E. C. DOYLE, OF ARICHAT

A Former Clerk-Treasurer Dies In Sydney

(The following account of the passing of the late Edward Charles Doyle, of Arichat, was taken from the "Scotia Sun", of Port Hawkesbury. An editorial to the memory of our departed friend will also be found in this issue.—Editor.)

ARICHAT - E. C. Doyle of Arichat, well known throughout the province but especially in Richmond County died on Sunday morning at Spring Garden Villa in Sydney, Nova Scotia at the age of 89.

He was born in 1882 at Poulamond, the son of Edward Doyle and Matilda Doyle. He learned the building contracting business from his father and later studied building engineering and drafting at St. F. X. University. He attended Maritime Business College in Truro where he studied accounting. He attended night classes in the United States but continued his self education throughout his lifetime.

During his early contracting years in Nova Scotia, he alone and sometimes he and his father together built many buildings such as the municipal buildings at Arichat and St. Peter's, the old Federal Building in Arichat, the churches at West Arichat and Petit de Grat, major buildings at Sydney, Port Hawkesbury and elsewhere. He rebuilt the old Catholic church at Arichat.

Mr. Doyle was a Labour candidate for the House of Commons in 1921. He spent the next seven years in the building contracting business in Burlingain, Santa Monica and San Francisco, California, buying land, building houses and selling complete units.

He was asked by the Richmond County Liberals to return to Nova Scotia in 1928 to contest the Richmond County seat against the popular late Dr. B. A. LeBlanc who had held the seat for over 15 years. Mr. Doyle won and was the MLA for Richmond County from 1928 until he resigned his seat in 1930 to contest the Inverness-Richmond Cape

Breton West Federal seat as the Liberal candidate. The late Senator Dr. Jack MacDonald of St. Peter's was the victor this time. It was Mr. E. C. Doyle who first brought up in the legislature of Nova Scotia, the idea of the Fleur de Lis drive from Port Hawkesbury through Port Malcolm and Whiteside to Louisdale through L'Ardoise, Grand River, Forchu, St. Esprit, Gabarus to Louisbourg to open up all this country.

In 1935 Mr. E. C. Doyle was appointed Municipal Clerk Treasurer for Richmond County, with special powers because the county was in a crisis. Through economy, collection of back taxes and cancellation of some of Richmond County's debt by the Provincial government, the County emerged to a stable financial position. Shortly afterwards Mr. Doyle took on the job of tax collector at no extra pay and continued in both capacities until 1960. In addition he also carried on the duties of secretary of the Municipal School Board for many years. During all these years and until his retirement Mr. Doyle enjoyed the confidence, co-operation and support of the many councillors who served.

Mr. Doyle was one of the small number of citizens who organized the Isle Madame Hospital, served on the first board and was the second president of the board. Mr. Doyle was an organizer of and the first president of the Isle Madame Board of Trade. He was keenly interested in Agriculture and believed that the best life for an individual and for a country was one closely connected with the soil as the source of food directly and indirectly. He practised what he believed and always maintained a small farm with animals. He took a keen interest in horse racing and owned and raced several horses. He was the first president of the Richmond County Agricultural Society.

Mr. Doyle was a past president of the Richmond County Liberal Association.

Mr. E. C. Doyle is called by his many friends, Mr. Richmond County.

Mr. E. C. Doyle was first married to Florence Boutin of West Arichat who died in 1921, three years after marriage and is survived by one son, Edward, of Truro. He was married in 1926 to Evangeline Gagnon of Arichat. Children of this marriage surviving are; Paul in Arichat, Frank in Edmonton, Alberta; George in Bridgewater; Margaret in Lexington, Kentucky and Sister Monica in Dalhousie, New Brunswick. In 1963 he married the former Ida Boudreau of Arichat who survives him.

The Funeral was held on Tuesday from his residence at Arichat to Assumption Church, Arichat, where Mass was co-celebrated by by Rev. A. P. Poirier, Rev. Conrad Gerrior and Rev. John Kyte. Fr. Kyte, an old friend preached the homily.

In Search Of Canada

Stories of three remarkable women—Dr. Isabel Stevenson of Calgary, Miss Laurie Charleson of Toronto and Mrs. Myra Bennett of Daniel's Harbour, Nfld.—are among the highlights of the new Reader's Digest book "In Search of Canada."

Dr. Stevenson, an anesthetist, describes "the joyous feast of family" she shares with the children she adopted despite being unmarried. Miss Charleson, as a consultant for the Province of Ontario, pioneered radically new ideas for finding homes for "unadoptable" children. Mrs. Bennett—"The Indomitable Nurse Bennett"—has given 50 years of devoted service to people along the rugged northwest coast of Newfoundland.

