THE RICHMOND COUNTY RECORD, ARICHAT, N. S. MAY 15, 1971

Richmond County Baseball News

ADRIAN (HOGAN) BOURQUE PRESIDENT OF RICHMOND AMATEUR BASEBALL ASSN.

At a recent meeting held at the Royal Canadian Legion Hall, at Petit de Grat, members of the Richmond Amateur Baseball Association selected Adrian (Hogan) Bourque as their President for the 1971 baseball season. Mr. Bourque a resident of West Arichat is a well-known gentleman of Richmond County, particularly for his keen interest in Amateur sports. He will receive assistance from a very strong executive comprised of Donnie Pottie, Don Boudreau, Rev. James Mombourquette, Gerry Robertson, Jerome Martell, Carl Boudreau and Melvin Burt. The Baseball League which is open to all communities of Richmond County has attracted 5 teams to date, all teams have been working very hard over the winter months to raise funds for the season's expenses. With the enthusiasm of last year's players still riding high and the interest of baseball growing the league has attracted two new teams to its fold—namely Arichat and D'Escousse and five teams will make up the league for 1971 . Arichat's team will be sponsored by J. H. LeBrun's Ltd.; D'Escousse team will be sponsored by the North Isle Madame Credit Union; Petit de Grat team will be self-sponsored and will carry the set of uniforms given to them by Tim Boudreau of last year; River Bourgeois will be sponsored by Olands & Son Ltd., and Louisdale team will be sponsored by the Landry Bros., Ltd., of Louisdale. In order for the teams to be officially part of the league an entrance fee of $200.00 should have been in the hands of the president by April 15, 1971.

It is expected that the season will get underway by May 24 and be completed by August 21, 1971.

A schedule is in process of beign drawn up by Stan Paskoski coach of the Louisdale Champs. Baseball diamonds could be a problem this year unless the weather remains favourable and allows three communities to complete their fields. Arichat will have a new ballfield and possibly ready for the season; the Louisdale community are busy building a new ball field on the Whiteside highway and expects to be ready in May. The baseball field at Petit de Grat requires some attention as the high rising waters over the winter months caused a great deal of damage to the outfield. On the other side of the county at River Bourgeois, the Memorial Grounds will be in excellent condition as the newly sodded infield dressed by Jim Bouchie in 1970 will have settled and will offer a fast infield to the players. So by keeping fingers crossed Baseball Diamonds may be in abundance this season. Peter Burke of River Bourgeois will act as Umpire in Chief and will obtain 5 other Umpires to do the honors this year. It is not too early for the players to practice the baseball MOTTO for 1971 "BE KIND TO THE UMPIRE." According to the Umpire in chief of the league will be run in accordance to the Nova Scotia Baseball Association Rules to the Letter T. The executive members are making some efforts to develop proper attitudes among the prospective ball players. — While talking to one of the coaches the other day he mentioned that a player asked if he would make the team—the coach replied he would not be eligible for try-outs if he did not get a hair cut—the next day the ball player was seen visiting his local barber—Attitudes —It was agreed at the executive meeting that the Association would assist other levels of baseball as well in the 1971 baseball season—the Little League, Juvenile and Bantam teams would receive proper guidanse in liniag up Tournaments and also financial assistance.

So there you are Baseball fans a quick look at an Association on the move—if you are interested in seeing good baseball in this County you can play a part—help out when a member approaches you to buy a ticket or attend a Variety Show, and keep in mind that the Litte League Player of today is the Senior Player of Tomorrow.

More Baseball News to Come!

Mrs. Alice Arsenault

Mrs. Alice Arsenault, 80, widow of the late Joseph Arsenault, died Thursday morning, April 8, at Sacred Heart Hospital, Cheticamp.

She was the daughter of the late Charles Broussard and Louise Au-Coin. She was a devout member of St. Peter's Church and a member of the Ladies of Saint Anne.

Predeceased by her husband in 1952, a son Willie Joseph in 1957, also two step-sons Larry, 1971, Sam in 1964; one brother and four sisters; she is survived by three daughters, Germaine, (Mrs. Thomas Charles Bourgeois) with whom she resided, Blandine, (Mrs. Ignatius Matlock), New Waterford; Rev. Sr. Marie Therese Arsenault f.d.j., Arichat; two step-daughters, Lucie Anne Arsenault, Cheticamp; Beatrice (Mrs. Louis Philip Chiasson, Montreal; one brother, William, Cheticamp; one sister, Rev. Sr. Helen Broussard; f.d.j., Moncton; fifteen grandchildren, many nieces and nephews.

The remains rested at the home of Mrs. Thomas Charles Bourgeois from Thursday evening 7 p.m. to Monday April 12.

