month of soaring fuel bills, last year's rubbers vanished into thin air, mud and wet leaves tracked unto the clean kitchen floor. A month of putting on snow tires a day too late, storm windows a week too late, and studying for exams, a month too late.

It's a gray month. This, in Canada, is symbolized by Grey Cup Day. Isn't that appropriate? It couldn't have been a Lord Brown or Blue or Green or any of those distinguished names who donated our football cup. It had to be a Lord Grey.

Oh, I suppse, for lunatic fringe, of our population November has its merits. It's deer-hunting month, when one can go out and muddle around in the marshes for $10. The only comment I have here is that the deer population is steadily increasing.

Thanks to the incredible ineptitude of most hunters, people like Skinny Wyonch, the deer are safer from hunters than the church is from tax-collectors.

And it's a grand month for those other nuts—the rainbw-trout fishermen. I can't think of anything, on those bone-shaking, moist-laden November mornings, up to your navel in ice-water, more conducive to a long, happy life. Full of arthritis, neuritis, bursitis and plain old rheumatism.

November as a certain grim charm for the misanthrope — the guy who wants everybody to be as mean as he is. For once, he knows everybody is as glum as he, which makes him glumly happy, or happily glum.

It's a month when every normal Canadian gets a rotten cold which hangs on, with varying degrees of misery, until the 24th of May. It's the month when Christmas advertising reaches a zenith of stupidity.

It's a month when your kids quit university, when your roof springs a leak, when your furnace decides it is worn out. When your old back-ache stunned by summer's sun, starts to ache back. When your car's "fall tune-up" turns into a major overhaul.

It's a month when all your best-laid plans of September turn aft agley and you realize you are running on three cylinders instead of the usual five.

It's a month, this year, when you had to lick a six-cent stamp for the first time in your life. And your poor old Yank friends had to choose not Snow White, but one of the seven dwarfs.

I would say November is for the birds. But even the birds have enough brains to head south in October. Where does that expression "bird-brain" come from? I

UTOPIA

Last night I took flight on a fanciful wing to a world cut in unexplored space, which seemed at the time a most practical thing to this newsman assigned to the case.

I landed on carpets of daisies and gold where folks without fuss or pretension who looked neither young nor crazy or old, said "Welcome to you, Fourth Dimension." I asked, "Who's your leader, your chief or your king, and where can I buy me some dinner?"

They answered, "We never possessed such a thing, nor eat to get fatter or thinner."

So, having no leaders they didn't need wealth, no money, no taxes, no treasures; no hard-fisted drinking to ruin their health, while work was just one of their pleasures. With no public office or drones to support, no candidate rose to resent it.

I dialed city desk to phone in my report, but fell out of bed - - I had dreamt it!

KNIGHTS OF COLUMBUS HOLD MONTHLY MEETING

The regular meeting of Laurence Kavanaugh Council No. 4607 K.O.C. was held in the Council Chambers at West Arichat, N. S., on the 14th of November.

Grand Kight John A. A. MacNeil opened the meeting at 8:00 p.m., the Council was informed of the visit of the Supreme Knight of the Knights of Columbus to Sydney, on the 19th and 20th of November. Following discussion it was decided that as many members as possible would attend the meeting at the Sydney Council Chambers on the 19th. The members would gather at the Council Chambers at West Arichat and would go to Sydney in a Motorcade.

John E. LeBrun reporting for the Council Activity Committee reported on a very successful Hollow'een social held in the Canadian Legion Hall at Arichat. All who attended had a very enjoyable evening.

Rev. A. Doucet reporting for the Scholarship Committee said that he had received four applications for the Council Scholarship and expected more before the closing date the 22nd of November.

There was a general discussion on membership and the difficulties encountered due to the extremely large territory covered by the Council. It was decided that a member from each district be appointed to a committee with the Financial Secretary as Chairman so that a close liaison could be maintained between the members by personal contact.