"In Search of Canada" contains 50 stories. Those of Dr. Stevenson, Miss Charleson and Mrs. Bennett are in a section entitled "To Some Good Purpose"—from a quotation by Dr. Wilder Penfield: "My own prescription is to live life to some good purpose, live it dangerously if need be, but with all one's strength and common sense". Other Canadians in this section are five outstanding doctors and such men as conservationist Jack Miner, Commonwealth Secretary-General Arnold Smith, Lord Beaverbrook, Lord Thomson, Newfoundland's, Joseph Smallwood, artist Fenwick Lansdowne and the Rev. Dr. James J. Thompkins, a pioneer of the world-famous Antigonish Movement.

Isabel Stevenson says that whatever she has done for her adopted children, "they've done far more for me." She finds friends and relatives are happy for her and her children "because we're happy. But we could all do without those patronizing people who, seeing me kiss my girls good night, exclaim, "You're just like a real mother! 'After all, childbearing is merely a biologic act; most women can manage it in nine months. To be a 'real' mother, natural or adoptive, takes years of patient, loving care."

Laurie Charleson, now retired, scoffs at descriptions of herself as a miracle worker. "There's no such thing as an unadoptable child," she says. "If a child in our care stays homeless, it's our own fault." Her approach to the problem of finding homes for "hopeless" children was simple: face the problem, make it less severe by sharing it, use all the mass media help you can get—and let human nature do the rest. The Charleson techniques, including "Today's Child," a newspaper feature about children in need of homes, worked so well in Ontario that it has been picked up in other provinces and American states.

Myra Bennett is another living legend. Coming from England in 1921, she settled in the fishing hamlet of Daniel's Harbour and became the only medical help along 200 miles of storm-swept Newfoundland coast. Everything she'd learned as a nurse she put to use, writes H. Gordon Green "She delivered babies, set broken limbs, performed kitchen-table operations by lamplight and sutured and dressed wounds of every description. She brought some 3,000 babies into the world." Long after northwest Newfoundland got doctors, people still went to her. Green quotes one: "If Nurse Bennett told me there was nothin' she could do for me I wouldn't bother no doctor nowheres. I'd just fetch me straight to the undertaker!"

"IN SEARCH FOR CANADA" is available from Reader's Digest, 215 Redfern Avenue, Montreal 215, Que., at $11.97 plus postage and handling charges.

Letter to the Editor

FROM MARITIME
CO-OPERATIVE
SERVICES LTD.

The Richmond County Record.

Dear Mr. Editor:

Some of the reports on the new Federal Tax Bill have indicated that Co-operatiives aren't going to be required to pay any Income Tax. This of course, is not the case.

Co-operatives will continue to pay income tax at corporate rates on the earnings made from business done with non-members customers.

On earnings made from business done with members, Co-operatives will pay tax at corporate rates on any portion which is placed in reserves instead of being allocated back to the members as patronage rebates.

Farmers and fishermen whose personal incomes are large enough to be taxable, will continue to pay income taxes on patronage rebates from Co-operatives which process and market their products.

The new Federal bill makes it mandatory for Co-operatives to pay part of the tax in advance in those cases where the patronage rebate is more than $100.

In addition to income taxes, Co-peratives pay the same property taxes, business taxes, sales taxes, etc., as any other business.

We belive that the new Federal Tax Bill gives no special advantages to Co-operatives. A Co-operative is essentially the same as a partnership, and its earnings are taxed in much the same way.

If it had been left as it was originally written, the new Federal tax legislation would have been unfair to Co-operatives and Credit Unions. We therefore requested that it be amended and our request was granted. We are pleased that our stand on this matter was supported by all four political parties in the recent debate in the House of Commons.

Yours very truly,
KEITH RUSSELL,
Manager, Public Relations Dept.

Edward Charles Doyle

Elsewhere in this issue appears an account of the passing of the late Edward Charles Doyle and the part he played as Municipal Clerk and Treasurer of the County of Richmond as well as many other accomplishments undertaken by this dedicated gentleman during his lifetime.

We were closely associated with the late Mr. Doyle, when we served on the Municipal Council for 18 years, 12 of those years as Deputy Warden. We learned to appreciate and respect the high principles of the late E. C. Doyle, a man who expressed his views, without fear or favour and in return respected the views of those who opposed him, if their arguments were of a sincere nature.