Funeral mass was celebrated at 10 a.m., Monday, at St. Peter's Church in Cheticamp, C. B. The concelebrants were: Rev. Ernest Chiasson, Glace Bay; Rev. George Arsenault, Petit de Grat, both nephews of the deceased; Rev. Conrad Gerrior, Louisdale and Rev. Pierre Baccardax of Pomquet; Rev. Ernest Chiasson gave the homily; Mrs. Yvette AuCoin read the epistle. The choir was under the direction of Rev. Sr. Lola Burke and organist was Miss LeFort.

Other priests present at the funeral mass were: Rev. Emmanuel Gallant, P. P. Cheticamp; Rev. Father Cormier, St. Joseph du Moine; Rev. John J. MacDonald, Margaree and Rev. Felix Boudreau, Petit de Grat.

Outside visitoars who attended the funeral were: Mr. and Mrs. Simon J. Arsenault, Ingonish Beach; Mrs. Josephine Arsenault, Reserve; Mrs. Mary Arsenault, Sydney; Mr. Willie C. Boudreau, Sydney; Mrs. Norbet Fougere, Frankville; Mr. Willie AuCoin, Sydney; Mr. Willie Bourgeois, New Waterford; Mr. and Mrs. Robert McEachen, New Waterford; Mr. Alphonse A. Samson, Louisdale; Mr. Harley Marchand, Louisdale; Barbara Babin, West Arichat, Rev. Sisters Filles de Jesus from Arichat, Petit de Grat, L'Ardoise and Margaree. Relatives and friends from Cheticamp and St Joseph du Moine came in great numbers to pay their last respects to Mrs. Arsenault.

Pallbearers were: Ernest Bourgeois, Willie Bourgeois, Gerard Bourgeos, Joseph AuCoin, Anselm John Larade and Edmund AuCoin. Funeral was under the direction of Mr. Bernie Chiasson. Burial was in the prsh cemetery.

We extend sympathy to the bereaved family.

Fire Prevention Poster Contest Winners Announced

We are happy to announce the winners in the Fire Prevention Poster Contest for Richmond County as follows:—

REGION PRIZES for Richmond County gave Dougas MacKinnon a 2nd. Douglas is a student of South Mountain Cons., School, St. George's Channel.

COUNTY PRIZES: went to Douglas MacKinnon, of South Mountain School, Richmond County who took 1st Prize.

Anthony Gaudet of Arichat Elementary School, Richmond County, took a 3rd Prize.

Congratulations to both Douglas and Anthony for their success in this annual contest.

This Forest Fire Prevention Contest, is sponsored by the Nova Scotia Forestry Association and we are told that 1,602 posters were entered from all counties of the Province.

The cheques will be presented during National Forest Week or immediately afterwards.

Song of Loved Things

In times of joy and times of grief
These I have loved beyond belief,
These I have loved and always will:
All trees that grow, and every hill,
Fields newly plowed, young corn in rows,
The old dark prophecies of crows.
Evening wind in willow thickets,
Frog songs and the songs of crickets,
Stone walls that wear frail lichen lace,
The daisy's round and sun-washed face,
Lanes over which wild grasses lean,
And things my own hands have scrubbed clean.
These I have loved in times of pain
And times of happiness: the rain,
First stars, white moonlight, nor shall I
Leave them behind the day I die!

—by Elizabeth-Ellen Long

Isle Madame Board of Trade News

At the monthly meeting of the Isle Madame Board of Trade, held at the Municipal Building, various public works and highway projects were proposed by the Board and discussed at some length. Among these projects were:—

The Little Anse Highway which flooded at the waterfront, during high tides and heavy seas. This was reported to the proper governmental authorities.

*****

The Park Site at Grandique Ferry, was also discussed at some lengtb and here the Board will get in touch with the proper channels of both Provincial and Federal Governments.

****

Repairs and possible reconstruction of the Lochside Road along the shoreline of Shaw's Lake, is strongly urged by the Board and requests are being made to the Department of Highways to take immediate action.

****

A request to complete paving of the Rocky Bay-Cape La Ronde Highway is being requested by the Board and letters are being sent to the Department of Highways, to continue the paving to connect with the Poirierville Highway.

****

Another very important matter has been fostered by the Board and that is the Lennox Passage Bridges where dams prevent ships from using the passage. These dams were built last year to prevent oil spill from the tanker "Arrow" from entering the east side of the passage and into St. Peter's Bay.

The following letter received by the Secretary of the Board, Mrs. V. M. Shaw, from the Minister of Highways, dated April 7, 1971, appears as follows and will no doubt be of interest to the public:—

Halifax,N. S.
April 7, 1971

Mrs. V. M. Shaw, Secretary
Isle Madame Board of Trade
Arichat, Richmond County
Nova Scotia

Dear Mrs. Shaw:

This will acknowledge your letter of March 17, 1971 advising that your members have learned that the bridges at Lennox Passage are to be removed and replaced by a causeway which would eliminate the passage way for yachts and small craft.

The Lennox Bridge, number one, which is the larger of the two bridges was strengthened approximately three years ago which involved replacement of the deck. As the bridge is considerd to be structurally sound there are no plans to replace it at the present time.