The Grand Knight announced that a Memorial Service would be held in the Council Chambers on Sunday the 24th of November 1968 at 2:30 p.m. Following the Service members and their families would attend Mass at Arichat at 4:00 p.m. The deceased members of the Council since the last service are the late Leo Fougere, Poulamond; Harry E. MacDonald, D'Escousse; Ronald Poirier, D'Escousse; Ernest Martell, L'Ardoise and Joseph A. Gilson, St. Peters.

Following receipt of a letter from the State Deputy regarding donations to the Biafra Relief Fund from Nova Scotia State Council, Laurence Kavanagh Council No. 4607 donated thirty dollars their requested share to the fund.

J. Stanley Marchand of Pondville was appointed to organize the Children's Christmas Party which is held annually. A sum of money was to be sent to the Columbus Club at St. Peter's to help them with their Children's Christmas Party. The members of the St. Peter's Columbus Club are all members of Laurence Kavanagh Council.

The Christian Doctrine period was a continuation of the subject of the last meeting "Conscience". There was a lively discussion by the members on this subject and a great many questions were asked. Answering the members questions were: Council Chaplain Rev. Conrad P. Gerrior; Very Rev. A. P. Poirier and Rev. A. Doucet. When the discussion was ended it was annonuced that the subject for the next meeting would be "Keep Holy the Sabbeth Day".

Due to the Christmas season the next meeting will be held on Thursday the 19th of December.

The meeting adjourned.

ANDREW BOUDREAU

Andrew Boudreau, 77, was buried following funeral service at St. Joseph's Church, Petit de Grat.

A native of Petit de Grat, he is survived by his wife, the former Evangeline Marchand of Pondville; five sons, Valdor, Halifax; Harold, Arichat; Noah, Montreal; Andre, Arichat; Abel, Petit de Grat; one daughter, Aileen, Toronto.

A son, Jean, and a brother, Joseph, are dead.

Also surviving are one brother, Willie Boudreau, Halifax; two sisters, Mrs. James Goyetche, Petit de Grat; Mrs. Minnie May Fraser, Pictou.

The late Mr. Boudreau was a very industrious man and during his early life engaged in the fishing industry out of the port of Petit de Grat, where he owned and commanded his vessel, the "Cora Wells", later he engaged in shore fishing, and retired not so many years ago.

A life-long resident of Petit de Grat, he was highly regarded by neighbors and friends and took a keen interest in the various organizations in the community.

He was a devout member of St. Joseph's Parish.

The Record joins with the many friends of the deceased in extending sympathy to Mrs. Boudreau and family, also to his sisters and brother.

Buy into Canada.

There are probably as many good reasons for buying Canada Savings Bonds as there are Canadians. There are the hopes, plans and ambitions you have for yourself and your family. There is the desire, which all of us share, to play a part in building the future of our country. The simple, safe, profitable way to help realize these goals is to buy Canada Savings Bonds.

They offer an excellent return. The average yield to maturity is 6.75% a year. There are fourteen annual interest coupons which begin at 5.75% and rise to 7.00% for each of the last nine years. These can be cashed each year as they become due. Better still, if you choose to keep these coupons uncashed, you can earn interest on your interest. Take full advantage of this option and, when your Bonds mature, your total interest earnings plus your original investment will amount to $250 for each $100 invested.

They are available to everyone. Canada Savings Bonds are available to every Canadian resident in amounts from $50 up to $50,000, for cash or on instalments, wherever you work, bank or invest. Adults, children, businesses and institutions—all may buy them.

They are instant cash. You can cash them any time at any bank in Canada at their full face value *plus* earned interest.

Few investments are so profitable. None builds more surely for the future. Buy into Canada *today*. Buy Canada Savings Bonds. It pays.

It pays.

ST. JOSEPH'S CREDIT UNION REPORT FOR OCTOBER

Dear Mr. Editor, with your permission we are happy to bring to your readers and our members, as well as prospective members, the report of our Credit Union for the month of October.