His long term of office was "no bed of roses", and in his position as Adminstrator of the Municipality, he opened up every avenue whereby the County of Richmond would profit. One of his first objectives was to have the Municipality relieved of $75,000.00 of a $150,000.00 Provincial debt. This was accomplished through the joint efforts of the late Hon. L. D. Currie, the Clerk, Warden and Councillors at that time, however, before this could be granted, the Department of Municipal Affairs brought in recommendations that were approved by Council, over a period of five or more years. The late Mr. Doyle complied with the recommendations, and the end result saw the Municipality emerge from its financial difficulties. Sacrifices had to made and here Mr. Doyle was the first to give his services as a Tax Collector at no extra cost. We can recall Councillor Dan Shaw of Loch Lomond, presenting a motion to raise Mr. Doyle's salary by $200. This motion was unanimously adopted by Council, however, Mr. Doyle felt that he should not accept the raise at that time. Councillor Shaw and many other Councillors were of the opinion that the amount of $200 per year was a very small raise, in view of the services rendered by Mr. Doyle. We were happy to be one of the Councillors favouring that motion.

Many changes have taken place in Municipal administration in recent years, but it can be truthfully stated that the late E. C. Doyle's contribution to this County, will remain as an historical memento to one who gave so much of his time and ability to bring his native County back to economic stability.

Always interested in public affairs, the late E. C. Doyle, was for some years President of the Richmond County Agricultural Society, and he together with the Rev. Geo. A. Andrew, of Arichat and the late Rev. Father Robitialle, of West Arichat, brought the first County Farmers Exhibition to Arichat which took place on alternate basis between Arichat on the Island and St. Peter's on the mainland and continued for a few years. All the directors of the Exhibition were men interested in farming. Every winter in the early 1920's a Poultry Show took place in Arichat at which the late E. C. Doyle captured top honors for his Plymouth Rock exhibits.

For some years prior to accepting the position of Municipal Clerk and Treasurer, the late Mr. Doyle engaged in the building contracting business. At Mulgrave he built many dwellings and the St. Lawrence Hall; at Port Hawkesbury, he constructed several homes as well as the first Provincial Creamery in that town. At Arichat he was an associate with his late father, Edward Doyle, in the building of the Federal Building, on the lower street; renovations to Notre Dame Church; Municipal Halls at Arichat and St. Peter's.

During depression years Mr. Doyle spent some time in California as a building contractor and was quite successful, however, interested in politics and a former President of the Richmond County Liberal Association, he was requested to allow his name to appear for nomination as a candidate for the Liberal party in the dual constituency of Richmond-Cape Breton West. At the convention Mr. Doyle of Arichat and Mr. Alonzo A. Martell, of Louisbourg, were unanimously nominated and at the election defeated the Conservative candidates, Dr. B. A. LeBlanc of Arichat and his colleague from Louisbourg. This was the election of 1928 which saw the Conservatives returned with a reduced majority. Mr. Doyle's representation as an opposition member for his constituency, gained for him much support from party followers and when the next Federal Election was called, Mr. Doyle was chosen as a Liberal Candidate for Richmond and Cape Breton West. At that time he was defeated by the late Dr. John MacDonald of St. Peter's.

After retiring as Clerk-Treasurer he was given a testimonial dinner sponsored by the Municipal Council at which the Warden at that time, Byron S. Langley, acted as master of ceremonics, and spoke highly of the services rendered by Mr. Doyle. A representative of the Department of Municipal Affairs, Halifax, was in attendance and also spoke in glowing ferms of the part played by Mr. Doyle, during his long and dedicated service to the Municipality of Richmond.

We extend our sympathy to his widow, sons and daughters; also to his sisters.

December Meeting Petit de Grat Home and School

The December meeting of the Petit De Grat Home and School Association was held in the school on Monday, December 13th at 8:00 p.m., with the president, Adrian Boudreau, presiding.

The Chairmen, of the various committees, were called upon for their reports. Mrs. Alfred Fougere, reporting for membership, stated that we had 128 paid up members to date.

The guest speakers for the evening were: Mr. Carl Marsh, supervisor of English Curriculum for Richmond County, and Mr. Aubrey LeBlanc, reading specialist at the Isle Madame District High School, Arichat. These two gentlemen spoke on the various skills in language arts. They stressed the importance of parents realizing that each child has a different level of learning and will master the reading skills at their own individual speed. Mr. LeBlanc encouraged the parents to co-operate with the teachers and not to criticize them in front of the students as this tends to give the student a very poor attitude towards their teachers.

Following these very interesting talks the guest speakers answered the many questions directed to them by the members.