With regard to the Lennox Passage Bridge, number two, the Department is undertaking a survey of the area to determine the feasibility and possible location of a future causeway to replace the present structure. However, as this bridge is structurally safe for traffic it would be some time before a decision is reached regarding replacement of the bridge.

As yachts and other craft would enter the passage via the larger bridge there is no need for concern that any future plans will interfere with the passage of yachts or other craft through Lennox Passage.

Yours very truly.
A GARNET BROWN

****

The Isle Madame Board of Trade have also been in touch with the Department of Fisheries, at Ottawa in regard to stocking our lakes and Mrs. Shaw the Secretary of the Board has received the following letter from the Fisheries Department:—

Halifax, N. S., April 13, 71

Mrs. V. M. Shaw,
Secretary,
Isle Mdame Board of Trade,
Arichat, Nova Scotia.

Dear Mrs. Shaw:

Your letter to Mr. Davis, Minister of Fisheries and Forestry, regarding stocking of lakes in the Isle Madame area, has been referred to Regional Office for reply.

It is unfortunate you feel that lakes in the Isle Madame area are not sufficiently stocked. Perhaps if I explain the Department's total program as it relates to stocking public waters it would help you understand why the numbers of fish available for distribution have been reduced and our selection of waters much more restricted.

We have reduced the number of both Atlantic salmon and speckled trout that are produced by about 75%. However, we now aim to liberate 60% of our salmon as smolts and 75% of the trout as late fall fingerlings or spring yearlings. In a normal year of good growth, most of the fall trout would be at least 4 inches long and spring yearling 7-inch fish. Research has shown that the larger fish have a much better chance of survival and will make a greater contribution to the fishery. Our hatchery managers have been instructed to concentrate the distribution of trout to suitable lakes and streams that are heavily fished and readily accessible to the public. Isolated lakes and streams that are not heavily fished are considered to be self supporting and have been removed from our stocking lists.

Each year our hatchery managers hold a meeting with representatives of the Fish and Wildlife Associations, Fishery Officers and other interested sportsmen to discuss the waters in his district. This is done primarily to involve the local people in identifying the more productive lakes and streams in their area. I will ask Mr. Raymond Peverill, Manager of the Margaree Fish Culture Station to inform you when the next distribution meeting will be held and I hope you can arrange to have a representative of the Isle Madame Board of Trade present.

Yours truly,
R. E. H. Macdonald
C. P. Ruggles, Chief
Resources Development Branch
Maritimes Region.

Mrs. John F. Murray

Mrs. John F. Murray, the former Thelma Dort, daughter of Mrs. Minnie Dort and the late William Dort of West Arichat, passed away at St. Anne Hospital, Arichat, on April 20th after a long illness. She was in her 48th year.

A resident of Cape LaRonde, she is survived by her husband and one daughter, Mary Elizabeth; also her mother, Mrs. Minnie Dort; sisters, Mrs. Alice MacRae of West Arichat; Mrs. Mildred Murray of Port Hwkesbury; Lila and Edith.

The remains rested at the Dort residence in West Arichat, where a short service was conducted by the Rev. C. A. MacMillan, who also conducted the funeral service at St. John's Anglican Church, Arichat, with interment in the Parish Cemetery, where the Rector also conducted the service at the grave.

Mrs. Murray was highly regarded by neighbours and friends. The many floral offerings, Cards of Sympathy and other expressions, of condolence attested to the esteem which was held for the deceased.

Mrs. M. J. Bourinot, presided at the organ. Hymns sung were: "The Lord's My Shepherd" and "Nearer My God to Thee."

The following were pallbearers: Leighton Amey, Lennox Mauger, Stanley Diggdon, Hugh Buchanan, Wayne Mauger and Fred Mauger.

We extend sympathy to the bereaved husband, daughter; mother and sisters in their hereavement.

Tips For Motorists To Remember

Have you ever noticed how carefully many drivers operate their vehicles after they have accumulated points? The Nova Scotia Highway Safety Council says, why not drive carefully all the time and you won't have to worry about points.

*****

Here are a few tips from the Nova Scotia Highway Safety Council for motorists, who drive in the rain. First, Check your wipers. Second, Watch the condition of the road surface, it's probably very slippery. Third, Turn on your low beam lights so that others can see you. Fourth, Beware of deep puddles. Water can stop your engine and also effect your brakes. Fifth, Slow down. These simple precautions cost nothing and could save your life.

R. Bour. No. 6	16	73	32
St. Peter's No. 7	5	77	48
Red Islands No. 8	4	82	19
Grand River No. 9	0	34	89
L'Ardoise No. 10	13	176	90
West Arichat No. 11	124	8	22
Loch Lom. No. 12	3	38	24
Framboise No. 13	3	32	45
Petit de Grat No. 14	16	71	7
	320	909	609

The foregoing election figures gives the returns of a Federal Election in 1887 for the County of Richmond. These returns were taken from a diary kept by the late Colin LeLacheur, of West Arichat and kindly loaned to us by Mrs. Alice MacRae, (Dort), of West Arichat.