The Treasurer in the 26th Newsletter to our members gives us the following rundown:
—INTEREST received in the month of October amounted to $4,146.00.
—Net profit for October $1,975.00.

We are told that this was based on $426,609.00 dollars working for our Credit Union Borrowers in thirty days.

Our treasurer also reminds us that $71,000,.00 of this money was borrowed from the League and is costing us 7 3/4%.

Carl tells us that we have done very well this year and we are happy to report that more than $50,000.00 at time of this report was saved, but he also claims there were quite a few more dollars floating around that were not caught in our Treasurer's net.

There is time left befre the end of the year and Carl and Edith will be happy to scoop in more dollars to place to your credit and that of your OWN Credit Union.

Our total volume for Cash Over the Counter in 10 months amounted to $644,000.00. Comparative with figures for twelve months in 1967 which amounted to $618,00.00.

It is a sensible fact that every time our volume of business increases our Credit Union Services to Members is Greater and Carl tells us that is what we are here for—let us make it even better in the months to come!

The loan picture for October, tells us that our members have kept the dollars moving; $39,000.00 came back on loan repayments and our Credit Committee processed loans (going out) to the beautiful tune of $45,485.00.

Here is our Loan Story for the year: During the first ten months $304,000.00 was repaid and we made $375,440.00 available to our borrowers.

FOLLOW THESE SOUND SUGGESTIONS FROM YOUR CREDIT UNION:—Avoid "impulse" buying. Plan ahead and write down the items you intend to buy.—Use the customary "FREE" 30-day charge account if you wish, but be prepared to pay the amount in full before you run up credit charges. —Pay cash when possible—especially on small day-to-day items. Step in at the CREDIT UNION for good advice when you have a "buying problem"—and take advantage of the Credit Union loan services if you need to borrow.

Thanking you Mr. Editor and we look forward to another report for Novemeber.

VIEW FROM THE HILL

The muscles of democracy are the many little organizations in the community. As free people we are at liberty to organize and get together whenever we have a common need or a common interest. When we, as free people, get together and speak as a group, our voices grow in stature and importance. As individuals each one of us is relatively unimportant to our elected representatives in government but if we organize and speak as a group we will get greater attention and usually something will get done. I am sure that while you are attending meetings with other people you will find common interests to talk about and you'll at least get to know someone better.

The one-eyed monster of TV has destroyed a lot of the get up and go in many communities. It's so easy to sit back every evening and be entertained by a gun slinging, scuba diver, in a cowboy hat with a well shaped female assistant who is chasing an international spy playing a guitar. Wake up, George, there are things to be done in your community; or are you living in Utopia where everything is fine and nothing should be changed. Get out to the Lions Club meeting or the Legion meeting or the Board of Trade or the Sons of Temperance. Each and every one of us should belong to some organization that is dedicated to doing something and I promise you that you will be happier people in a healthier community that is full of life and really going places. If there is no organization that strikes your fancy or none that are interested in the things you want for Cape Rouge or Lower Framboise then form your own group by talking to people and selling them on your ideas; then call a meeting; and organize the Cape Rouge Action Group. Have regular meetings and if you have any problems about how to better conditions in your area drop John A., a line c/o The Richmond County Record, Arichat, N. S. I do not profess to know all the answers but I have a good idea where most answers can be found. We will find someone who can give you an informed opinion if not the complete answer.

The answers to many community problems are being worked out by organiaztions in other communities. Let us build more action groups in Richmond County and reach for that better standard of living. It's up to you—not him; or them; but YOU.

LENOIR'S FORGE OF ARICHAT

By Harvey Arthur Burton

The forge was old and weather worn
It's walls were furrowed deep,
And wrinkles marred the stony face
That long was lost in sleep.

An eerie voice that pierced a seam
Re-echoed far and near,
And blew the conch that summoned friends
To mind the fissure's wear.