Since this was the December meeting Santa Claus made an appearance with the usual exchange of gifts. A very enjoyable Christmas program was put on by the Grade VI class under the capable direction of Mr. Gabriel LeBlanc.

Roll call showed seventy members present.

Cornelius Boucher Of Framington, Mass

News of the passing of the late Cornelius Boucher at the Cardinal Cushing Rest Home in Framington, Mass., was received recently by his sister and brothers at West Arichat.

He was in his 73rd year and was a son of the late Mr. and Mrs. W. A. Boucher of Arichat.

Residing in Framingham for over 40 years, the late Mr. Boucher engaged in the shipbuilding industry for several years and was a skilled craftsman. During his early life he showed great ability as a builder and mechanic and was engaged by the Portland Packing Company's plant here.

His wife predeceased him, he is survived by one daughter, three sisters; Mary, West Arichat; Mrs. Stella MacLeod, Calgary, Alta.; Rev. Sr. Denise, Long Island, New York. Five brothers, Ernest and Wilfred (Ulysse), West Arichat; Rene, Florida; Berchman, New Brunswick and Amadee, Weymouth Mass. Burial in Rockland, Mass.

We extend sympathy to the daughter, sisters, and brothers in their bereavement.

After Confederation, uniform rates were set for the prepaid mailing of letters. To discourage the old habit of just posting a letter and leaving the recipient to pay the postman, an extra charge was prescribed.

CALL ON OLD FRIEND

While on a hurried visit to our neighbouring town of St. Peter's on Chrstmas Eve, we called on our good friend, Harvey MacKenzie and it was indeed, nice seeing him, although he mistook us for the United Church Pastor, Rev. Mr. MacLeod, we soon made ourself known and strange as it may seem, this was the first time we met Harvey and we were highly impressed with his genial company and only wished we had more time to spend with him.

Harvey for the past many years contributed many poems for publication in the Record all of which were well received by the late editor and ourselves, as well as our readers.

He has now, retired in his native St. Peter's since the past few years after a long and faithful service in the employ of the Royal Bank of Canada in the city of New York.

Harvey always looked forward to the day of his retirement, when he would return once more to the peace and solitude of his native Cape Breton, of which he has composed many poems of the splendour and grandeur of its highland hills, beautiful Bras d'Or and the shores of the rolling Atlantic.

Some years ago Harvey had a book of his beautiful poems published and on enquiry he informed us that the whole edition had been sold and that he still retains one copy. This edition was well received and much favourable comment came from magazines and newspapers, among them was one from the late editor of the "Record".

The meeting of Harvey made our Christmas that much more enjoyable and to give our readers a taste of Harvey's sentiments we are republishing the following poem:

Give me those old Cape Breton hills,
Far from the fret and pace that kills
Among the lakes and the singing rills
And its glorious virgin sod;
Give me the sweep of her saffron skies,
Out where the day in its glory dies
Back where the coot and the curlew flies,
Back in the fields of God.

Out where there's never a trend or a trace
Of a shattered nerve or a pallid face,
Far from the fools in their fevered race,
Mad with the lure of wealth;
Give me those lanes and the lyric nights,
Give me those lamps with the golden lights.
Far from the flare and the blare and the sights,
Among those hills and health

—Harvey MacKenzie

Domtar May Build in Point Tupper Area

Domtar Chemicals Ltd., of Montreal is considering establishing a $30 million salt extraction industry in the Richmond County area of the Strait of Canso if construction costs can be controlled and Ottawa builds a new dock.

I. H. Groom, vice-president of Domtar Chemicals said in an interview recently officials of Domtar Sifto Salt division expect to complete their assessment early in 1972.

If the company decides to go ahead it would build at the nearby Point Tupper Industrial Park the largest eveporating plant in North America, with production of from 700,000 to one million tons annually.

A 22-mile pipeline would carry the brine from Kingsville, Inverness County, to the evaporator. Domtar has already invested $1.3 million in testing the commercial viability of brine solution mining large salt deposits it has optioned at Kingsville.

Mr. Groom said Domtar would like to begin construction here next spring, but the company's final decision hinges on whether capital costs will be low enough to ensure a viable operation and it would require the Federal Government to build a new dock on the Canso Strait.

He also intimated that if the company goes ahead with the project it would end its operations at Nappan, Nova Scotia.

Domtar has a 100,000 ton-a-year brine mining operation at Nappan employing 80 people.

Mr. Groom said that although the useful life of the Nappan operation still has some time to go, "in the long pull it would not continue to operate side-by-side with a development the size contemplated at the Strait."