The candidates were: Abraham LeBlanc, Independent Liberal; E. P. Flynn, Liberal and Henry N. Paint, Conservative.

At that period only male voters had the right of franchise and as one can see only 1,838 votes were cast in that particular election.

The Hon. E. P. Flynn, was considered one of the ablest platform orators in Canada. In the House of Commons his eloquence, was referred to on many occasions. He was a native of Arichat and of Irish descent. In later years he was appointed Collector of Customs at the port of Arichat, a position he held up to the time of his death. A son the late Charles Flynn held an important position in the Canadian Customs, in Montreal for many years.

The late Mrs. D. H. Campbell of Arichat, was a daughter of the late E. P. Flynn.

The late Capt. Abraham LeBlanc was a prominent resident of West Arichat and according to the vote in that district, must have been a very popular man. He offered in this election as an Independent Liberal. Capt. LeBlanc was of Acadian origin. A grandson, Rudoplh LeBlanc, a merchant at West Arichat, resides in the spacious LeBlanc residence.

Henry N. Paint, was a resident of Point Tupper and was of Gurnsey origin. He also represented the county in the House of Commons. The Paints operated a large business at Port Hawkesbury for many years. The large store formerly occupied by the Nova Scotia Liquor Commission is still in use.

Mr. Paint had high hopes for Point Tupper, during his lifetime and to prove his faith in the area had streets laid out, the names of which we believe are still in existence. The dreams of this late gentleman were well founded as the Industrial complex takes on greater proportions every day in the area loved and envisioned by the late Henry N. Paint.

STUDENTS AND TEACHERS FROM ST. PETER'S TO VISIT QUEBEC

ST. PETER'S—Sixty grade twelve students from St. Peter's District High School will visit Quebec City later this month as part of a project called "Discover Canada."

The group plans to leave May 20 by Canadian National, and will spend four days in the Quebec provincial capital as guests of local French-speaking high school students.

While in the city, the Nova Scotians will be accommodated at Laval University.

Out of a project budget of $4,000, the students themselves raised some $1,400 by organizing such fund-raising activities as a walk-a-thon, food sales, and a coffee house.

The Travel and Exchange Branch of the Department of Secretary of State provided a grant of $2,600. This grant was secured through the efforts of Hon. Allan J. MacEachen, President of the Privy Council and M. P. for Cape Breton Highlands-Canso.

The group plans to return to St. Peter's on May 25.

Screen Education And The Classroom Program Outlined

By Clifford E. Edwards
Inspector of Schools

In preparing youth for living in today's and tomorrow's society, our schools must do two things—

1. Help boys and girls to understand themselves, and teach them how to get along with others—family, relatives, friends, and all with whom they associate in work and play.

2. Help boys and girls to discover truth—to discern between that which is true and that which is false, and to help boys and girls establish values.

No structured program can do this more effectivey than Screen guage of the screen—picture and Education—the study of the lansound.

The language of picture and sound is the language of today's society. It is the principal language with which we communicate with our young people.

There is no question but that the education received by youth through the medium of T/V and film surpasses that obtained through elementary and secondary education combined.

The impact of T/V on the public mind is equal to or greater than that of any other medium—and is a heavy factor in molding the character, attitudes, and behavior patterns of our young people.

The advent of Screen Education in our Canadian schools is relatively new. Not so, however, in countries throughout the world.

Over 100 educators from 22 countries gathered in Vienna in 1966 for a Conference on Screen Education. The first Conference of this kind was held in Oslo, Norway in 1962. It was my good fortune to be at both Conferences.

The schools of Ontario have pioneered the development of Screen Education in this Country. The program is now in full swing in that province, where the media are used to "transcend subject disciplines." Ontario has Screen Education Directors, Media Specialists, and Screen Education teachers by the hundreds. At the June '69 Conference which I had attended in Toronto, approximately 500 were registered, the majority of whom were Screen Education teachers. A similar Conference held in Ottawa in February limited the registration to 400.

A Screen Education Summer School for teachers began in the mid '60's, is now held annually at McGill University. Screen Education workshops are now common throughout Canada.

In Nova Scotia we are just beginning. The Clark Rutherford School, C.F.B. Cornwallis, has gained the distinction of being the first school in Nova Scotia to develop a Screen Education Program to the extent which it has. Indeed we are proud of this development. The films which are made by the children of the School are actually essays in the language of picture and sound. In this instance the children with their Producers, Directors of Sound, Photography, Lighting, Script Writers, etc., learn by doing. This is good education. They are living what they learn.

The second part of the Screen Education involves Film Study. Through the medium of the film every kind of human problem, every emotional experience, can can be brought into the classroom for frank discussion and evaluation. From their viewing, discussion, and evaluation, boys and girls relate themselves. Have I that problem? Might I make the same mistake? How can I control this emotion? This kind of program offers a new dimension to education. Screen Education can do more than any other program to make education relevant to the needs of youth today. The program deals with the emotions and feelings, the relationship between one feeling and another, both in oneself and between self and others.