When viewers of its golden days
Had heard its plaintive plea,
They tossed a life line to the giant
That dwells beside the sea.

With skilful art a mason's hand
Has sealed the jagged wounds,
Where night winds of the early morn
Had mocked the whooping loons.

The mortar muted eerie sounds
And hushed the monarch's moan.
Now since the ghost has disappeared
The old forge lives alone.

Resplendent in it's pointed gown
The landmark stands aglow,
And 'neath the haze of mossy beams
We hear the bellows blow.

In fancy now the smith we see,
We hear his anvil song,
And view the milky way of sparks
That trail the hammer's gong.

In memory too the harbour youth
Would crowd the open door,
To witness anchors bowed and fluked
In happy days of yore.

Drink deep dear friends of music sweet
And with fond memories gorge,
The anvil chorus of the past
That flared from LeNoir's Forge.

(The author of the above poem, Harvey Arthur Burton, is a native of Arichat and has been a resident in Buffalo, N. Y., for many years. The love for his old home often brings back fond memories and in this poem as well as several others he displays these feelings in verse. Thank you, Harvey and we know this poem on the old forge will be greatly appreciated by our many readers.—Editor.)

NEWS ABOUT TOWN AND COUNTY

MRS. JOHN LANDRY

We regret to announce the death of Mrs. John A. Landry, the former Lena Jane Boudreau, of Petit de Grat, who passed away on November 11th, at her home in Petit de Grat after a brief illness. She would have been 82 years old on November 17th. The late Mrs. Landry was a devouted wife and mother and was held in high regard by neighbors and friends. Her contribution to the work of the Parish of St. Joseph's was outstanding.

Besides her husband she is survived by six sons: Gustave, Xyste, Godfrey, Leon, Jerry and Clarence all residing in Petit de Grat except Leon who is residing at Riverport, Lunenburg County; three daughters: Mrs. Amedee Boudreau, (Agatha); Mrs. William H. Boudreau, (Cecilia); Mrs. Leon A. Landry, (Viola) all residing in Petit de Grat. Also surviving are two brothers: Leonard and Eugene Boudreau, of Petit de Grat and five sisters: Mrs. Joseph E. Landry, (Lillian), Mrs. Minnie Landry, Mrs. Alexina Landry, all of Petit de Grat; Emma and Alma both of Pictou. Also surviving are 42 grand children and 20 great grandchildren One son Leon and two daughters motored from Riverport and were at her bedside when the end came. One grandson, Robert Landry, presently empoyed at Ottawa flew down to attend the funeral. Another grandson, Bernard Boudreau who is employed by Household Finance Corp., and stationed at Quebec accompanied by his wife were also present for the funeral. Other grandchildren in attendance were: Emmanuel Boudreau, a student at St. F. X., University, at Antigonish, his wife, his brothers, Gordon, John and Adrian and John C. Landry all students at St. F. X. University.

The funeral, under the direction of C. A. Boucher took place on Wednesday morning in time for Solemn Requiem Mass at 10 A.M., at St. Joseph's Church with Rev. John J. MacDonald officiating, assisted by Monsignor A. Boudreau as deacon and Rev. Dan Doucet, as sub deacon. The pallbearers were the six sons: Gustave, Xyste, Godfrey, Leon, Jerry and Clarence. The altar boys and cross bearer were also grandchildren of the deceased. The Epistle was read by one of the grandsons, Bernard Boudreau. Eight of the granddaughters carried the wreaths of flowers to the Altar Rail. The choir was also made up mainly of other grand daughters. The organist was Anne Landry another grand daughter and music teacher. Burial was in St. Joseph's cemetry.

We extend our sincere sympathy to the bereaved husband and all members of the family.

INVESTIGATE CO-OP. SUPPLY DEPOT

The following release has been supplied by the "Steering Committee Strait of Canso Co-Op. Supply Depot":—

A group of Strait citizens are investigating the setting up of a Co-Operative Supply Depot for groceries. A Co-Op. Supply Depot (C.S.D.). It buys groceries for its membership at wholesale prices and passes the wholesale price on to its members. Members only can shop at a C. S. D., and each member is charged an operating fee for every week.