Canadian National Railways had on hand as of December 31, 1970, 2,048 diesel electric units, 18 electric locomotives, 100 generator units, 15 booster units, 75,265 box, flat and stock cars, 4,780 refrigerator cars, 26,621 gondola and hopper cars, 3,274 caboose and other cars.

FOR BETTER WELLS

The average well can be Drilled in a day.

You Can Do It

Q. Is there a type of concrete paint I could use on my basement floor that wouldn't create a problem if I decide to lay tile later on?

A. Yes. A rubber based paint called Colortread is specially formulated as a one-coat, fast-drying concrete paint. Floor tile can be laid over it without any special treatment if you use the commonly available emulsion type adhesive when tiling.

No Primer Necessary

This paint primes and finishes in one coat, drying to a high gloss. The rubber content makes it highly waterproof so it seals out dampness on floors and concrete block walls.

Q. Do you have to neutralize the concrete with chemicals before using this paint?

A. No surface neutralizer is necessary. There is no chemical reaction to the alkali salts in concrete. Aside from making sure the floor is as clean and dust free as possible, there are no preliminary steps you must take before painting with Colortread. Once down, it stops dusting of concrete and provides a glossy, washable surface. This makes it particularly appropriate for use on concrete as it can be hosed down in minutes. If I were putting it on porous concrete I'd use two coats to be sure I had a complete cover and a high gloss finish. One imperial gallon covers approximately 400 sq. ft.

For information on concrete paints write to Tom Tremfix, The Tremco Manufacturing Company (Canada) Ltd., 220 Wicksteed Ave., Toronto 17, Canada.

MOTOR VISITORS

Sylvester Whalen of Halifax accompanied by his brother, Charles Whalen of Port Richmond were recent business visitors to Arichat.

Properties owned and occupied by these men have been taken over in the Industrial Park area of the Strait of Canso. Since disposing of their properties, Charles has purchased a dwelling at St. Peter's and Sylvester is anticipating on buying a property on Isle Madame.

Many families in the Industrial Area of the Strait of Canso have moved to new locations and the familiar names of Port Richmond, Port Malcolm, MacPherson's Ferry and others will disappear with the Industrial growth of the area. These names no doubt will remain on coastal charts marking these familiar points along the coast.

Industrial growth brings its changes and rightly so, however, we trust that the residents who lived along this peaceful shore will continue to enjoy every happiness and prosperity in their new abodes.

BIRTH—Born to Mr. and Mrs. Arthur George, Rocky Bay, at St. Anne Hospital, on April 26th, a daughter—Brenda Lee.

———:o:———

Mrs. Julia Petitpas

Mrs. Julia Petitpas of Poirierville, passed away recently at Spring Garden Villa, Sydney, at the age of 95 years.

She is survived by three sons and three daughters by her first marriage: Dan Bonin of East Boston; Leonard A. Bonin, of D'Escousse; George Bonin of Boston; Mrs. Ida Cordeau, Boston; Mrs. Gladys Doyle, Boston and Mrs. Gladys Doyle, (Lena), of Moncton, New Brunswick.

Funeral took place at St. Hyacinth's Church, with Rev. Father James Mombourquette, as celebrant of the Mass.

Interment in the Parish cemetery.

C. A. Boucher was in charge of funeral arrangements.

Mrs. Florence Boudreau

Mrs. Florence Boudreau, widow of the late Harry T. Boudreau, of Petit de Grat, passed away at St. Anne Hospital, Arichat on April 25. She was in her 69th year.

The late Mrs. Boudreau, was a daughter of the late Mr. and Mrs. Sylvester Samson, of Samson's Cove.

She was a highly regarded resident of Petit de Grat where she spent the greater part of her lifetime.

Her husband a World War I veteran predeceased her several years ago and for some years was lightkeeper on Green Island.

She is survived by three sons and two daughters: Mrs. Doug Shaw (Viola), Arichat; Mrs. Abe Jabalee (Leona) North Sydney; George, Nectair and Cyril; four sisters, Alvina; Mrs. Charles Marchand, (Juliette), of Petit de Grat and Mrs. D. J. Thomas, (Marion) of Louisburg; four brothers, Henry, Francis and Colin Samson, all of Samson's Cove and Joseph Samson, of Petit de Grat.

The funeral which was largely attended took place at St. Joseph's Church with Rev. Father Arsenault as celebrant, with the following Clergy in attendance: Rev. Felix Boudreau, Rev. Dan Doucet, Rev. James Mombourquette, Rev. John MacDonald, Rev. C. P. Girroir and Rev. A. P. Poirier.

Interment was in the Parish cemetery.

We extend our sympathy to the bereaved sons and daughters.

———:o:———

KILLED IN ACCIDENT AT TORONTO

Delmer Ferguson Jr., in his 30th year was killed in a motor accident over the week-end at Toronto. He is a son of Mr. and Mrs. Delmer Ferguson, also of Toronto.

Mrs. Ferguson is the former Theresa Goyetche, of Arichat, a daughter of the late Mr. and Mrs. George Goyetche of Cape Auguet.

We extend our sympathy to the bereaved parents and family.

———:o:———

VISITING IN MASS

Mr. and Mrs. Arthur Bourque returned to their home in Poulamon, after visiting their many friends and relatives in the State of Massachusetts, where they both resided for over 40 years before retiring to Nova Scotia.

This news item was sent from a Boston subscriber, who stated: "We were so pleased to see them after five years absence."

MAKING CHANGES IN OUR PLANT FOR NEW FORMAT

We are in the process of making changes in our printing plant and the next issue of the Record will be in the tabloid format, however, this will take another few weeks before the new press is ready for production and we do hope our changes will be well received by our readers.

We solicit your contributions to our columns, whether it be social, county, local or controversial news. Letters to the editor will be accepted, provided they bear the signature of the writer.

We will once more adopt the motto of the Record which appeared under the heading of this newspaper when our late father established it 74 years ago—"Pledged Both To Truth, to Liberty And Law; No Favour Wins Us And No Fear Shall Awe."

Editorial comment will attack issues vital to our economic and social life and solely in the interest of the public..

Our printing department will continue to look after our patrons, both in our Letterpress and Offset Departments.

WEDDING

BOUDREAU—DOREY

WEST ARICHAT—The Immaculate Conception Church here was the scene of a pretty wedding of interest to relatives and friends on Saturday at 4 p.m., when in a double ring ceremony, marriage vows were exchanged between Zita Mary, daughter of Mr. and Mrs. Willie Dorey and Thomas Abraham son of Mr. and Mrs. Peter Boudreau, both of this place. Rev. Fr. A. Doucet performed the double ring ceremony and officiated at the Nuptial Mass. The guest pews were marked with sprigs of lily of the valley tied with white satin bows. Douglas Clorey was organist and rendered appropriate marches on entering the church and at the signing of the register. The radiant bride given in marriage by Francis Dorey was attractively attired in a street length dress of pure white imported Swiss lace of A-line style with a close fitting bodice and long tapered sleeves. The round neckline and front of the dress was trimmed with sequins and pearls. The very full skirt showed a bustle effect at the back and this fell into a chapel train. The shoulder length veil of layered tulle illusion in graceful folds was held in place by a heart shaped crown trimmed with sequins and pearls. She carried a bouquet of red sweet-heart roses, with white gladiolii and maiden hair fern. Mrs. Edward Forgeron sister of the bride acted as mtron of honor, wearing a floor-length gown of deep imported velvet, styled in A-line skirt and empire waist, with long tapered sleeves. Her head dress consisted of tiny white flowers interspersed throughout her hair. She carried a nosegay of pink and white carnations. She wore white accessories to match. Francis Boudreau brother of the groom was best man. Following the ceremony a reception was held at the Knights of Columbus Hall with the ladies of the parish catering. Wedding bells with pink and white ribbons were used in decorating. In the receiving line with the bridal party, the mother of the bride wore a navy blue two piece suit with black accessories to match. She wore a corsage of white rosebuds. The mother of the groom choose a green brocaded dress, wearing black accessories and a corsage of white carnations. The bride's table was nicely appointed laid with silver sittings and centered with a three-tier wedding cake topped with a miniature bride and groom. A toast to the bride was proposed by Rev. Fr. A. Doucet and responded to by the groom. After the newlyweds placed the knife in the wedding cake, it was apportioned to the guests by the caterers. During the evening guests enjoyed various musical selections nd dancing. The many gifts received were opened and displayed, which included many valuable items and gifts of money.

Previous to their marriage a bridal shower was tendered at the home of her sister, Mrs. Edward Forgeron. The happy couple left on a honeymoon to Sudbury, Ont. The bride choose a green pant suit with dainty bows at the neck and sleeves and a corsage of yellow roses for travelling. We join with their many friends in wishing them many years of happiness.

Hello again! I am pleased to be back with more Baking Banter especially for you from Dover Mills, the Atlantic Provinces' only flour mill. And we do appreciate the requests of so many of you asking us to resume our column.

Over the past few months, we have put together additional baking information, which we hope will be a useful supplement to your baking files.

Perhaps, if you haven't kept your reference file up to date, right now is the time to make a good start by clipping this, the first in the series of new columns.

During the following weeks, you can look forward to features on new recipes as well as a host of baking tips. There will be special items on entertaining, foods of seasonal interest and some surprises too!

By the way, you can still complete your set of 30 plasticized recipe cards. Just look for the specially marked 5, 10 and 20-pound bags of Dover All-Purpose Flour.

If you would like to drop me a note, with an inquiry or a suggestion for Baking Banter, I would appreciate hearing from you.

See you next week. In the meantime—Happy Baking!