The Standard Co-Operative Retail Stores are open to the general public. The profits are paid to the member shareholders. In a C.D.S. there is no profit mark-up as each member pays only the operating costs of the store. All groceries are sold at wholesale prices.

The service of such a store does not have to compete with other stores as member customers are the only shoppers. Overhead is reduced to a minimum. Stores presently operating in the Maritimes are doing so at the rate of about two dollars a member family. Savings from five to twenty dollars can be made by the average family depending on the amount of monthly shopping.

A large public meeting is planned for Monday, December 2, 1968, at St. Joseph's Parish Hall, Port Hawkesbury at 8 p.m. If a large enough turn out from Isle Madame-Louisdale area is obtained, it could be feasible to establish a C.S.D. store in the area. The same applies to St. Peter's Area.

Information will be available shortly for all citizens. At the public meeting will be senior representatives of the Maritime Co-Op. Services from Moncton and Sydney. Full information will be available at the meeting and all questions will be answered. Information in the area can be obtained from Rev. Father Rogers of the St. F. X. Extension Department in Port Hawkesbury or from Rev. A. D. Turnbull, in Arichat.

Let your liver bile relieve irregularity

It's a proven fact that a sufficient flow of liver bile will relieve irregularity. How does this work? Excess fat globules in the digestive tract often cause irregularity. The best way to break down these unwanted fat globules is with a sufficient flow of liver bile. And Carter's Little Liver Pills has proof . . . clinical proof that it improves liver bile flow by breaking down unwanted fat globules and unblocking the digestive tract. So whenever you feel sluggish, headachy, nervous and need relief from irregularity get Carter's Little Liver Pills. 50¢.

MASSEY REVISITS WAR SITES

Canalian-born actor Raymond Massey, a veteran of The Great War, narrated And We Were Young, a CBC-TV 90-minute tribute to the valor of Canadian troops during the 1914-18 holocaust. The program—with scenes filmed in Europe this summer was shown in color and authentic archival film of the First World War was shown in black and white and was telecast the evening of Remembrance Day, Nov. 11, the 50th anniversary of the Armistice that ended "the war to end all wars." Producer was Peter Kelly of CBC features and special events, Toronto.—CBC Photo.

SALT DISCOVERED AT KINGSVILLE, INVERNESS COUNTY

HALIFAX—A vast new salt deposit discovered in the Kingsville area of Cape Breton by geophysicists of the Nova Scotia Research Foundation is now being drilled by a Canadian chemical company.

In releasing the NSRF annual report, W. S. K. Jones, minister of finance and economics, said development of the new salt deposit virtually assures the growth of diversified chemical industries in this part of Nova Scota.

The Kingsville discovery is the second salt find in Cape Breton. The other is near Port Hawkesbury and Point Tupper—site of the deepest harbor on the Atlantic coast, where a new oil refinery now under construction is expected to be the nucleus of a petrochemical complex.

Current drilling operations at Kingsville are based on geological and gravity surveys carried out by the NSRF geophysics division. Gravity surveys measure minute variations in the earth's gravitational field, caused by rock of widely different densities.

It was NSRF gravity surveys on which recent drilling near Truro for sulphur uncovered salt beds, which are similar density. Potash was located near Wallace but was of insufficient commercial value for development at present.

Using digital computes to collate the results of up to 10,000 individual gravity surveys, research foundation scientists have greatly accelerated the interpretation of survey results.

Other modern survey techniques based on sophisticated echo sounding were used by NSRF geophysicists and geologists in the past year to map the rock strata beneath the ocean bed for the placement of harbor installations at Canso Strait's new deep water harbor; and the Nova Scotia shores of the Bay of Fundy for potential tidal power sites.