Dogs Create Havoc With Deer Herd

The Department of Lands and Forests is concerned about the number of dogs frequenting wooded areas of the province often creating havoc with deer populations.

The department's deputy minister, Robert Burgess, said recently that dogs have been recognized for some years as being an important factor in deer mortalities. Reports received from sportsmen, land owners and other persons about dogs harassing and molesting deer have become frequent in recent weeks and steps must be taken to combat the situation, the deputy minister said.

Domestic dogs ranging from seemingly harmless "iap" dogs to larger breeds kill hundreds of deer every winter and spring in the woodland areas of the province. Anyone who doubts that dogs chasing and killing deer is an important wildlife problem, should talk to rangers who see the results first hand, Mr. Burgess said.

The deputy minister stated that regulations stipulate that no owner of a dog shall permit the dog to run at large at any time in a locality where moose and deer are usually found. Penalties for violation of this regulation include a fine ranging from $100 to $300 in addition to the possibility of having the dog shot by any person, should it be found chasing or pursuing moose or deer.

Mr. Burgess said dog owners could make an important contribution towards maintaining the status of deer by keeping their friends under control so that deer and moose remain unmolested in their natural environment.

———:o:———

If cars are piling up behind you or trying to pass it's obvious that you are holding up traffic. The Nova Scotia Highway Council says it makes good sense to permit passing or speed up to normal flow. To do otherwise is not only a display of bad manners but downright dangerous to everyone.

NEW TAVERN

A new tavern is nearing completion at Louisdale and is located on the former site of the Harbor View Garage.

We understand the tavern will be modern in every respect and the interior when completed is designand the opening should be announced shortly.

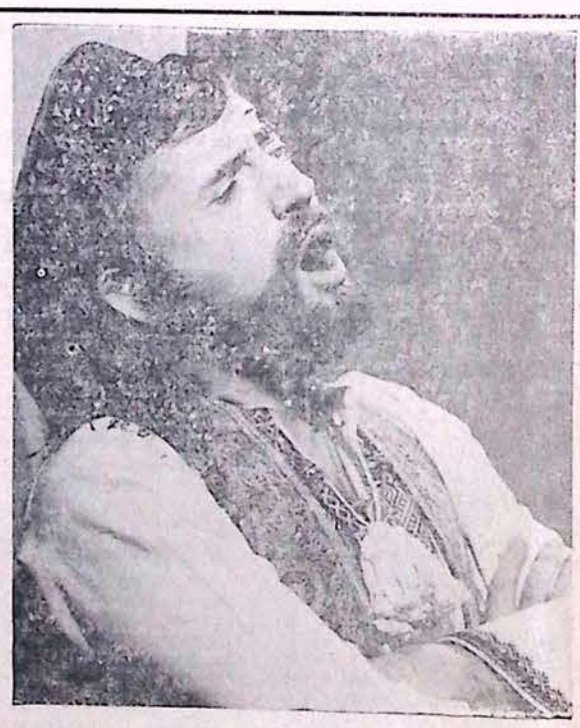

James Landry of Louisdale is the proprietor and expects to open this modern tavern shortly. James previously operated the Fina Gas Service and Garage at Grand Anse.

CN APPOINTMENTS — D.W. Blair, left, former general manager of Canadian National's Atlantic region, has been appointed regional vice president. He succeeds J.W.G. Macdougall who has been named executive vice president of the system. Mr. Blair will be responsible for all CN rail, highway and marine operations in the Atlantic provinces east of Riviere du Loup and Joffre, Que. G. Roy Boulet, right, has been appointed regional general manager filling the opening created by Mr. Blair's appointment. Mr. Boulet is a former manager of CN's Chaleur area and has been regional manager of operations since 1968.

Doris Brott, mod motorcylist and maverick maestro of the Hamilton Philharmonic, plans to get the 'serious' out of serious music and close musical generation gap with—BROTT TO YOU—a 90-minute musical experience on CBC Radio, involving the listener in the why's and wherefore's of music, Sunday's at 2:30 pm. (Tuesdays at 8:00 pm on the CBC-FM Network).

Music in the European manner is becoming increasingly popular with Canadians. Part of the reason is CBC radio's Continental Holiday, heard Sundays at 1:30 pm EDT on the CBC Radio network. Ivan Romanoff, his Orchestra and Chorus and guest artists perform the haunting folk music of Europe. Joso, shown here, is a member of the Chorus, but is featured as a regular soloist. A classically trained tenor, he can sing in many languages. The Chorus as a whole can sing in 44 languages.

Wayne and Shuster will come in doubles during the merry month of May which translated means their fans will have another chance to watch their favorites on CBC-TV on May 30 the boys will have Mary Lou Collins as their guest.

West Arichat News

Mrs. Ronald Grenier was a visitor at the home of her parents, Mr. and Mrs. Joseph LeJeune.

Wilfred Babin visited his son and daughter-in-law, Prof and Mrs. John Babin at Antigonish, recently.

Mr. and Mrs. Thomas Shabeen and family, Sydney, were recent visitors at the home of her mother, Mrs. Emelie A. Covin.

Wilfred Poirier has left for Baie Comeau, to resume his duties on the waterfront at that port.

Mr. and Mrs. Wilfred Poirier attended the ceremony of the christening of a grand-daughter, born to their son and daughter-in-law, Mr. and Mrs. Conrad Poirier. The ceremony took place on Easter Sunday morning at St. Ninian's Cathedral at Antigonish.

MRS MARGARET LeBLANC

Mrs. Margaret LeBlanc, of Martinique, a highly regarded resident of that place, passed away at St. Anne Hospital, Arichat, after a brief illness. She was 81 years and is survived by three daughters and two sons: Clifford and Willie at home; Jeannette (Mrs. Mellish), Dorothy, (Mrs. Joseph Shannon) and Lida all of Halifax.

The funeral service was held at the Immaculate Conception Church, West Arichat of which she was a devout member. Rev. Father A. Doucet was celebrant with Rev. Father Mombourquette assisting. Interment was in the Parish Cemetery.

Funeral arrangements by C. A. Boucher of Arichat.

Sympathy is extended to the bereaved sons and daughters.

*****

HYACINTH BURKE

Hyacinth Burke in his 94th year passed away at St. Anne Hospital, Arichat.

A native of River Bourgeois, the late Mr. Burke for many years was handicapped by deafness and total blindness. which was borne with fortitude and patitnce. He is survived by his wife Mary who tenderly cared for him during his illness. A brother passed away several months ago.

The funeral took place at the Immaculate Conception Church, with Rev. Father A. Doucet officiating at the church and graveside.

Interment in the Parish cemetery.

C. A. Boucher of Arichat was in charge of funeral arrangements.

Sympathy is extended to the bereaved wife.

Mr. Handy Man

By TOM TREMFIX

Q. Is there a way to keep rust from spreading on exterior metal surfaces without sanding down to bare metal, priming, using a rust preventive, and then repainting?

A. Yes, there's a rust fighter available that is effective on both rusted or non-rusted metal. It can be used without a primer and and doesn't require sanding before use. Since it comes in 10 colours including black and white, it also acts as the finishing paint.

Spray Or Paint

If you have decorative wrought iron garden furniture, the kind with lots of fancy curlicues, you know what a problem it presents when it begins to show rust damage.

A simple way to take care of this is to give it a coat of the rust preventive Tremclad in aerosal form. The fine spray gets into all the convolutions of the wrought iron faster and easier than if you try to brush it on. If the furniture is badly rusted and showing scale. I'd suggest you wire brush it to remove the scale, then spray.

However, if you're going to protect a metal railing or children's play equipment, you'd probably apply it with a brush because your target area is smaller. It's available in brush or aerosol form.

Battling rust used to be a year 'round chore, but an application of this rust preventive with all the tedious preparatory steps eliminated, sure simplifies life for the home handyman.

For information on rust preventive paints write to Tcm Tremfix, The Tremco Manufacturing Company (Canada) Ltd., 220 Wicksteed Ave., Toronto 17, Canada.

Fish Landings For March

The Maritime Regional Office of the Federal Department of Fisheries and Forestry reports that total fish landings in the Maritime Provinces during March 1971amounted to60.3 millon pounds, valued at 3.3 million dollars. The March landings included 24.4 million pounds pelagic and estuarial species valued at 924 thousand dollars.

The quantity and value of the month's catch were above the March 1970 landings by 12.4 million pounds and 396 thousand dollars. TheMarch fish landings were also above the three year 1968-1970 average by 3.8 million pounds and 110 thousand dollars.

During March, the landings of all major species, with the exception of redfish, hake, herring and smelts, were below the 1968-1970 March average.

During the month, fish landings by trawlers and draggers over 70 feet in length amounted to 21.8 million pounds. The catch by these vessels represented 87 percent of the groundfish landings and 99 percent of the scallop landings.

The cumulative landings of the first three months of 1971 amounted to 166.5 million pounds valued at 7.7 million dollars. Statistics for the similar period of 1970 were 122 million pounds valued at 6.8 million dollars and for 1969, 151.1 million pounds valued at 9.4 million dollars.

PROFESSOR WINS COUNCIL GRANT

Professor Brian Tennyson, who teaches Canadian History at Xavier College, Sydney, has been awarded a Canada Council grant which will support his research into the career of John Bourinot, M.L.A.

Prof Tennyson is concentrating on the period between 1864 and 1867 when Bourinot represented Cape Breton County; relating that period of the M.L.A.'s life to his association with Confederation.

Prof. Tennyson's studies will be carried out in Halifax, Ottawa and Toronto during the summer.

—Cape Breton Post

The federal government paid $30.2 million in 1970 to Canadian National for operation of the Prince Edward Island ferry service. This compared with $28.1 million a year earlier.
